School Bonds Sold.

The \$40,000 five per cent school bonds authorized by the election held July 30, were sold last night to the Harris Trust and Savings Bank, of Chicago, at a premium of \$825, or \$40,825 for the bonds. There were seven bidders, each offering a premium, but several bids were not accompanied by certified checks and therefore did not meet the requirements exacted by the board. The First National Bank was the second highest bidder complying with the certified check proviso, its bid being \$40,448.

The board of education and the people of the district are to be congratulated that the bonds sold so well.

Stores Close at 6:30.

Effective last evening all stores in North Platte—except the drug, cigar, book and confectionery stores—began closing at 6:30 in the evening except Saturday and payday evenings. This result was reached after each merchant affected had been solicited, and though several were not favorably inclined at first, they readily complied when they found that a large majority favored such action. This action is not for any stated period; if it proves not detrimental to the public and the merchants it will be made permanent; if detrimental it will not long be continued. It is believed that the public can readily and without inconvenience adapt itself to early closing, that it will work no hardship to patrons, but will on the other hand give the merchants and the clerks an opportunity to enjoy their evenings as do the mechanic and laborer. From 7:30 a. m. to 6:30 p. m. is long enough for any person to labor. Longer hours means shorter life and less opportunity to enjoy the years we do live.

Gives U. P. 400 Feet.

That the right of way of the Union Pacific railroad company embraces an area of 400 feet in width, or 200 feet from the middle of the tracks on each side, is established by a decree just handed down by Judge W. H. Munger in the United States circuit court in the case of the Union Pacific Railroad company against Cecelia Karges, Martin Karges, Kelm Donder and others.

The decision says: "The railroad company is entitled to the relief asked as against the defendants. It is, therefore, accordingly fur-

ther ordered, adjudged and decreed by the court that the complainant, the Union Pacific railroad company, is the owner, and as such is entitled to the quiet and exclusive possession of the right of way of 400 feet in width, being 200 feet on each side of the center line of its railroad track, as the same was originally constructed across sections 16 and 17, township 16, range 2, in Platte county, and especially across the southwest northwest and the northwest northeast quarters and the north one-half of the northwest quarter of section 16, range 2, in Platte county, and that the defendants have no right, title, interest or lien on the said strip of right of way of 400 feet and all claimants are forever barred and estopped from making or asserting any right thereto, and are perpetually enjoined and restrained from entering upon any part of said right of way, and are required to pay the costs of this suit."

The question arose over the alleged claim of the railroad to right of way over the school section #16, but it will be observed that the decree relates also to other sections than school sections.

The defendants in the case have filed notice of appeal against this decision.—Omaha Bee.

The fire department was called to the Vienna restaurant Saturday night about 10:30, but their services were not needed the small blaze in the rear yard having been extinguished before their arrival.

At the present time there seems to be a scarcity of men for the hay fields. Several hay men were on the streets yesterday looking for help. If the present conditions exist the farmers and ranchers will be compelled to form a company and go out and round up the lazy able-bodied hoboos who daily pass through the community.

Miss Rose Mathews, of Hartwell, visited friends in town yesterday.

John Nicholson, of Gothenburg, spent Sunday in this city as the guest of friends.
