A. F. Streitz took his seat as county commissioner yesterday. He is the first democrat in a long term of years to fill that office from the North Platte district, and good democrats are happy to know that they are represented in the official family of the county. In the discharge of his duties however Mr. Streitz will not recognize politics; he is one of our best business men, and with him the uppermost thought will be, how can the people be best served at the least cost.
