

Calendar for October 1903 showing days of the week and dates.

TOPICS OF THE DAY.

Cash Versus Hot Air. Senator Hanna's brother has given \$100,000 to the Western Reserve (O.) university. This will make more votes than a joint debate.

Good Eyes and Nerve to Match. That railway engineer who baffled the train robbers by running by the red lantern they flourished certainly understands a danger signal when he sees it.

Lucky Duke. The duke of Roxburgh, fiance of Miss Goelet, will get millions of dollars for his title, and will still retain the title. This is eating his cake and having it, too.

Henri Certain of Election. Col. Henri Watterson is to take the stump for his son, who is running for the New York assembly. The voters will think it is the colonel that is running, and will triumphantly elect him.

Only a Question of Digging. Ore has been found in Colorado containing radium, uranium, vanadium, barium and polonium. If they dig a little deeper maybe they will find euphonium and palladium.

Not until the Blow Falls. Gen. Young, chief of staff, has established a press censorship at the war department. Not until the blow falls will the country be permitted to know whether Germany attacked us on the right or the left flank.

Busy Day for Weather Bureau. It snowed in Minnesota, tornadoed in Wisconsin, "frosted" in Illinois, rained in Missouri, blew great guns in Kansas, sunstruck people in Texas and was "balmy" in Oklahoma, simultaneously on Sunday, October 4. It was the weather bureau's busy day.

Saved a Snug Salary. Although the Cramps have been forced out of the great Philadelphia shipbuilding concern, the senior member of the old company, Charles H. Cramp, will remain with the new company as an adviser to the president, receiving a salary of \$20,000 a year.

Always the "Root." President Butler, of Columbia university, says the university school of journalism can't guarantee to produce good newspaper men if the students have not the root of the matter in them. That's right; it is "root, hog, or die" in the newspaper business. Nothing goes by favor.

What Ails Mrs. Fish? It was reported recently that Stuyvesant Fish, president of the Illinois Central railroad, had with great difficulty succeeded in keeping something relating to Mrs. Fish out of an eastern paper. Mrs. Fish, however, appears to be irrefragable. She is out with an interview now in which she says: "It is said that Mrs. Roosevelt dresses on \$300 a year. And she looks it." Mrs. Stuyvesant Fish probably finds it difficult to dress on \$300 a week.

Piano and Children's Nerves. It is a Berlin physician, who must be a sufferer from such "practice," who has just started a campaign against the widely-spread custom of giving pianoforte lessons to children. He asserts that this instrument is largely responsible for the alarming development of nervous affections, which are steadily increasing. In his opinion a girl ought not to begin the study of music before the age of 16 years, and even after that age not more than two hours a day ought to be devoted to practice.

Penalties of Greatness. "Uncle Joe" Cannon is compelled to take a fine house and entertain in a manner befitting his position now that he is to be speaker. He would greatly prefer the simple, unostentatious life he led while he was a mere member and his greatest delight is to sit in the lobby of his hotel and swap yarns with his cronies. They do say that his happiest days are when he is back in the Danville neighborhood, expounding politics in some village grocery and splitting at the stove.

EIGHT MUST HANG.

Highest Punishment Visited Upon Ladrones in the Philippines.

Officials Are Trying to Make Treason Odious—Native Policemen Attacked by 500 Headhunters and 53 of Latter Killed.

Manila, Oct. 13.—Eight ladrones have just been sentenced here to be hanged and two to 25 years' imprisonment by Judge H. Sweeney. These men were captured in Bulacan and other provinces of Luzon adjacent to Manila. A second body of ladrones are in the island of Panay, where they have attacked the town of Ibay and killed 13 of the inhabitants.

Lieut. Velasquez and 30 men of the constabulary were attacked recently by 500 headhunters of Neuva Viscaya and lost two men, after killing 53 and wounding large numbers of the headhunters. The enemy was armed with rifles and bolos. The constabulary under command of Velasquez are reported to be suffering from disease similar to cholera.

As a result of the investigation of Customs Collector Schuster, Gov. Taft has made a requisition upon the Chinese authorities at Shanghai for the extradition of W. D. Ballantine, inspector of customs, arrested there for alleged complicity in the conspiracy for the issuance of what are suspected to be fraudulent certificates.

WANTS OUT OF PRISON.

