

**DO YOU GET UP WITH A LAME BACK?**

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**No Secret About It**

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Keeling's drug store.

Lincoln Evening News: Enclosed find check for \$3 for one year's subscription to the Lincoln Daily News. I like the paper very much indeed and have often taken occasion to commend its stand for decent politics and fundamental reforms. It is worth a good deal to the advocates of such measures as the single tax, direct primary, direct legislation, etc., to have an influential paper which will give moral support, or at any rate, fair treatment to their efforts and I am glad the Lincoln News has grit enough to say that right is right and wrong is wrong, no matter by whom advocated or by whom opposed. This is not saying that I approve of every position you take. It is merely saying that I think you are trying to be fair, and that spirit among daily papers seems almost as rare as it is desirable. Respectfully,

A. G. CHAPMAN.

Reader, don't you want this kind of a paper? It only costs 25 cents a month.

**Huge Task**

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitter, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by W. W. Keeling druggist; price 50c."

If the Nemaha ball team can secure outside teams to play they are figuring on a three day's base ball tournament about next week with Falls City, Stella and Elm Bend, Mo. There will be good games each day.

With the summer's work over why not come and have your eyes carefully fitted with glasses by Dr. Hutchison who will make his next visit here on Tuesday, Sept. 28.

Proper glasses are the only permanent remedy for a majority of headaches.

There is some talk of a special session of the legislature to enact legislation on the pass question and other matters involved in the republican platform. We suppose those who advocate calling an extra session believe in striking while the iron is hot, and getting the needed laws enacted while the matter is fresh in the minds of the people.

On account of the storm last Saturday and the fact that no trains were running and so many roads were impassible, the democratic and fusion conventions were postponed until next Saturday. Delegates to the state conventions were selected by the few who were present. W. F. Keeling was a delegate to the state convention but did not attend.

**A Dime Sociable**

The Eastern Star social that was to have been given last Saturday night was postponed on account of the storm and will be given Saturday night of this week. Ice cream, cake and coffee will be served. The social will be given in the Hoover store room south of the drug store. Everybody is invited.

Geo. D. Carrington, jr., has made such a good county superintendent that his reelection by a big majority is conceded by everybody. He is a rustler, visits every school in the county from once to three times yearly, criticizes, encourages and helps pupils and teachers, advises the school board, talks, lectures, sings, and in every way makes almost a model superintendent. County Superintendent Carrington is all right, all right.

The storm Friday night of last week was the worst we have had for years. It thundered and lightened almost continually and the next morning a large number of the phones were found to be burned out. Lightning struck Mrs. Scott's house, the bolt coming in near the head of the bed where Mrs. Scott was lying, but it did not do a great deal of damage. Mrs. Scott had a very severe headache the next day. August Quiller's house was also struck but little damage was done except to burn off the telephone wire where it enters the house. A tree between the public well and Mrs. Wm. H. Hoover's home was also struck.

The republican state convention passed a resolution declaring against the using of passes by state officials. Immediately Gov. Mickey, Attorney General Brown and Land Commissioner Eaton returned their passes. Treasurer Mortensen had his passes stolen a few days ago, and it is understood will not apply for others. Secretary of State Galusha says the use of passes by state officials saves the state annually a large sum of money and he sees no harm in using them, and thus saving the state of creating a deficiency by having to pay the fare of state officers. But judging from the action of the conventions, the people would rather pay the transportation for the state officers than have them travel on passes.

When Verdon had her two day's picnic the people in and round Shubert almost fell over one another to attend it. They went down in masses. Note the difference. When Shubert had her three day's carnival a show worth coming miles to see, there were not a half dozen people from Verdon in attendance, so far as we know. Well, all we have to say is that Verdon may have another picnic some time.

For years Nemaha has been having her annual picnic and the people from here have been going. In return, at our carnival the Nemaha people have been conspicuous for their presence, in numbers that were noticeable, and all took part and helped so far as possible to make our carnival a success, and for their presence and good will the managers desire to return their sincere thanks.—Shubert Citizen.

The republican state convention held at Lincoln Thursday of last week was a lively affair. The leading candidates were Judge Letton of Fairbury, Judge Duffie of Omaha and Judge Ames of Lincoln. On the third ballot an effort was made to change the Lancaster vote from Ames to Duffie and it was so announced by the chairman of the delegation, but Senator Burkett did not propose to allow his vote to be cast except for the man he wanted to vote for, and so he demanded a poll of the delegation, with the result that over half of them voted for Letton and he was nominated. The nominee is well known in Nemaha county, having served as district judge for almost eight years, and will receive a large vote here. He is an able man and stands high as a judge. He has been a member of the supreme court commission for the past two years.
