**The Christmas Tree.**  
The Christmas tree at the opera house Saturday night was a grand success. Every one we have heard speak of it says it was the handsomest arrangement ever seen in Nemaha. A fair sized oak tree was arranged on the stage in the center, but it was soon seen that this would not begin to hold the presents, so two arches, trimmed with evergreen, were made, one on each side of the tree, extending from the front ends of the stage to the center back of the tree. Then Albert Titus sent to the Titus Nursery and got two eight foot evergreens and these were placed near the center of the arches. The three trees and the arches were so covered with presents that to those in the hall the whole stage appeared to be filled with presents. People from Lincoln and other places said it was the handsomest Christmas arrangement they had ever seen.

The exercises, which were very brief, began promptly at 7:30. Three hymns were sung, prayer was offered by Dr. Keeling, who also offered a few remarks, announcements were made by the superintendent, W. W. Sanders, and then Santa Claus appeared, gave a little talk, sang a song and then turned the tree over to the committee, who distributed the presents. Every member of the Methodist Sunday school received a present from the school and it seemed as if almost every one in the audience was remembered. After the distribution of the presents 250 sacks of popcorn and almost as many sacks of candy and nuts were distributed.

All present appeared to enjoy themselves—especially the children. The opera house was crowded.

Next Tuesday evening at 7 o'clock the regular annual meeting of the Epworth League for the election of officers will be held. It is hoped every member of the league will be present.