Evangelist Under Arrest at St. Joseph, Mo., for Adultery Promises to Be Good If Released.

St. Joseph, Mo., Oct. 13.—Rev. J. W. Adams, for years a successful evangelist in the church of the Latter Day Saints, was arrested here in the company of Mrs. Susie Schrader, of Louisville, Ky. Adams was until recently in charge of a large missionary field, with headquarters in Louisville, and because of his attentions to Mrs. Schrader was withdrawn from work there. He returned to his wife and children at Stewartsville, Mo., and joined Mrs. Schrader in St. Joseph two days ago. Adams last night kissed his wife through the iron bars at the police station, promising to return home and lead a righteous life as soon as he is out of his present troubles. Mrs. Schrader's husband, a horseman, wired that he would come from Louisville at once and escort his wife home.

THREW PRIEST INTO RIVER.

At Bilbao, Spain, a Serious Clash Occurred Between Socialists and Roman Catholic Clericals.

Bilbao, Spain, Oct. 13.—As a result of the collision Sunday between socialists and a body of clericals, 7 persons were killed and 33 were wounded, some of the latter being mortally injured. Revolvers were fired from the Catholic clubs and from the windows of the church of St. Nicholas. The vicar of that church was arrested on the charge of shooting several socialists and a number of priests were arrested charged with instigating riots. During the fighting the anti-clericals threw a priest into the river.

INDESCRIBABLE BRUTALITY.

Woman Who Was in Kishineff Massacre Arrives in Des Moines and Confirms Stories of Horror.

Des Moines, Ia., Oct. 13.—After a journey of six weeks, Mrs. Esther Steinberg and her three children, who were hidden in the cellar of a Christian home three days during the Kishineff massacre in Russia, have arrived in Des Moines to join Mr. Steinberg, who has been here for two years. She brought with her pictures taken after the worst of the massacre and confirms all of the stories of horror which have been reported; even more.

FARMS FALL INTO RIVER.

Near Plattsmouth, Neb., Great Anxiety Is Felt Over the Encroachments of the Missouri.

Plattsmouth, Neb., Oct. 13.—Farmers on the east side of the Missouri river are losing many acres of valuable land by reason of the river's current cutting the land away. The heaviest loss so far is on the Connor place, where 80 acres have been washed completely away. Other properties have also been heavily damaged. Old residents fear the entire section embraced by the big bend above Henton station will be swept away.

Convict's Divorced Wife Killed.

Sedalia, Mo., Oct. 13.—Miss Ellen Broden, the divorced wife of John Brockaway, who is serving a term in the penitentiary for the murder of his second wife, was shot and killed by John Meyers, a farmer near Gravois Mills, Morgan county. Meyers is in jail at Versailles.

The Farmers' Trust Enters Nebraska.

Lincoln, Neb., Oct. 13.—The Farmers' Co-operative Shipping association, commonly called the farmers' trust, has legally entered the state of Nebraska, the secretary of state having received its incorporation papers.

WOULD MAKE THEM WARDS.

Methodist Negro Educator Thinks the Government Should Treat Black Man and Indian Alike.

Chicago, Oct. 13.—A memorial to congress presented several days ago by Dr. C. L. Parks, of Atlanta, Ga., recommending the education of the colored people of the south by the United States government, was adopted yesterday by the Rock River conference of the Methodist church in session at Aurora, Ill. Dr. Parks desires to put the negro on the same plane with the Indian, making him a ward of the government. The legal difficulties which may arise, he believes, can be surmounted by a carefully planned campaign and he sees in the consummation of his plan a solution of the negro problem. A committee of seven is named in the memorial to convey the resolutions to congress.

PECULIAR AND ECCENTRIC.

Thomas Murray, a One-Time Millionaire of Omaha, Is Dead in a Shack in That City.

Omaha, Neb., Oct. 13.—Thomas Murray, until a few years ago rated a millionaire and who made most of his wealth dealing in second-hand goods, died in a shack in the southern part of the city early yesterday. Murray, who has lived in Omaha for 50 years, was a bachelor and was famous for his peculiarities and eccentricities. He built the first six-story brick building in the city, for which he burned his own brick and was 12 years in its building. His second store, which was known as the "Old Curiosity Shop," contained almost everything known to junk lore. A great deal of his fortune was lost in real estate. He left but one known relative, a nephew, who lives in Colorado.

