Taft on First Ballot.

CHICAGO, June 18—Seven hundred and two votes for William Howard Taft. That announcement by Chairman Lodge at the close of the first ballot tells the story in a nutshell. The announcement of the vote to the 15,000 and more people crowding the stifling Coliseum from end to end and corner to corner was followed by tumultuous applause. A motion was made at the first lull to make the nomination unanimous and then a recess was taken until morning to permit of conference on the vice presidency.

THE VOTE.

Taft	702
Knox	68
Hughes	63
Cannon	58
Fairbanks	40
La Follette	25
Foraker	16
Roosevelt	3

Such is the result of the culminating day of the republican national convention of 1908, effected amid scenes of tumultuous enthusiasm and after a nerve-racking continuous session lasting nearly eight hours. With president named and platform enunciated there only remains the nomination of the vice president to complete this momentous work. Tonight the whole city is given over to wild exultation in honor of the new candidate whose name goes echoing through the country.

The picture within the walls of the amphitheater as the presidential candidate was named today was one truly grandiose in its magnitude. In front, to the right and left, below and above the billowing sea of humanity, restless after hours of waiting and stirred from one emotion to another, was in a fever of expectancy for the culminating vote. The favorite sons of other states had been named, save Knox and La Follette and now on the roll call came Ohio. As the Buckeye state was reached the tall, gaunt form of Theodore E. Burton, whose student-like face and severe clerical garb, advanced to the platform to nominate Ohio's candidate. He spoke fervently with the ringing voice of an evangelist, which went ringing through the great building.

LONG DEMONSTRATION FOR TAFT.

The close of this speech of nomination was the signal for loosening the long pent-up feeling of the Taft legions. Instantly the Ohio delegates were on their feet, other Taft states followed, while the convention hosts in gallery and on the floor broke into mad demonstration.

"Taft, Taft, W. H.—Taft," came in a roar from the Ohioans. Megaphones seemed to spring from concealed places and swell the Taft tumult into thunder. A huge blue silk banner bearing the familiar features of the statesman-secretary was swung before the delegates, awakening a fresh whirlwind of enthusiasm.

All semblance of order had been abandoned and the delegates' arena was a maelstrom of gesticulating men, the guidons of the states were snatched up by the Taft enthusiasts or borne under by the storm of disorder. The band was inaudible—a mere whisper above the deafening volume of sound. For ten, fifteen, then twenty minutes this uproar continued. It was a repetition of the scene of yesterday when the name of Roosevelt broke the convention into a frenzy repeated in intensity and almost in duration. But there is a limit to physical resources of throat and lung, relays had not been established and at last the tired voices died down to a hoarse shout and at last subsided.

Sherman for Vice-President.

The convention re-assembled at 10:30 this forenoon and nominated Congressman James Sherman, of New York for vice-president on the first ballot. The nominee has represented one of the New York congressional districts for the past twenty years.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 5, '08, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 3 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and \$1.00.

For Safety and Comfort

YOU SHOULD BUY

The "New Process" Wick Blue Flame Oil Stove, is the cleanest, safest, most convenient and economical stove one can use. There is no waste of the heat generated on these stoves, as the flame is applied directly to the article to be heated. The kitchen does not become a fiery furnace, even in the very hottest weather, so you can always cook, bake or iron on a "New Process" Wick Blue Flame Oil Stove, in perfect comfort. It is much cheaper than a coal stove, too.
