W. W. SANDERS, Publisher.

SUBSCRIPTION, - $1.50 PER YEAR

FRIDAY, SEPT. 29, 1899.

"Tote" Henderson, well known to a great many of our citizens, died at his residence near Stella Sept. 15th.

Joe Opelt, the veteran hotel man, died in Omaha Sunday evening, from a complication of diseases, the most pronounced being dropsy.

The nomination by the republican state convention of Judge Reese, of Lincoln, for judge of the supreme court seems to give satisfaction to every one except Holcomb and his supporters. Judge Reese is the strongest man that could have been nominated.

The appointments made at the M. E. conference for the ensuing year for the churches in this county are as follows:

Auburn—A C Crosthwaite (for the past six years presiding elder of the York district

Brock—J G Stanard.

Brownville, Nemaha and Bethel—J M Darby.

Howe—to be supplied

Johnson—G Shuman.

Peru—J H N Cobb.

Rev C H Gilmore goes to Filly, Rev John Gallagher to Seward, Rev J G Day to Cowles. Rev Wm Cowley was put on the superannuated list.

The republican judicial convention was held at Tecumseh Tuesday. Hon. John S Stull and Hon. Chas B. Letton, the present district judges, were renominated on the first ballot. W. C LeHane, of Beatrice, was the only other candidate. Every delegate was allowed to cast one vote each for two candidates. Gage county cast 22 for LeHane, 1 for Stull, and 21 did not vote for a second candidate. Johnson cast 10 for Stull and 10 for Letton; Nemaha 11 for Stull, 8 for Letton and 3 for LeHane; Pawnee 11 for Stull, 7 for Letton and 4 for LeHane; Richardson 15 for Stull, 15 for Letton and 2 for LeHane; Jefferson 12 for Stull and 2 for Letton. Totals, Stull 60, Letton 52 LeHane 31. B. F. Neal was elected member of the central committee from Nemaha county. Thos J Majors was elected chairman of the central committee, John Martin, of Richardson county, secretary, and A B. Allen, of Johnson county, treasurer.

The populists and democrats held their convention at Auburn last Saturday. A committee was appointed by the populists to see what the democrats wanted. They demanded county superintendent and either clerk or treasurer, and were given superintendent and clerk. They nominated Wm. C Parriott for superintendent and C O Snow for clerk. In the populist convention Geo. E. Codington, the present deputy, was nominated for treasurer by a small majority over Geo. Kennedy. A great many populists say this was a mistake as it would have been wise to have left out the entire court house ring. J. F. Cole was renominated for sheriff without open opposition. John C. Shull was nominated for county judge, but it is conceded he will not be elected. Riley Gilbert, of Johnson, was nominated for surveyor—the only office given the western part of the county. For district clerk Chas. Anderson was nominated but has since declined, as he realizes there is no hope of his being elected. For coroner Dr. I. S. Gaither, of Nemaha, was nominated. Then came the hardest fight of all. Each precinct in the Third commissioner district had a candidate and neither was willing to give way. It was after ten o'clock before Mr. Snyder was nominated. There is considerable soreness over the result of the convention.

His Lif Was Saved.

Mr J E Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cts. and $1. Trial bottles free at Keeling's drug store; every bottle guaranteed.

MAKING READY FOR A RUN.

A Locomotive Is Almost as Carefully Groomed as a Race Horse.

"Running the Fast Express" is the title of an article by George Ethelbert Walsh in St. Nicholas. Mr. Walsh says:

The engineer comes down to his post of duty nearly an hour before his train is scheduled to leave. All night long in the round-house the engine has been carefully watched; a wiper has spent the whole night rubbing down the panting, snorting iron horse, until every rod and cylinder shines like gold or silver; the banked fire has been kept going, so that a little steam has been always in the boxes; and before he left at night the fireman put everything in perfect order inside the cab. The fireman appears first in the morning and inspects the work of the round-house men; and if any part is not satisfactory, he makes it so. The engineer makes his inspection after the fireman, and thoroughly and carefully examines every part. All the bearings are then oiled, and the oil-cups are filled with oil. Next, the engine is run out of the round-house and tested. Fifteen minutes before the time to start, the engine is coupled to the train, and the steam and air-brakes are tested.

No race-horse was ever brought to his post better fitted for running the course than is the locomotive of the fast express. In addition to the tests already made, a mechanic goes from wheel to wheel, and upon every one strikes a sharp, resounding blow, to ascertain if the wheel and axle are sound. Nuts and bolts are examined. The engineer and fireman are held responsible for the perfect condition of the engine and cars before the start is made.

Nature's Balloons.

The island of fire, known by the natives as "The Home of the Hot Devils," is a recent discovery in Java. In the center of a huge lake of boiling mud and slime exists a phenomenon absolutely unique, and so wonderful that tourists brave the difficulties of the long journey inland simply to see it. Scores of enormous bubbles are formed in the sticky slime by the gases which arise from the lower depths, and these grow and increase to an enormous size, looking like nothing so much as the large model balloons sent up sometimes to ascertain the direction of the wind. These bubbles, some of them, attain a diameter of five or six feet before they burst, which they do with a loud explosion. The sounds are described as resembling a constant series of heavy platoon firing.

French Cyclist Custom.

The practice of carrying light canes on bicycles has now become almost a custom with the young men of France. The idea is to enable the riders to bring their wheels to a standstill by leaning a little to one side and supporting themselves with the cane while they engage in a chat with some acquaintance on the road.

Don't get scared when your heart troubles you. Most likely you suffer from indigestion. Kodol Dyspepsia Cure digests what you eat. It will cure every form of dyspepsia. Keeling.

A. R. DeFluent, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails. For sale by Keeling the druggist.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children. Keeling, the druggist.
