### Accidents are too Frequent.

In an address before the Western Railway Club at Chicago Tuesday night, Genl. Supt. Park, of the Union Pacific said:

"As railroad men, we must admit that the long list of fatal accidents and injuries to passengers and employes is a blow on our escutcheon which must be wiped out.

"It is a fact that not a few railroad accidents are whitewashed to the extent that the officials try to deceive themselves. Railroad men must analyze the present conditions in accordance with the growing sentiment that accidents are of too frequent occurrence, and unless prevented to a greater degree than now exists, the strong arm of the government must intervene."
