"Popularity" is surely the sign of "The Burgomaster". Never in the history of this comic opera success has it proved so popular as the present season. Manufacturers all over the country are recognizing the sterling worth of the word "Burgemaster" and salted peanuts, cigar, whiskey, chocolates, bon bons, neckwear and shoes are all named after "The Burgo-master." Manager Stamp has secured this musical gem for Thursday evening of next week.

The tuberculosis exhibit at the Maonic hall closed Wednesday evening, and Mr. Cosper will take the exhibit to Kansas City today. The attendance throughout the week was not as large as the subject and the completeness of the exhibit deserved, this to some extent being due to lack of in-terest because of the infrequency of tuberculosis in our mist. Tuesday and Wednesday practically all the pupils in the high school building above the fifth grade were present. Those of our citizens who viewed the exhibit were much interested, and it is probable that as a result many will profit by what they

The boys appear here under the auspices of the Ladies' Guild.

Arthur Hale, chairman of the car eficiency committee of the American railway association, told the members of the traffic club at Chicago that he did not like to "knock" the prosperity gospel, but more than 200,000 idle freight ears did not spell prosperity. The number, he said, was almost exactly what it was last year at this time. Mr. Hale declared he hoped the railroads would have a car shortage by the latter part of 1909. He was unable to report much progress in his efforts to get the railroads to pool their freight cars. He insisted, however, that a car pool was bound to come, as it was the only economical manner of handling freight car equipment, and would re-duce the sharpness of future car short-

The Burgomaster

On Wednesday of next week, January 13th, the fourth number of the Lecture Course will be given in the Keith opera house. This is the Elma WILCOX DEPARTMENT STORE.

On Wednesday of next week, January Harry Hermsen accompanied by Fraulein Ruth White will be welcomed back to town at the Keith theatre next Thursday surrounded by a company which is promised to be of superior as which is promised to be of superior ex-These stars will be seen in cellence. a big production of Pixley & Luders' musical masterpiece, "The Burgomaster". Mr. Hermsen will be seen as Peter Stuyvesant, the jolly old one legged Governor of New Amsterdam who is buried while trying to escape hostile Indians and who is dug up 200 years later in the City Hall Square in New York, and Miss White, as Willie, the gay youth who takes him around town. The music of "The Burgomaster" is what has made it the greatest musical comedy success of the times. It is a high quality, but popular and perhaps no two songs have been more widely whistled and sung than "The Tale of the Kangaroo" and "I Love The story of the play is as folows: Peter Stuyvesant, Governor of New Amsterdam, wishes to be released and sent back to Holland. The Indians and the English are pressing him; they ask for concession which he is unable to give; he and his secretary Doodle Von Kull, prepare a keg of drugged liquor for the Indians, but drinking too freely of it themselves, they fall asleep. Two hundred years later they wake up while workmen are digging a trench in the City Hall Square, New York. Their experience in the metropolitan city can be imagined. They meet a gilded youth, Willie, who shows them the town; a crook who fleeces them, a theosophist, who claims the Burgomaster as her former husband and scores of other types. The entire costuming and scen-ery for the present production of "The Surgomaster" have been made espec ally for this big revival and entirely different from all former presentations.

So he Thought Rapidly for a mo-

"Why?" asked the Two Girls, "Because Everybody says that A Handsome Girl Always Chooses a Homely One as a Companion, So That Her Beauty may be Enhanced by the Contrast.

After Such a Remark, either Both Girls would be Angry with him or Delighted.
