Mr. Downie D. Muir, late president of the First National bank during the time of its reconstruction under the auspices of President Perkins of the Burlington system, is about to take up his residence in New York. Mr. Muir in his long residence in Lincoln has established a reputation in the business world that will follow him wherever he goes, and it is with regret that the people of this city learn of his departure.

His judicious management of the First National bank, first as cashier and afterwards as president in a time of stress and doubt, was of great benefit to the business interests of Lincoln and southern Nebraska. The best wishes of Lincolnites go with him.—State Journal.

The above refers to an old Brownville boy, son of R. V. Muir. Downie Muir took his first lessons in the banking business in the old State bank of Brownville, of which the late William H. Hoover was president, we believe. He went from Brownville to Lincoln, where he has remained since with the exception of a brief residence in Denver a few years ago.
