Hoagland's Platform.

To the voters of the 30th Senatorial District:

A petition has been filed by a number of our citizens proposing my nomination for state senator from this district on the republican ticket, to be voted for at the primaries August 16th, 1910.

For years eastern Nebraska has been able to prevent our west having its proper and legitimate representation in the legislative councils.

I believe that legislation should be as near the people as possible, and that the people have the legal and moral right to speak on every question affecting their interests and so believing, if elected, I shall support the initiative and referendum and county option.

I believe that the most effective method of getting rid of public officers who betray their trust is the recall, similar to that in existence in some of the cities in California, by which an election may be called and the dishonest official removed from office by the vote of the people.

I believe that what we need is not so much new legislation, and frequent elections, but an efficient and honest administration of our laws by honest officials.

I am thoroughly and uncompromisingly in sympathy with the square deal progressive republican policies of our foremost public citizen, Ex-President Theodore Roosevelt.

Upon this platform I solicit the support of the electors of this district.

WALTER V. HOAGLAND.

NEBRASKA.

From 6,477,282 acres planted to corn in 1909 Nebraska gathered a crop of 169,179,137 bushels, worth \$98,123,871.

That crop, if loaded into standard freight cars, 1,200 bushels to the car, would have made a freight train long enough to reach from Chicago to Denver, 1,030 miles, with 172 miles of corn-filled cars left over to adorn the side tracks.

There are millions of acres of corn land in Nebraska that have never been touched by the plow.

In 1909 Nebraska harvested 50,313,600 bushels of wheat from 2,664,370 acres, an average of practically 20 bushels to the acre.

This wheat crop was worth nearly \$46,000,000. If that wheat crop had been loaded into standard freight cars it would have made a train long enough to reach from Omaha to McCook on the Burlington, or from Omaha to North Platte on the Union Pacific.

There are millions of acres of wheat land in Nebraska that have never been touched by the plow.

The duty of Nebraskans who desire to assist in the work of developing the state is to call the attention of home-seekers to the opportunities that are offered by this great young state.

There are 100,000 quarter sections of unoccupied land in Nebraska that may be made into profitable farms. The soil is fertile, the rainfall quite equal to that of other sections that have become agriculturally rich, and the transportation facilities far superior to what the more favored sections had a dozen years ago.

There is room and opportunity for the accumulation of a competence for 250,000 more farm owners in Nebraska. The hardship of the early pioneers need no longer be endured by newcomers. They will have the advantage of schools, and churches and railroads and markets, right from the start.

The same capital, the same soil and the same frugality necessary to acquire a competence in the Canadian northwest, would mean ample riches after an equal length of time upon a Nebraska farm. For years the Argonauts traveled across the plains of Nebraska in search of the gold and silver of the mountains, unmindful of the fact that at the grass roots in Nebraska lay a greater store of gold and silver than were hidden in the mountains in all the ages of the past - eternal mines of riches that grow

more-fruitful as the days went. From the grass roots in Nebraska in any one of the last ten years has been "mined" more wealth than the famed gold fields of Alaska have yielded in a decade, and the men who mined their wealth from the soil of Nebraska endured no hardships compared to the hardships of the Alaskans.

Other thousands are being lured to the "bonanzas" of the northwest, unmindful of the fact that greater riches and greater opportunities lie in the soil of the great state of Nebraska.

There are millions of acres of government land in Nebraska—all of it good for something, most of it good for general purposes, and much of it good for anything in the line of agriculture suited to the temperate zone.

The hundreds of growing cities and towns offer inducement for merchandising and manufacturing. The mechanic may find employment in the smaller cities where the cost of living is comparatively small, and where the opportunity to become a home owner is great.

By and large, from east to west and from north to south, Nebraska offers more inducements to the industrious, frugal and honest homeseeker than any other similar expanse of territory on the North American continent.

This truth should be spread to the four corners of the earth by Nebraskans who want to have a part in the great work of developing Nebraska. Mark this copy of your paper and send it to some friend in the east whom you may be able to interest in the possibilities of Nebraska.

The Bureau of Labor and Industrial Statistics will cheerfully send its bulletins of crops and manufacturers to any one you may designate.

Let us all join together in the great work of boosting Nebraska.

Cottonwood Items.

Quite a crowd from this community attended the Chautauqua at North Platte Sunday night.

Rain is very badly needed here, for some of the corn is beginning to dry up.

The Blue Stars played a game of ball Saturday with Bignell. The score stood 8 to 9 in favor of the Blue Stars.

Mr. and Mrs. Hartman and Mr. and Mrs. Reynolds journeyed to North Platte Wednesday to hear Senator Cummins at the Chautauqua.

Mrs. C. C. Clark is in North Platte visiting her mother, who has been in very poor health this summer.

