

IRA L. BARE, EDITOR AND PROPRIETOR

SUBSCRIPTION RATES. One Year, cash in advance, \$1.00. Six Months, cash in advance, \$0.75. Entered at the North Platte (Nebraska) postoffice second-class matter.

REPUBLICAN CITY TICKET.

For Mayor—LESTER WALKER. For Clerk—HARRY SAMELSON. For Treasurer—ROBT SHUMAN. For City Engineer—C. P. ROSS.

For Councilmen—First Ward—H. F. KELLNER. Second Ward—D. W. BAKER. Third Ward—L. B. ISENHART.

For Members School Board—JOHN SORENSON, E. T. TRAMP.

THE CITY TICKET.

The republican city ticket as presented at the head of this column is one which will commend itself to the voters, composing as it does men who are well known by all. In renominating Lester Walker, the convention recognized the successful efforts that gentleman has put forth in conducting the affairs of the city in an honest, economical and businesslike manner.

Harry Samelson, who has been selected as the candidate for city clerk, is a bright and straightforward young man who has spent his life in North Platte, and at present is a clerk in Tramp's grocery store on Front street. He is a brother of Charley Samelson, who for nearly three years has been in the service of Uncle Sam in the Philippines. Harry is thoroughly competent to fill the position, and being popular, is certain of election against all comers.

Robert Shuman city treasurer and C. P. Ross city engineer have both been tried in their respective positions and have not been found wanting.

For members of the board of education John Sorenson and Ernest Tramp were nominated. Mr. Sorenson has been a member of the board for three years and has proven a valuable member of that body. He should be re-elected for the reason that his services during the past three years proves him to be exceptionally well fitted for the position. Mr. Tramp is also one of our best citizens—a man who always does his whole duty, and as a member of the board would take great interest in the work. The Third ward is entitled to another representative on the board, and Mr. Tramp should be the man.

For councilmen the candidates are H. F. Kellner in the First, D. W. Baker in the Second and L. B. Isenhart in the Third. Mr. Kellner, owing to the fusion majority against him, will have a hard fight, but he is going into the canvas in an aggressive manner and says he will win. Mr. Baker has been mayor of the city and also represented his ward in the council, and this experience makes him a valuable man. Mr. Isenhart is president of the present council and has proven himself a good man for the position. The ticket is a good one and will be elected.

The name of H. M. Grimes of North Platte is being mentioned in connection with the republican nomination for congress from the 1st Sixth district. The judge has a record which is unimpaired and should he decide to enter the race he will be one of the strong candidates before the next congressional convention.—Kimball Observer.

CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antidotal and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free. THE SWIFT SPECIFIC CO., Atlanta, Ga.

The thirteen states and three territories which would be immeasurably benefitted by the irrigation bill now before congress contain 974,172,800 acres of land, or 1,522,145 square miles, a little more than one-half of the entire area of the United States exclusive of Alaska. Of this territory, 318,042,901 acres are in private ownership, 120,643,168 acres are reserved for various purposes, and 535,486,731 acres, or a little over one-sixth of the entire area of the country exclusive of Alaska are subject to entre under the various land laws.

The Nebraska State Record, of Lincoln, this week publishes the names of those who petitioned Governor Poynter to grant a pardon to Embezzler Bartley and among others is found the name of H. H. Wilson, of Lincoln, who is being boomed by friends of the Savage-Bartley crowd for governor. Either one of the recommendations ought to be sufficient to defeat Wilson. The next candidate of the republicans ought to be a man who can be defended against all accusations of being aligned with the old ring—Grand Island Independent.

Andrew Carnegie's Epitaph. The building erected by Andrew Carnegie for the Stevens Institute of Technology at Hoboken, N. J., was formally turned over to the trustees a few evenings ago. Mr. Carnegie, after handing over the keys, was presented with a silver casket. In returning thanks for the gift he suggested this as his own epitaph: "Here lies a man who knew how to get around him more much cleverer than himself."

