THE Gossard CORSETS
They lace in front.

They lace in front—as a result the abdomen is relieved of all pressure. Support is given to the organs and deep breathing is encouraged. They emphasize the long graceful line of the back, which artists agree is the most beautiful line in art. They gently but surely compel a correct standing position and a graceful carriage. We invite you to investigate these wonderful corsets.

A Visit to the Dempcy Ranch.

A party of forty-one North Platte people enjoyed the hospitality of Mr. and Mrs. L. N. Dempcy at their ranch thirty-eight miles southwest of town Sunday. Thirty-six of the party made the trip in automobiles, the other five rode motorcycles. The drive to the ranch was made by most of the cars in one hour and forty minutes, which is good time considering the tortuous nature of the road for a distance of a dozen miles up Snell Canyon. Arriving at the ranch they found about twenty other people present, and also that Mrs. Dempcy and her daughters had prepared a splendid dinner for all. This hospitality on the part of Mr. and Mrs. Dempcy was not expected by the visitors from North Platte, and it was therefore very much appreciated. The ride had sharpened their appetites and we felt rather embarrassed over the rapid fire manner in which Platt White, Minor Hinman, Otto Thoelecke and Ray Langford divested the table of its burden of good things.

The object of the trip was to witness a hill climbing contest by cars, Mr. Dempcy announcing his intention of purchasing a car that could successfully climb the hill leading west from his ranch. This hill is about a half mile long, has an average grade of eighteen per cent, and with a maximum grade of thirty-five per cent for the last 200 yards. It was expected that a number of different make cars would enter the contest, but the expected agents from other towns were not present and the contest narrowed down to the Buick cars taken over by Messrs Davis & Chorpensing, of this city.

The "thirty" Buick started up the hill with six passengers and made the trip without hesitancy, and later took ten passengers up the steepest incline of the hill. The smaller Buick also made the hill, as did also the White Buick owned by Ed Walker. Other cars owned by North Platte parties made the attempt but the pitch of the hill threw the gasoline away from the carburetor, hence there was no compression or power. Minor Hinman obviated this difficulty by backing, and reached the top.

Mr. Dempcy was so well pleased with the work of the "thirty" Buick that he gave a check for its purchase. The Dempcy ranch is situated in a very rough country, a succession of sand hills, and very narrow draws between. The ranch includes about 4,000 acres on which 300 head of cattle and a number of horses are grazing. The barns are large and well constructed, and the house, which is located on a high elevation, is a very comfortable one, prettily and attractively furnished, and evidently the family is musically inclined for a piano, violin, mandolin and phonograph were in evidence. Certain it is that the inmates of the Dempcy home are among the most hospitable people on earth.

Coming Soon.

The great American drama "The Girl From the Golden West," an all star metropolitan cast—thirty people—including Reed's Solo Band and Symphony Orchestra, traveling in their own Pullman car "Caroline." "The Girl From the Golden West" had a run of seven hundred consecutive performances in New York and over 500 in Chicago. The success of this drama has been so pronounced that this company will play throughout the west for twenty weeks in their mammoth waterproof pavilion theatre. The same being thoroughly equipped with elevated stage and ten full sets of special scenery. "The Girl From the Golden West," as everyone knows, is a four act western drama, thrilling, romantic and full of clean comedy, strong in dramatic situations and climaxes. A beautiful love story that pleases everybody. Don't class this show in the same company as the questionable "Fly-by-night" aggregations that have played your city before. Don't fail to witness the largest and best dramatic show on the road today. Clean, moral and refined. Endorsed by press, clergy and public. One night only. North Platte May 27. Popular prices. Seats for 1800 people.

CARPETS.

The spring is still young yet we have already sold dozens of carpets. We attribute the most of these sales to the low prices we are asking. The only other reason we can think of is that the stock is very complete now and that there is a greater range of patterns to select from than has usually been shown. But whatever it is we know that people are more than satisfied with our assortment and prices. You will be too if you will pay this department a visit.