Ether Reynolds was a guest at the Kerr home the latter part of last week. Word from E. M. Arnold states that they leave Washington, D. C., and will start on their trip homeward.

Announcement.

I hereby announce myself as a candidate for re-election for representative of the 54th district subject to the approval of the republicans at the August 16th primaries.

I have no extended platform, but agree if elected to work for the passage of good progressive legislation and for the best interests of the district and state.

As this is census year the next session will be the proper time to re-district the state and I consider it very important that this be done and that the west gets proper representation.

Respectfully submitted, B. K. BUSHEE.

STATEMENT FROM CONGRESSMAN KINKAID

To My Esteemed Constituents: Upon the advice of many voters, I have become a candidate for a re-nomination for Congress by the primary election to be held August 16. During the present Congress I have faithfully supported the policies pursued and legislation recommended by Roosevelt, when President, adopted and promoted by President Taft, as evidenced by the excellent measures enacted at the recent session.

In revising the tariff, I strived to have lumber and barbed wire placed upon the free list, and voted on separate schedules for revision downward generally, but after the bill had been in the Senate and in conference, it had to be voted upon as an entirety, with the alternative to pass it or defeat it and leave in operation the old law. A majority, including democrats with republicans, prevented a greater reduction of the rates.

I favor the increase of the authority of the tariff board recently authorized, and that in the future revisions be made of single schedules, when conditions warrant it, rather than that all schedules be revised at the same time, thus preventing "log rolling" by protected interests.

I favor the adoption of the proposed amendment to the Constitution of the United States permitting the taxing of large incomes; also, the election of Senators by direct vote.

As about three-fifths of the announcements of my competitor consists of an attack upon my record, I shall give it such brief notice as the nature hereof will permit. The reference incidentally occurring last winter in the Ballinger-Pinchot investigation to my purchase of a quarter-section of coal land in Alaska, carried with it the information, derived from official source, that the transaction

M. P. Kinkaid, Congressman 6th Dist.

was legitimate and straightforward; but in disregard of this, to advance his own candidacy, my competitor questions its regularity. It was because only of the fact that Mr. Ballinger, as my attorney, had passed on the title to the property, before he was Secretary of the Interior, when in the practice of law at Seattle, that the transaction was mentioned at all.

No government official has pretended that I did what was wrong or improper. I give, special agent and attorney for the government in coal land matters, in substance, swore there was nothing contained in the transaction on the part of either Ballinger or myself that was wrong. Arrandis, attorney for Pinchot, said: "We have looked into the case carefully. There is nothing wrong or improper. Mr. Kinkaid has nothing to conceal in this matter as far as I know." My purchase was made of the entryman who had an equitable title which the law permits to be assigned or deeded, for which I paid \$2,800.00, and to secure a patent, must yet pay the government price of \$10.00 per acre.

I have not made a coal land entry. If the entry of my grantor was made in good faith, and the law in other respects has been complied with, a patent will be granted; otherwise not. Certainly, the government is secure, because its officials have the exclusive determination of these questions. In refutation of the implied accusation by my competitor, that I have evaded voting, "insured at home and stood pat in Washington," I cite a portion of a testimonial written by Howard R. Hinshaw, Secretary to Congressman Hinshaw, as follows:

"Hon. M. P. Kinkaid: My dear Sir:—Complying with your request, I have made a careful compilation of your votes of the present session \*\* to June 5th, when the last volume of the Record was issued, for the purpose of ascertaining your relative standing as to faithful attendance and recorded vote. You rank a fraction of one vote higher than the average of the votes expressed by the four members found to be the highest, other than yourself. The Record does not show a single instance in which you have undertaken to dodge or evade any vote. You voted 'present' once only upon a roll call for the purpose of ascertaining the presence of a quorum. You have not paired your vote in a single instance. Upon all motions or resolutions concerning amendments to the rules, or with reference to the Speakership, you have voted consistently during the entire Congress with the progressives, or so-called 'insurgents'."

Very truly (Signed) HOWARD R. HINSHAW. I think also: "District of Columbia, City of Washington."

Alexander McDowell, Clerk of the House of Representatives of the United States, do hereby certify that at the request of Congressman Kinkaid, I have caused to be ascertained and compiled your record as a member of this session, and his record as to voting on roll calls, as compared with other members, and as a result of it, has been made to appear, and does appear, to me that at attendance and the number of recorded votes Mr. Kinkaid ranks with members who rank the highest, and ranks as high, if not a fraction higher, than the average of the four or five or six of the highest.

In witness whereof, I have hereunto subscribed my name and affixed my official seal, this 25th day of June, A. D. 1910.

(Signed) ALEXANDER McDOWELL.

Thinking you for your support in the past, and believing the Congressional experience I have enjoyed will enable me to work to a greater advantage in the future in behalf of the interests of the District, your further support is respectfully solicited.
