The members of Dunraven castle No. 36, Royal Highlanders, had a successful entertainment and supper Tuesday night. The entertainment was held at the opera house. The good looking editor of The Advertiser, whose forehead, according to Bro. Gilmore, runs clear to the back of his head, acted as chairman, as Alf Kinton, the illustrious Protector, begged off. The opening ode was sung (and the clausmen are all good singers), and then Mrs. Alice McCandless gave a splendid recitation in a splendid way. The audience was then entertained by a song by Messrs. E. E. Rumbaugh, Marion Earhart and Al Morton, accompanied by the latter on a guitar. The song was well rendered. Rev. Chas. H. Gilmore then delivered one of the finest addresses on fraternal insurance to which we have ever listened. He showed up the good points of the Highlanders and its advantages in fine style. Rev. Gilmore is a pleasant and forcible speaker. The people of Nemaha always give him a warm greeting. After singing the closing ode the audience was dismissed and many repaired to the Minick hall and partook of one of the best suppers ever given in Nemaha—and Nemaha can't be beat for good suppers. Dunraven castle is to be congratulated on the success of the entertainment and supper. It will probably result in a largely increased membership.

J. P. HOOVER'S ARM AMPUTATED.

For many months Johnson P. Hoover has been troubled with a sore on his right hand. The latter part of November he had it examined by Dr. Henry, of Omaha, who pronounced it cancer and advised him to have the hand taken off. Mr. Hoover did not want to do this except as a last resort, so the next week he went to Bethany, Mo., and consulted a specialist on cancers, who made a thorough examination and then said he thought he could effect a cure. Mr. Hoover brought the medicine home with him and faithfully followed the treatment prescribed. For awhile he was greatly encouraged and though the treatment caused great suffering he persisted in it. Dr. Gaither, who was attending him, became convinced some time ago that the only hope of saving Mr. Hoover's life was in having the arm amputated. Monday of this week Dr. R. Roy Ross, of Nebraska City, one of the best physicians and surgeons in the state, was called in consultation. He advised the immediate amputation of the arm. Mr. Hoover consented and it was decided to perform the operation on Wednesday. Dr. Ross came down from the city on the morning train, the necessary preparations were made, chloroform was administered and the arm was amputated near the shoulder. Dr. Ross was assisted in the operation by Drs. Gaither and Keeling. Mr. Hoover stood the operation well and rallied from the effects of the chloroform in good shape. He is getting along well. We hope this operation will effect a thorough cure and that Mr. Hoover will be spared for many years to his family and to the community.
