Nemaha is getting quite a reputation as a musical town. The cornet band is one of the best in this section, and T. A. HARRY McCANDLESS,

And now a correspondent of the Auburn Herald is complaining because flour is so high. He is the same fellow who was complaining a short time ago because wheat was so low. He does not explain how he expects the price of wheat to double without increasing the price of flour.

T. A. Bath, Charles Meitz, Mr. and Mrs. John Davies and Mr. and Mrs. J. W. Ritchie, of Brownville, and Alex. McKinney, Wm. French and Chas. B. Metcalf, of London precinct, attended the fourth quarterly meeting of the M. E. church at Nemaha Monday forenoon. Mr. Metcalf was given license as a local preacher.

The Nemaha male quartette is getting quite a reputation. They are receiving calls from all parts of the county to sing at picnics, concerts, etc. The boys appreciate the praise they are receiving, but can't see much money in neglecting their business one or two days in the week for the sake of entertaining the dear people.

Dr. James Kay appears to be the only free silver democrat left in Nemaha precinct, as he was the only delegate in attendance at the county convention at Auburn, and apparently no other democrat could be found in the precinct, as they put in Dr. Keeling, a prohibitionist, as the other member of the county central committee.

Landon, the "divine healer," went back to Tecumseh Wednesday. He has been preaching on the street in front of the hotel to a steadily decreasing crowd, and Monday night announced that unless the people of Nemaha wanted him to stay longer he would return to Tecumseh Wednesday morning. Evidently the people signified no desire to have him remain with us. On Tuesday he came out dressed in pants, vest, coat, shoes and stiff hat. Whether this change from the robe, sandals, etc., was brought about by the influence of his wife, or for some other reason, we did not learn. He seemed to feel quite indignant that the peculiarities of his dress were commented on, but as this dress was worn to attract attention his indignation was only assumed in order to arouse a little sympathy and cause more talk and advertising.

Hen. Church Howe expects to leave for Palermo, Sicily, to assume the duties of consul at that place about the 1st of October. He will sail from New York on the German-Lloyd steamer direct to Palermo on October 9. The trip is expected to take about eleven days. He says he will take no clerk or secretary with him, but will retain, so far as he now knows, the present consulate force of Italians. He seems confident that he will like the place very much, and says he has a letter from the former consul at that place, and the latter says it is one of the most delightful places in the world to live, that the climate is unsurpassed and the people very pleasant.—Nebraska City News.

Rufus Rowen met with a very bad accident Thursday. He was assisting with the steam thrasher at the farm of Frank Shubert, near Shubert. A wagon was being backed to the machine and Mr. Rowen was back of the wagon, when the horses backed suddenly, catching Mr. Rowen's head between the heavy step to the straw carrier and the wagon. Mr. Rowen was badly hurt—how bad cannot yet be told. It seems strange his head was not crushed as the heavy wooden step was broken, so great was the force of the contact. One of the Shubert doctors was sent for, who pronounced the case a very serious one. Dr. Andrews, of Stella, was afterward sent for. Mr. Rowen was taken home soon after the accident occurred.

The following, taken from the Shelbyville (Indiana) Democrat, refers to the golden wedding of an uncle of the editor of THE ADVERTISER. May they live to celebrate many more anniversaries of their wedding, and bountiful blessings rest upon them in their old age:
"Sunday, August 29, 1897, was the fiftieth anniversary of the marriage of Mr. and Mrs. C. M. Sanders. In commemoration of the event their many relatives gathered about the festive board at their home in Decatur county. When they were seated at the table a touching letter from an absent cousin was read. Then the numerous beautiful tokens of this their golden wedding were presented to Mr. and Mrs. Sanders. * * * An enjoyable time was had by those present, all joining in the wish that they might be spared to enjoy many more anniversary days."