DEMORALIZED BY CIGARETTES.

The Mayor of Halstead Says Boys of That Town Are Going to the Dogs Through Smoking.

Topeka, Kan., Oct. 13.—The attorney general received a letter from the mayor of Halstead, Kan., yesterday asking him if there was any state law under which a city of the third class could pass a valid ordinance prohibiting boys under 18 years old from smoking cigarettes. He said that a good portion of the boys of Halstead were going to the dogs via the cigarette route and he wanted to stop their downward career if he could.

THREE TRAINMEN KILLED.

A Box Car Knocked Over by an Engine on a Crowd of Switchmen and Flagmen.

Kansas City, Mo., Oct. 13.—As a crowd of switchmen and flagmen were gathered around a little fire at St. Louis avenue and Santa Fe street last night about 7:30 o'clock a Missouri Pacific engine struck a Frisco freight train, knocked a box car over on its side and crushed out the life of two switchmen and a flagman and injured two others.

Over 400 Philippine Islands.

San Francisco, Oct. 13.—A. Henry Savage Landor, the English artist and traveler, who has been engaged the past nine months exploring the Philippines, has arrived here from the orient. Mr. Landor visited some 400 islands altogether, many of which he says had never before been visited by a white man. Mr. Landor states that success is gradually crowning the establishment of American administration in the islands.

Post Office Receipts for September.

Washington, Oct. 13.—The statement of the post office department giving the receipts at 50 of the largest post offices in the country for the month of September shows the total to be \$5,509,422, a gain of nearly nine per cent. over the receipts for the same month last year. The largest gain was made at Omaha, Neb., where the receipts were \$44,057, which is 21 per cent. more than the receipts for September, 1902.

Wants Divorce from Aged Husband.

Buda-Pesth, Oct. 13.—Countess Marie Zichy, wife of the Austrian ambassador in Munich, has left her old husband, her step being indirectly due, it is claimed, to President Roosevelt's letter against race suicide. The young and vivacious ambassadress wants children, and therefore decided to marry a younger man—an athletic artist who, by the way, is as poor as Zichy is rich.

Will Visit the Territories.

Chicago Oct. 13.—A special train on the Santa Fe left Chicago last night having on board a number of United States senators and congressmen, the guests of William R. Hearst. The party will visit the principal cities of New Mexico, Arizona and Oklahoma for the purpose of getting information as to the qualifications of the territories for statehood. The trip will occupy about ten days.

Will Develop the Dan Grow Mine.

Sedalia, Mo., Oct. 13.—A company with a capital of \$500,000 has been organized and incorporated to develop what is known as the Dan Grow mine in the heart of the Raymond district.

Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be quickly and permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain and could find no relief, but one day when visiting a friend I run across Lydia E. Pinkham's Vegetable Compound,—she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain and only had to use a few bottles to bring about this wonderful change. I use it occasionally now when I am exceptionally tired or worn out."—Miss ALICE M. SMITH, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee Minneapolis Study Club.

Beauty and strength in women vanish early in life because of monthly pain or some menstrual irregularity. Many suffer silently and see their best gifts fade away. Lydia E. Pinkham's Vegetable Compound helps women preserve roundness of form and freshness of face because it makes their entire female organism healthy. It carries women safely through the various natural crises and is the safeguard of woman's health. The truth about this great medicine is told in the letters from women published in this paper constantly.

Mrs. C. Kleinschrodt, Morrison, Ill., says:—

"DEAR MRS. PINKHAM:—I have suffered ever since I was thirteen years of age with my menses. They were irregular and very painful. I doctored a great deal but received no benefit. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, which I did, and after taking a few bottles of it, I found great relief. Menstruation is now regular and without pain. I am enjoying better health than I have for sometime."

How is it possible for us to make it plainer that Lydia E. Pinkham's Vegetable Compound will positively help all sick women? All women are constituted alike, rich and poor, high and low,—all suffer from the same organic troubles. Surely, no one can wish to remain weak and sickly, discouraged with life and without hope for the future, when proof is so unmistakable that Lydia E. Pinkham's Vegetable Compound will cure monthly suffering—all womb and ovarian troubles, and all the ills peculiar to women.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.
