The cottage west of the Streitz residence. Ideal location. Can be bought right.

Other large and small homes below actual cash value. We are also offering some good vacant lots (see our sign boards) very cheap. See Bratt & Goodman before you buy.

Will Let Contract in August.

John E. Evans received a letter from Congressman Kinkaid in which the latter stated that prior to his departure for home last Saturday he called at the treasury department and learned that the contract for the erection of the North Platte federal building will be let some time in August.

This is certainly good news for the people of North Platte, who have been somewhat impatient to have the contract let and the building started.

With the contract let in August part of the work will be done this fall.

Notice to Water Consumers.

For the accommodation of our consumers, commencing July 1st, 1910, bills will be collected three months in advance instead of six months, as heretofore. Service will be discontinued where bills have not been paid at the office of the water company on or before July 22nd, 1910.

North Platte Water Works Company. F. A. SLOCUM, Receiver.

Interest in Boxing Contest.

Great interest is evinced in the fifteen round boxing contest which will be held at Lloyd's opera house on the evening of July 4th between Jack Fitzgerald, of Omaha, and Jimmie Clabby, of Milwaukee. Clabby lays claim to the welter weight championship of the world, and that he is entitled to this standing is evidenced by the long string of victorious encounters in which he has been engaged. He comes recommended as a clean, scientific glove man, who wins his contests by fair methods. Fitzgerald needs no introduction to North Platte people. He has been seen in the ring here several times, and is known as a shifty, game and clean boxer. That this contest will be the best ever seen in North Platte, there is no room to doubt, and it will be worthy an audience that will fill every seat in the house.

Money to Loan.

Dedication of the Presbyterian Church.

Sunday was the red letter day for the Presbyterian church in this city. It witnessed the series of events, arranged by the pastor and committee, for the setting apart and dedication of their beautiful new house of worship. Last Friday's issue contained a description and cut of the church. But as the pastor, under whose administration the work has been completed, was not mentioned, he may be mentioned in this connection.

Rev. George Franklin Williams, M. A., was raised in this state, and received his education in Bellevue College and Princeton Theological Seminary. He also did post graduate work in Princeton University. He was ordained by the Presbytery of Omaha, in September, 1899, at Bancroft. Mr. Williams is a son of the manse, his father, Rev. Geo. Williams, D. D., having been an early and aggressive home missionary in this Synod. The building of churches seems to give him satisfaction. During his four years pastorate in Lexington a beautiful church was erected and dedicated. Mr. Williams has been five years in the Kearney presbytery, of which he is the stated clerk. Having spent all his ministry in this state he has become one of the best known of the younger ministers of his denominations, and has held important trusts therein. He is a man of positive convictions and in the work of the church stands for progress. He is a young man between thirty-five and forty. In his eleven years in the pastorate he has helped three congregations improve old or build new houses to a total value of \$50,000. While thoroughly loyal to his own he is fraternal and catholic in spirit. The printed program of dedication events contained the following items which are of interest to many.

At a meeting held in the Baptist Church, of North Platte, on June 15, 1873, this church was organized by the Rev. N. C. Robinson, Superintendent of Missions for southwestern Iowa and Nebraska. There were ten charter members. The congregation continued to worship in the Baptist Church until the autumn of 1877. It then worshipped in the Court House until the summer of 1878 when it moved into its new church on Spruce, now Dewey Street. The old building was moved in 1905 to the site of the present edifice and was torn down this spring. The following ministers have served the church: Reverends Geo. A. Hutchison, James A. Gerhard, G. M. Darley, John H. Burlinson, H. C. Baskerville, John F. Hopkins, C. C. Hart, John C. Irwin, A. W. Verner and Thomas B. Greenlee, Ph. D., who closed his labors September, 1908.

Large audiences greeted the speakers at each service. Dr. Thomas B. Greenlee, a former pastor, preached the dedicatory sermon, which was appropriate and eloquent. Dr. Williams of Lincoln, who was to have rendered that service being unable to be present. Following the simple ceremony of dedication Dr. W. H. Kearns offered a beautiful prayer in which the building was set apart to the service of God.

The afternoon fellowship service was participated in by all the pastors of the city. Their addresses were short but full of the spirit of christian fellowship. Letters of greeting were read from Dr. T. L. Sexton and Rev. J. C. Irwin, the latter being a former pastor. Much regret was expressed that Dr. George Williams, of Lincoln, could not be present.

The evening service was one of inspiration and power. Dr. Turner is an eloquent and forceful speaker, a scholar and thinker. His "Layman's Message" dealt with the "Citizen in the Making" and emphasized the need of broad and deep culture as an equipment for right living in civilized society. He viewed the man in relation to society, business, politics and religion. His able address called out many words of appreciation.

The church choir of twenty-four voices, led by Mrs. Leininger and Mrs. Schiller sang special numbers at each of the three services, delighting the congregations that filled the house to overflowing. The big organ skillfully handled by Mrs. E. A. Cary added much to the joy of the occasion in the worship of praise. As an evidence of appreciation by the congregation the following items appeared in the souvenir program and should be noted here. The corner stone was prepared and presented by W. C. Ritner. The following committee selected the organ: Miss Belton, Mrs. E. A. Cary, Mrs. Ora DeFord, Mrs. W. H. McDonald, Miss Mary Strahorn. Mr. Perry Sitton acted as superintendent during the entire period of construction. The beautiful individual communion service is the gift of the Philathea girls. The piano given some years ago by Eva S. Baldwin is in the assembly room down stairs. The organ and a part of the furniture of the old church are used in the Sunday school room. By action of the congregation there are no memorial or presentation windows.

Republican County Convention.

Chairman Davis, of the Republican county central committee has issued a call for a county convention to be held on Saturday, July 16th, at 2:30 p. m. for the purpose of selecting ten delegates to the state convention. The convention will have 107 delegates. The call will be published in full in our next issue.

One of Dr. Hale's Jokes.

When he was quite a young man the late Dr. Edward Everett Hale played a practical joke on some girls who were members of a party with whom he was summing on the Massachusetts coast. All these girls were reading the same exciting novel, and one day at dinner it was a leading topic. Knowing that none of them had finished it, Hale, unknown to them, carried it away with him the next morning when he went to the city. On the train he wrote an absurd conclusion to the novel, laying the final scene at the summer resort. Carrying this bogus conclusion to a publisher, a friend of his, he had it put in type, and then, carefully removing the bona fide conclusion, he pasted in his own. On his return he placed the book on the piazza and waited. The look which spread over a girl's face as she read that last chapter was, Dr. Hale declared, worth going far to see.—Woman's Home Companion.

What Struck Him.

"Did anything about the defendant strike you as being out of the ordinary?" asked the judge of the plaintiff in a case of assault and battery. "Yes, your honor," was the reply. "What was it?" queried the judge. "His fist," answered the plaintiff.—Chicago News.

A Woman's Great Idea.

is how to make her self attractive. But with out health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin lovely complexion, good health. Try them. 50c. at Stone Drug Company Co.

Are You Proud of Your Shoes?

You may justly be proud of your foot-wear if you use the proper care in getting the right shoe dealer. No matter what the quality of a shoe, it must be fitted to your feet properly to answer the purpose for which it was intended. In making shoes the leather is stretched over the last, which is a wooden foot; and just like the different shaped feet there are different shaped lasts. We have shoes made over a last shaped like your feet. It doesn't cost you any more. Now, let us prove this; and it won't cost you any extra for a stylish, satisfactory and long wearing shoe.
