DR. F. W. MILLER, GRADUATE DENTIST,
Office over Stretts' Drug Store. Phone 22.
Supt. Robt. Baxter is transacting business in town today.

Thos. C. Patterson transacted business in Omaha yesterday.

The social club of the D. of H. will meet next Tuesday afternoon with Mrs. W. C. Elder.

Miss Anna Sorenson goes to Omaha tomorrow, where she will visit relatives for several weeks.

Mr. and Mrs. J. V. Robinson, of Nichols precinct, are guests today of Mr. and Mrs. Arthur Salisburly.

Rev. T. B. Greenlee, who has been absent for a week attending synod at Council Bluffs, will return home this evening.

Chicago weather forecast for North Platte and vicinity: Possibly showers tonight followed by fair weather Saturday; cooler.

The small-pox cases at Lexington are all safely quarantined and it is thought that the public schools will be re-opened next Monday.

The vacancy on the Board of Education caused by the resignation of John Sorenson has been filled by the selection of W. H. McDonald as a member.

Fred Pierson of Sutherland was in town Wednesday on business connected with the purchase of a small tract of land adjoining that village which is now owned by H. G. Brooks of this city.

This is the time of the year that western Nebraska can boast of its pleasant weather, and truthfully say that no finer climate can be found anywhere on the face of the globe.

Rev. Geo. A. Beecher will deliver his farewell sermon on Sunday, Oct. 25th. A rector to succeed Mr. Beecher has not yet been called, and it is likely that the church will be temporarily supplied for a few weeks after Mr. Beecher leaves.

Mrs. Wm. Huddart and Mrs. F. H. Thompson entertained a dozen ladies Wednesday evening at a tea party in favor of Mrs. A. L. Davis, who will soon leave for Los Angeles. The occasion was a delightful one, though each guest regretted the early departure of Mrs. Davis.

A large and lively girl baby was born last night to Mr. and Mrs. John Herrod.

Miss Ida Von Goetz of this city is a contestant in the Omaha Daily News piano contest.

Mr. and Mrs. Albert Muldoon, who had been visiting friends in Illinois for a month, returned home this morning.

Geo. E. French and A. H. Davis, who were attending the Knights of Pythias grand lodge at Omaha, returned home today.

Arthur Cydlerman will entertain a party of his young friends this evening on the occasion of his thirteenth birth anniversary.

Rev. Randolph came down from Ogalalla this morning and will at once assume his duties as pastor of the Methodist church. He will fill the pulpit next Sunday morning and evening.

No further reduction in the Union Pacific force at this point has been made this week. The present force is about as small as the present work on hand will permit. Two engines were sent into the back shops this week for light repairs.

Dispatches in today's papers announce the failure of Gilman, Son & Co., of New York, trustees of the North Platte ditch. The liabilities of the firm, it is said, are less than two hundred thousand dollars. The failure is not likely to effect the interests of the company in this county to any extent.

Two turkeys were stolen from a certain party in the Third ward last night. It is known who the guilty parties are, as they have been tracked by white feathers and footprints. If the turkeys are returned or settled for by tomorrow there will be no questions asked; if not there will be further trouble.

James Robb is sowing two hundred acres of wheat and rye this fall. He will, or has, put in one hundred acres of wheat and one hundred acres of rye. Jim has a renewed faith in the table lands, and with the introduction of fall grain there is some show of reaping a harvest.—Sutherland Free Lance.

Dr. Geo. B. Dent has received and placed in his office an x-ray machine of sufficient power to enable him to view the full anatomy of man. The machine generates its own current, which is very powerful. The Doctor has already had several opportunities to use the machine and it is probable that it will prove of great convenience to him in his practice.

About thirty men and boys at Nichols turned out Wednesday and harvested and loaded a car of beets for Steve Albro, who recently had his leg amputated. We understand that the same force will complete the harvest of Mr. Albro's beet crop next week. This act on the part of Mr. Albro's friends is evidence that they are possessed of the proper spirit.

The first year Lincoln county raised sugar beets the total acreage was forty acres, the following year the acreage was four times greater, and the increase continued until this year the total was nearly 1200 acres. There is no doubt in the mind of this writer but that next year the acreage in the county will exceed 2,000, and may possibly reach 3,000. If in 1904 the acreage can be increased to 3,000 a factory for the county is practically assured. The thing for North Platte citizens to do is to encourage in every possible manner the growing of sugar beets. If we lose our railroad interests the sugar beet industry will take the place of those interests; if the railroad company stays with us, the sugar beets will still be a big factor in our favor. The organization of a local sugar beet association has been suggested for the purpose of pushing forward the industry. This we believe is an excellent plan, and it should be taken up at once. Let us all unite in this effort; it means much for everybody in North Platte and for every citizen of the Platte valley in Lincoln county.

Married at Kearney.

Dr. Voorhees Lucas was united in marriage at Kearney yesterday at high noon to Miss Susie Fraser at the home of the bride's parents. The ceremony was performed by Rev. C. E. Mastin in the presence of a number of invited guests, both from Kearney and from other points. Following the ceremony an elaborate wedding dinner was served by a local caterer. The Daily Hub says the array of gifts was large and costly and the occasion throughout was very delightful.

The bride has been a teacher in Kearney and other points in the state for several years and has proven a popular young lady at the places where she has taught. Dr. Lucas, during his many years residence in North Platte, has proven an excellent citizen, and since he began practicing medicine has had large and successful practice.

