Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. McDonell & Graves, Special Agents.

Prof. W. M. Hayes, Ass't. Secty. of Agriculture of the United States says about Stock Food: "These balanced rations are often found by analysis to consist of the tailings of mills, elevator and breweries, mixed with molasses and salt, to make the compound palatable to the cattle, and one of the largest Stock Food Companies is said to use fine sawdust, finely ground, to cheaply bring up the weight of his product, instead of buying a superior and expensive balanced ration containing high fattening qualities and acting as a tonic, he has paid a high price for a feed containing, along with ordinary grain, finely ground alfalfa hay and other common food stuffs, \$5.00 to \$25.00 per ton, a high percentage of refuse, and non-nutritious matter, some of which may be positively dangerous to the health of his stock."
