WATCHES.

Our stock of watches speaks eloquently of good things, and there are many people whose happy experiences confirm the reliability and worth of them

Our success as watch sellers has not been merely fortuitous, but is the result of the unwavering integrity and knowledge gained by long years of study. Every watch we sell is a guaranteed time keeper.

Thus you have more reason to consider this store as an object worthy your seeking.

DIXON, The Jeweler

Mr. and Mrs. J. W. Payne and daughter Grace are now in San Francisco, having left Seattle and Portland last week.

F. W. Cross, proprietor of the Nebraska house, has purchased the property of the late Gus Hesse, paying \$2,000 for the house and two lots.

Miss India Clarke, who had been visiting at Seattle for a couple of months, has left that city and is now at Sheridan, Wyo., visiting friends. She will probably be home some time next month.

Mass Meeting.

There will be a mass meeting of the voters and taxpayers of North Platte at the court house on Wednesday evening, August 18th, at 8 o'clock for the discussion of the water bond proposition and for the purpose of effecting an organization to get out the votes in favor of said proposition.

Under the law it will be necessary to secure two-thirds of the votes cast in favor of the bonds. This will require work and organization.

I earnestly urge all voters favoring the water bonds to attend this meeting and help organize for victory.

T. C. PATTERSON, Mayor.

Band Concert.

Lowell's Cowboy Band will give a concert at the court house park Friday evening and following or during the concert, a silver collection will be taken for the purpose of purchasing additions to the uniforms. It is hoped that the contribution will be liberal; a free-will expression of appreciation of the band for its concerts given during the season. Let there be a big turn out, and let every man, woman and child contribute in such amounts as they can spare.

Union Pacific Not Taking Sides.

In reply to a letter to Genl Supt. Park asking the position of the Union Pacific in the water bond election, Mayor Patterson received the following reply:

Omaha, August 10th, 1909.
Hon. T. C. Patterson, Mayor,
North Platte, Nebraska.

Dear Sir:

I beg to acknowledge the receipt of your favor the 7th instant.

In reply thereto, desire to say that when the question of water bonds at North Platte was first brought to our attention about a year ago and again recently, we distinctly decided that the Union Pacific company would not take sides either one way or the other in the matter, but that it could and did not undertake to interfere with or influence the individual action of any property owner, but in any case, action on the part of any individual did not represent the views or attitude of the Union Pacific other than as above expressed.

Yours truly,
W. L. PARK,
General Superintendent.

RAILROAD NOTES.

In the New York stock market yesterday Union Pacific common stock went up to 219 and then fell back to 214.

Johnson, the negro pugilist, passed through on No. 7 Sunday evening and attracted much attention from people who were at the depot.

Victor VonGoetz, Jr., returned Saturday from a week's visit at the Hoy ranch in Garfield precinct. He added to his avoirdupois and succeeded in getting a good brown color on his face.

The law known as the Bartos act, which was passed by the last legislature, provides that railroads must maintain telephones in their stations for the convenience of its patrons.

Henry Deering, a former North Platte boy, but for several years a helper in the Northern Pacific blacksmith shop at Missoula, Montana, has been visiting friends in town.

Conductor Charley Weir returned the latter part of last week from a week's visit in Denver. The work train on the branch had been pulled off temporarily, but was put back in service yesterday.

John Russell, now employed as a switchman in the railroad yards at Houston, Texas, arrived in town the latter part of last week and will visit relatives and friends for some time.

An Italian passenger on No. 10 this forenoon died just as the train was entering the yards. He had been sick the day and night previous. The body was taken off here and will be held pending an examination as to identify and residence.

There is now under construction on the Delaware Lackawanna & Western railroad a cut-off which shortens the trackage eleven miles and will cost \$13,000,000. This shows what the cutting off of a few miles means to a railroad.

A bulletin just issued by the Interstate Commerce Commission shows that during the months of January, February and March, 29 railroad accidents of note were recorded. In these 29 accidents, 53 people were killed, 444 were injured and damage to the amount of \$298,000 resulted.

New York dispatches state that Harriman has secured an option on the control of the New York Central. The acquisition of the New York Central would give Harriman an ocean-to-ocean route by way of that road, the Chicago and Northwestern, Illinois Central, Union Pacific and Central Pacific. Such a combination would result in greater traffic on the Union Pacific and more men on the pay rolls in North Platte.

More or less criticism of the condition of the fence and buildings on the county poor farm west of town is heard. Other property owners in that vicinity keep their places in good repair, and when a visitor passes the poor farm he immediately asks who owns the poor farm tract, and upon being informed Lincoln county, he naturally utters exclamations of disgust. It is generally conceded that the county would be ahead if it made the needed repairs on the fences and buildings.
