Postmaster Thomson Reappointed.

Dispatches from Washington state that the name of R. D. Thomson has been sent to the senate for confirmation as postmaster at North Platte. This result was anticipated for two reasons; first because his administration of the office has been highly satisfactory to the patrons, and in such instances the postoffice department is inclined to favor the retention of the incumbent no matter how long his service may have been. The other reason is that in Congressman Kinkaid's view the re-appointment of Mr. Thomson would lead to less political friction than the appointment of either Mr. Davis or Mr. Bare. In this view Mr. Kinkaid did not place full value on the republicanism of either Davis or Bare, neither of whom would have shown "soreness" had one or the other been appointed, and neither will they feel so over the re-appointment of Mr. Thomson.

This writer did not seek the office for its emoluments; it was more to escape the daily grind of newspaper work for a year or two, the intention being, in case of appointment, to place the Tribune in the hands of a competent manager. Thompson, Davis and Bare will continue to be the best of friends and will in the future, as the past, work for the triumph of republican principals.

Home made mince meat, cakes, bread, doughnuts and cookies for sale at Howe & Maloney's Saturday. Orders will be taken for Fruit Cakes.

Air Ship Passes Over City.

An air craft of some description passed east over the city Tuesday evening at 8:15. This statement might be doubted were it not vouched for by such men as G. H. Zentmeyer, Will Hawley, George Savin and nearly a score others who were at the trainmaster's building at the time and saw the craft. It was first noticed by Mr. Zentmeyer and at that time was coming toward the city from the north of west. He called the attention of others to it and it was watched until it disappeared from sight. The ship was apparently 500 or 600 feet in the air, and as it passed over the town reports like a pistol shot were heard. The course east apparently followed the river. Attention to the ship was attracted by a bright light carried, rather than by the form, the outline of the ship being rather indistinct.

North Platte's Railroad Business.

The state railway commission has compiled statistics showing the gross railroad business at a number of the larger towns of the state. According to the figures, as published in the Omaha Bee, the total freight and passenger business transacted in North Platte in 1908 was \$232,473, in 1909 it was \$281,034 and for the year ending June, 1910, it had increased to \$625,761, an increase of nearly \$300,000 in three years. If these figures are correct, certainly the showing is a wonderful one. Brady is the only other point in Lincoln county where the business is shown. In 1908 the total at that point was \$32,932, in 1909 it was \$37,059 and in 1910 the total shows \$118,999.

If you select your holiday gifts early you have the advantage of best selections at lowest prices. Goods selected now will be held until Christmas.

Women as Well as Men

Have to be out in the slush and wet, and as they are not as hardy as men, their shoe needs at this time of the year should be very carefully looked after, for wet feet often mean a doctor bill, and there is a great deal more satisfaction in a shoe bill, for you get more good and more comfort out of what it calls for.