Rose from the Banks. William C. Brown, who has been elected third vice president of the New York Central railroad and placed in full charge of the operating and mechanical departments of the road, has risen from the ranks, having started as a section hand on the Milwaukee & St. Paul. He is vice president and general manager of the Lake Shore rail road, which office he will retain.

Sargent Gathering Fame. John S. Sargent, the American painter now in London, has been painting many portraits this winter, including several of the Wertheimer family, whom his canvases have already given world-wide fame, and a group of three young women named Hunter, which is proclaimed veritably his masterpiece by those who have seen it in his studio.

Senator Pettus and His Watch. Senator Pettus, who will be 81 years old in July, never employs a watchmaker when his timepiece gets out of order, and has, on several occasions been seen to take the works out of the case at his Senate desk, and after poking around until the machinery started up again, would replace them and return his watch to his pocket.

EUREKA HARNESS OIL. Rain and sweat have no effect on harness treated with Eureka Harness Oil. It keeps the leather soft and pliable. Eureka Oil does not break. No roughness or scuffing. The harness not only keeps looking like new, but wears twice as long by the use of Eureka Harness Oil. Sold everywhere in cans of all sizes. Made by Standard Oil Company.

Mayor and Private Citizen. Mayor Seth Low lately considered a petition signed by Citizen Seth Low, and granted the relief prayed for. It is said Mr. Low did not attempt to influence the mayor in the slightest degree in the matter.

Fertility of Egypt's Soil. The fertility of Egypt's soil is illustrated by the fact that every one of 10,500 square miles can support 928 persons whereas even in densely populated Belgium there are only 580 to the square mile.

Petroleum Used for Fuel. The British tanker Clam is the first vessel to cross the Atlantic using petroleum for fuel. Each furnace has a steam generator which blows the oil, atomized, against a fire-brick wall.

Construction of Ancient Roads. The construction of the Carthaginian roads differed so materially from that of the Roman highways that it is an easy matter for antiquarians to distinguish between the two.

Witty Fun on Buelow's Name. Recent anti-British remarks by the German chancellor have resulted in the revival of the skit: "Man wants but little Herr Buelow, nor wants that little long."

Siberian Crops Wasted. In some parts of Siberia a large part of the crops in good years rot in the field, because there are no means of transport or facilities for storage.

Would Be a Good Substitute. An Illinois inventor is urging the substitution of printed slides for the brakeman's voice in the announcement of stations in moving trains.

Lion Coffee is 16 ounces of pure coffee to the pound. Coated Coffees are only about 14 ounces of coffee and two ounces of eggs, glue, etc., of no value to you, but money in the pocket of the roaster.

UNION PACIFIC TIME CARD. (Central Time) WEST BOUND. No. 1 Leaves 5:30 p. m. 10 Leaves 8:45 p. m. 3 Leaves 1:05 a. m. 11 Leaves 7:30 a. m. 19 Leaves (Freight) 2:30 p. m. 28 Leaves (Freight) 4:10 p. m. EAST BOUND. No. 2 Leaves 12:50 p. m. 6 Leaves 7:15 a. m. 4 Leaves 8:40 a. m. 18 Leaves (Freight) 12:30 p. m. 26 Leaves (Freight) 1:50 a. m. 28 Leaves (Freight) 7:15 a. m. On trains No. 1 and 2 passengers must pay Pullman fare. Freight trains No. 3 and 28 stop at all stations. Other freight carry passengers to points at which they stop.

ROAD NOTICE. To all whom it may concern: The commissioner appointed to locate a road commencing at the southeast corner section 8, township 10, north of range 32 west, and running thence west along section lines and terminating at southwest corner of section 8, in township 10, north range 33 west, to connect with county road No. 37, has reported in favor of the establishment thereof and all objections thereto, or claims for damages, must be filed in the County Clerk's office on or before noon of the 14th day of May, A. D., 1902, or such road will be established without reference thereto. FRED R. GINN, County Clerk. Dated March 14, 1902. m11
