Cody and his band were filling an engagement at Exposition Park yesterday a rumor got afloat in the East that the old scout was seriously ill, or dead. Several news organizations exploded dynamite under their representatives here in an effort to confirm or deny the story. While the news agencies were in a tempest over the affair, Col. Cody was chipping nicks out of little glass balls out the fair grounds in an endeavor to earn his daily bread and potatoes. He was the center of some eighteen or twenty thousand howling spectators, who were out screaming the famous "well, well" baseball fan of the New York polo grounds. None of these people thought Bill looked dead or seriously ill, but the press companies had to have a confirmation or a denial of the rumor and that from the doughty Colonel himself.
