We take pleasure in again calling the attention of the public to the special meetings now being held at the Christian church by State Evangelist Samuel Gregg. Bro. Gregg is a man of force and very logical in his preaching, and best of all is the sweet spirit in which he presents his subject. If you are looking for something to offend you will only hear the preaching of the "the word," and Bro. Gregg is surely as the apostles of old is "as wise as a serpent and harmless as a dove." His themes for the rest of the week and over Sunday will be: Friday evening, "Repentance." Saturday evening, "The cleansing of Naaman." Sunday, 11 a. m., "Gods Memorial;" 7:30 p. m., "The church and its blessings." Other announcements later.

Again we invite the attendance of the public, and to the members and their families remember the Thanksgiving day services. J. W. Sapp.

J. M. Alread of St. Deroin precinct died Monday night of this week, from pneumonia. Mr. Alread lived alone on a small farm near St. Deroin. About three weeks ago some one remarked that he had not been seen for a few days, and when they went to his home he was found sick. He was cared for, and later removed to the home of a neighbor where the best of care was taken of him, but he grew steadily worse until he died. The funeral services were held Wednesday and the remains laid at rest in the Prairie Union cemetery.

Mr. Alread was a christian gentleman who was highly respected in the community in which he lived. He was superintendent of the St. Deroin Sunday school, in which he took great interest, and where he will be sadly missed.

## Consolidation of School Districts

The meeting held at the opera house Monday night, for the purpose of discussing the question of the consolidation of school districts 33, 35, 36, 37, 59 und 60 was well attended, the opera house being filled with attentive listeners. Great interest was manifested. O. J. Kern, county superintendent of Winnebago county, Ills., gave the principal address, using the stereoptican and showing pictures explaining how the plan works in Illinois and Ohio. Unfortunately the gas for the machine gave out before the completion of the lecture but enough was given to show the great benefit to the patrons of the consolidated districts.

A meeting was held at Howe Tuesday night.
