### Medicine That is Medicine.

"I have suffered a good deal with malaria and stomach complaints, but I have found a remedy that keeps me well, and that remedy is Electric Bitters; a medicine that is medicine for stomach and liver troubles and for run down conditions," says W. C. Kestler of Halliday, Ark. Electric Bitters purify and enrich the blood, tone up the nerves and impart vigor and energy to the weak. Your money refunded if it fails to help you. 50c at Keeling's.

W. C. Drury, who is now in the hotel business at Nemaha, was looking after his interests here a part of this week. He reports a good trade in his line in Nemaha and seems well satisfied with his new business.—Crab Orchard Herald.

Monday night three bums stole a boat belonging to Jacob Sears, living between Peru and Brownville. Mr. Sears and another man started after the thieves in another boat, and Wednesday morning they found the stolen boat tied up on the banks of the Missouri river east of Nemaha. The bums had boarded the south bound freight the night before.

A little effusion from the Mounds (Okla.) Enterprise show that journalistic conditions in the new state are much the same as elsewhere: "Who weeps with you when you are sad and laughs with you when you are mad?"—The Editor. Who has to be both kind and wise, and never (hardly ever) lies, and when he does create surprise? The Editor. Who owns a heart as well as cheek, possessed of spirit proud yet meek, and lives on 40 cents a week?—The Editor."

### The Care of Your Teeth.

It is a great mistake to use cheap tooth powders. They are coarse and gritty, and contain nothing to ensure alkalinity of the mouth. It is much better to have one's tooth powder prepared at a reliable chemist's, and the following formula was given to me by a New York dentist:

Sodium bicarbonate 1 dram, magnesium carbonate 1 dram, powdered orris root 1 dram, precipitated chalk 2 ounces, menthol 5 grains. Flavor with oil of wintergreen.

A mild antiseptic wash should follow the use of the powder; for this purpose listerine, milk of magnesia and glycothymoliné are good. They must be diluted.

Dentists have assured me that if we use bicarbonate of soda upon our teeth every day, rubbing it well into the spaces, they would be forced to close their offices.—January Delineator.

Preventies, the new Candy Cold Cure Tablets, are said by druggists to have four special specific advantages over all other remedies for a cold. First—they contain no quinine, nothing harsh or sickening. Second—they give almost instant relief. Third—pleasant to taste, like candy. Fourth—a large box, 48 preventies—at 25 cents. Also fine for feverish children. Sold by Keeling.

## Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative. For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

The veterinary surgeon from Falls City was up to see a horse that was very sick belonging to Del Webb.

### SHOOTING MATCH FRIDAY

#### Was a Howling Success.

To say that Handey & Edwards had a good shooting match is putting it mildly. There were shooters from far and near.

Vrank Featch from Verdon in his snort wagon came loaded for bear, but as there were no bear to shoot for of course done his best to win a few turkeys, and by sticking and staying got two turkeys and a goose.

He also brought with him a man by the name of Skinner, but I noticed that he didn't skin anybody.

Then there was Prank Farriott from Shubert that shot with all the vim and vigor he could muster up and finely won the prize bird, which was a thirty pound gobbler.

Nemaha was well represented. Beddie Euchenau and Arence Caynes tried hard with their repeaters but being out of luck Beddie got a goose or two and Arence got what the little boy shot at, but kept right on shooting as long as there was anything to shoot at.

Now here comes the crack shots from Peru, but something was surely wrong as Prover Garriott shot all of his ammunition away and only got a goose, while Edney Redwards got nine.

Hake Jandley done fairly well for a scrub, but Earley Edwards was a much better shot, but didn't win much. I suppose on account of a new gun and a boil on his jaw.

Hilly Barger is a stayer if he can't win, but the longer he shot the more ammunition he wasted.

Pee Larriott said he could shoot just good enough to not win anything, but like all good shooters kept thinking his luck would change, and it did, and he got a turkey.

George Gisher came in a hurry and left his grit at home. It takes grit to shoot, so he didn't stay long enough to win.

Darley Ceyors captured a gander and went strutting down the road home like a boy with new boots.

Ctev Sooper was the most excited fellow over winning a prize, so much so that he forgot to take his gun home.

Him Jandley soon shot out and said this was his day off.

Only one thing to mar the occasion, that being one fellow made a mistake and took another fellows gun home with him and never knew the difference until asked about it that night over the telephone.

So much for one of the nicest shooting matches we ever had.

Come again, boys, and we will give you the best we have in store.
