MAE E. WOOD, the Omaha woman who sued Senator Thomas C. Platt for divorce, was indicted by a New York grand jury last Wednesday on the charge of perjury and forgery. Mae will probably pay dearly for the notoriety she has gained in the Platt matter.

"DOC" BIXBY's advice to parents in cases of Fourth of July mishaps to their boys is as follows: If no doctor is at hand, cleanse the wound promptly with hot water, to which has been added a few drops of carbolic acid; smear the abraded surface with carbolated ointment, bind it carefully but not too tightly, put Johnny to bed and hope for the best.

THE best educated negro in the United States, Booker T. Washington, and one who has done more for his race than any platform of either party, tells his colored brethren that they can expect but little, in their real interest, from the democratic party. This is undoubtedly true.

S. R. BARTON, of Grand Island announces his candidacy for the republican nomination for state auditor. In his statement to the public Mr. Barton says he is heartily in accord with the principles of the republican party, as expressed in the state platform of two years ago, and with the reforms adopted by the last legislature.

THE Missouri Pacific Railway company makes application to the state railway commission to restore its passenger rate of three cents per mile and the freight rates that were in effect before the Aldrich bill went into effect. The company claims that the road in Nebraska is operated at a loss under the present rates, and it is not difficult to believe that this is true, because it comes as near being two streaks of rust as can be imagined. It is well to remember, too, that the present "run down" condition of the road was in evidence before the complained of reduction was made. It will take a whole lot of "money from home," in addition to legitimate earnings, to make the Missouri Pacific a good proposition again.—Kearney Hub.

THE Denver dispatches are now disclosing a few reasons why Roger Sullivan carried not in an automobile trip to Denver. He is out fighting against any different injunction plank in the democratic platform than there was finally put into the republican platform. President Gompers and other labor leaders are quite dissatisfied with the latter and Mr. Bryan has severely criticized it as meaning little, or worse than little. The prospective democratic candidate declares it as his belief that the plank is a piece of deliberate deception. Among many laboring men it is already referred to as a plank upon which they might cross a chasm but that it has some back cracks in the middle. This, of course, is the view of the extremist on the other side. But will Roger C., one of Mr. Bryan's predatory friends, likewise succeed in making the plank less objectionable to the large employers of labor?—Grand Island Independent.
