Lee's Insect Powder

is the round package in red and yellow—entirely different in appearance, and equally different in effectiveness from other insect poisons offered in powder form.

It isn't difficult to make a poison for insects. What requires skill and knowledge is in making a preparation that will actually destroy vermin on an animal and with no injury to the animal itself.

Herein is where Lee's product is different. Ours is thoroughly effective as a destroyer of vermin and absolutely harmless to the chick.

Watch for the yellow packages. Prepared in large 14-lb sprinkler-top cans and sells at

MAKE US PROVE IT.

WHEN WE SAY TO YOU in an advertisement that we can, and will sell you better clothing for the money than you can get elsewhere, MAKE US PROVE IT, Make us "show you"

When any dealer claims to give you better values than someone else, make him show you what he will give you for a certain amount, then come here, and see the quality of the goods that we give for the same amount.

We like to have you compare our goods with what you can get elsewhere. We say to you "Take this suit, match it in value if you can, at the same figure."

We expect every man of good judgment to buy his clothes where he can get the most actual value for the money that he pays.

If we can show you that our clothing, at our prices, is the best for you to buy, we expect to clothe you. On the other hand, if you can find anybody, anywhere, who will give you more actual value for your money, we expect you to get your clothes there.

We wish that we could show every critical, discriminating clothes buyer in North Platte, this spring the unusual values we have to offer. If we could, we would do all the clothes business in town.

We're ready to "show you."

WHAT PERFECT LINES!

Every woman has heard the exclamation; what perfect lines. She has admired the type of figure that has elicited it. Glory or despair has been hers, according to her own figure's endowment.

Yet inherent in from the svelte point are natural lines that sized one way made the most by the corset—Corsetry is a able as the fem-Flexible because it must overcome every unnatural condition and bring out the beauty. Such is the art of Gossard Corsetry, as individual to you as is your form. That is why women of true discrimination are seeking Gossard Corsets, and find in them a ransom from corset cares after years of needless worry and fruitless experiment.