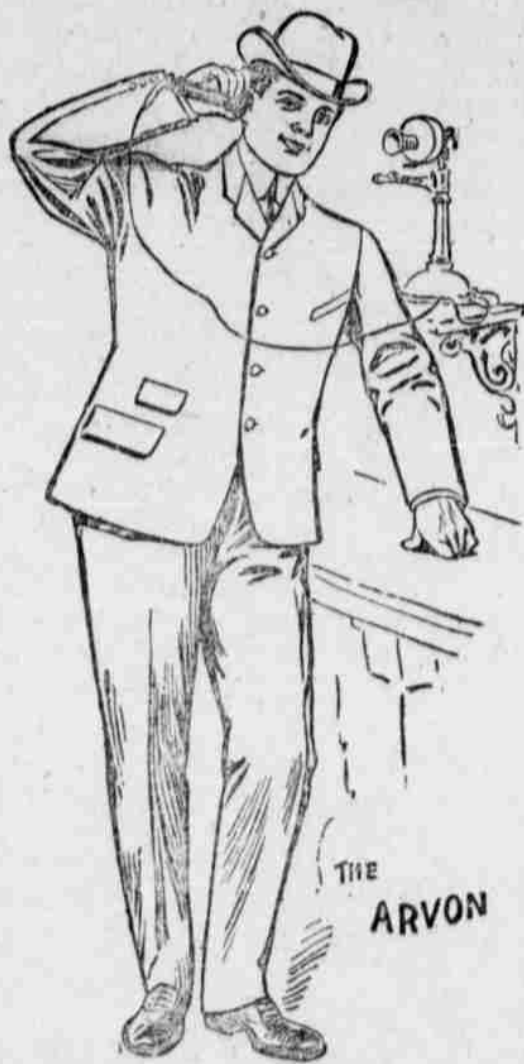

To Dr. and Mrs. Lucas the best wishes of this writer is extended, and he trusts the bride may find her residence in North Platte ever pleasant.

Angel Food Taffy at Duplex's.

The first annual ball of the boiler-makers' helpers will be held at the opera house this evening. A pleasant evening is in store for all who attend.

It should not be forgotten that a republican meeting will be held at the court house next Tuesday evening. C. W. Collins, an eloquent orator of Washington, will address the meeting.

RAILROAD NOTES.

Traveling Engineer Langdon went west on No. 5 this morning.

Division Foreman Stubbs, who had been in Sidney for several days, returned yesterday. He says everything is moving along very smoothly at that point.

Charley Heady is using crutches, due to a sprain of the left knee which he sustained a few days ago. He had gone to the coal chutes to see the foreman, and in getting out of a car made a mis-step.

The two new engines of the 1500 class which were sent out from Omaha Monday, did not run very smoothly and were sent back to the shops for further repairs. They are expected to reach here in a day or two.

At the meeting of the stockholders of the Union Pacific at Salt Lake City Tuesday all the directors were re-elected. It was announced at the meeting that President Burt would not retire from the road.

Yesterday was payday at the shops and a number of the strike breakers came over to town and made purchases. They were in no way molested while on the streets.

Tom Ireland and Morris Fowler drove twenty-two head of horses and mules to Moorefield today and from that point they will be shipped to St. Louis. Mr. Fowler will accompany them to that city.

California grapes and Washington apples are now being shipped freely over the Union Pacific and these to some extent are taking the place of peaches, pears and plums, shipments of which have materially decreased during the past ten days.

Omaha papers state that a bunch of twenty-five Italians arrived in Omaha Tuesday and were sent out to Cheyenne to work in the Union Pacific shops. It is said that not one of them is a mechanic and that all recently landed in the United States.

Engine 1509, one of the new compounds, came in from the east last night and will be sent to the Wyoming division today. It is a monstrous machine, weighing one hundred tons, and is considerably heavier than the 1600 class of compounds. Several more of these engines are expected to go through in a few days.

Local members of the Order of Railroad Conductors are pleased that their grand chief has been selected as a member of the coal strike arbitration commission. They regard the appointment as an honor to their head officer, and in this they are correct. Mr. Clark is a man of unquestioned integrity and great executive ability.

General Agent Nash of the Milwaukee at Omaha, confirms the report that the Milwaukee and the Union Pacific have entered into a new traffic alliance by the terms of

We desire to express our heartfelt thanks to friends and neighbors who so kindly gave assistance during the sickness and after the death of the late Mrs. Wm. Jeffers. Every act rendered was fully appreciated by us.

WM. JEFFERS AND CHILDREN.

I. J. West, sheriff of Butler county, arrived in town this morning looking for a man named John Morgan, alias James Lawson, who is wanted for disposing of seven or eight hundred dollars worth of property which had been mortgaged to Benj. Perkins, a banker of David City. With the assistance of Marshal Langford and Officer Robinson, Morgan was located at the U. P. round-house where he has been employed as a wiper. Morgan will be taken to Butler county this evening to answer the charge. He is a married man and has two or three small children.

Robert Weeks, late of the Union Pacific car repair gang, has been offered carpenter work at Gotben, burg and will probably go down tomorrow.

The machinists' helpers have purchased a piano and are now selling chances preparatory to raffling off the instrument.

Mrs. H. C. Langdon and daughter Miss Grace leave this evening for a brief visit in Omaha.
