WESSEL & DOBBINS, Prop'rs.

The baseball season has commenced, and the yell of the umpire and the kick of the player are heard in the land.

The Journal ridicules Mr. L. W. Billingsley's horse. There is one thing, however, to be said in favor of the horse; it never wrote poetry.

LINCOLN streets were never in a worse condition. Not only where they are torn up preparatory to paving, but in nearly all parts of the city.

The report that Maggie Mitchell was going to quit playing "Fanchon" appears to be unfounded. She will close its sixty-fourth season next month. Maggie never deserts an old friend.

The spring crop of suicides is unusually large. We cannot understand why it is that a man will struggle along through a hard winter when work is scarce, and then take his life in the spring.

MONDAY will be Arbor day. Let all the citizens of Lincoln observe the day as it should be observed. A good idea is to plant a tree or trees along the curb in front of your house, if you have not already done so.

ORGANIZED labor is causing contractors considerable trouble in Omaha and Kansas City. Lincoln workmen adopted the sensible plan and settled the summer's scale with employers before the building season commenced, and everything so far has moved along swimmingly.

ROSCOE CONKLING, the brilliant ex-senator from New York, is dead. He was a great man, greater in his purity and incorruptibility of character in high official place than in any service he has done the public. Of late years Mr. Conkling has devoted his time and talents to the practice of law, and was a very successful advocate.

The young man who does the dramatic work for the Omaha Excelsior has evidently mistaken his vocation. He should be an actor. If we are to believe his voluminous criticisms there are but few worthy knights of the sock and buskin now on the boards, and the stage would undoubtedly be the gainer by his change of occupation.

We fail to understand how, in the light of recent developments, any citizen of Lincoln can conscientiously advocate the use of cedar blocks as a paving material. The COURIER is for brick first and granite next, and wants no cedar blocks in its. Cedar blocks are very cheap, but they won't last long. Any one who desires to know something about cedar blocks is invited to inspect those at the corner of Eleventh and P streets and at the foot of P and Q streets, and if they are then in favor of that material for paving we have nothing more to say. Lincoln has plenty of brickmakers who stand ready to bid on the paving of our streets with brick, if our people signify their desire of trying it. Patronize home industries.

The finest line of long wraps for traveling and street wear can be found at Ashby & Millsbaugh's.

Brown's Vienna Coffee and Oyster house in the opera house block is the neatest and noblest resort in the city.

For all kinds of society stationery, such as invitations, programs, cards, menus, etc. call at the COURIER office in the new Burr block.

Go east by the St. Louis and the Missouri Pacific railroad and avoid all omnibus transfers; all changes made in Union depots via this route. Chair cars free.

Excursion West and Northwest. Daily excursions have been arranged for over the Union Pacific Railway to San Francisco, San Diego, Colton, Los Angeles, San Bernardino and San Jose, California, also to Portland, Oregon, at \$8.00 for the round trip. Tickets are good 60 days for going passage and good for the return trip for six months from date of sale with the usual stopover privileges in both directions within these limits.

These tickets are also good by way of Denver and Salt Lake City in each direction. The agent, Mr. E. B. Slosson, tells us quite a number of our townsmen are thinking of making the trip soon, and it would be well for those intending to go in select parties to see him and arrange for their accommodations.

Mr. John B. Frawley, traveling agent, Union Pacific, at Omaha, Neb., will give you any further information in regard to these excursions. Parties who prefer can correspond with Mr. J. S. Tebbets, G. P. & T. A., Omaha, Neb.

New Train Service on the Elkhorn Line. Train No. 42 now leaves Lincoln at 6:55 a. m. and runs through solid to Missouri Valley and there makes close connections for Sioux City, Chicago and the east. At Fremont direct connection is made for Omaha. Train No. 44 leaves at 10:35 a. m. and carries a through sleeper for Chicago which is attached to the C. & N. W. Flyer at Missouri Valley. This train makes connections at Fremont for Norfolk, Chadron, Rapid City, Douglas, Geneva, Hastings, Omaha, Sioux City, St. Paul and intermediate points. Office 115 south 10th street and depot corner 8. and 8th streets.

CAVALRY RAIDS.

In its next issue the COURIER will publish elegantly illustrated articles describing three of the most daring cavalry raids of the spring campaign of 1883, namely, Grierson's ride through Mississippi in April of that year, Straight's raid through northern Georgia the following month, and Kilpatrick's bold dashes through the heart of the confederate country. The sketches are accompanied by portraits of the daring leaders and Gens. J. E. B. Stuart, Pleasanton, Dodge and Col. Rodley. These articles are part of the unwritten history of the war, and are prepared by competent authority. We invite a careful perusal of them by all old soldiers, as well as the younger generation, as they are of peculiar interest now that sectional hate and prejudices have passed away and persons and events can be dispassionately discussed.

P. H. P.

We have looked through the Practical Home Physician with much satisfaction. It is written in an easy and familiar style. We take great pleasure in saying that we regard it as possessing claims to a place in the homes of the people that no other work within our knowledge, on popular medicine, has been found worthy to occupy. The names of the editors furnish a guarantee to the people of its legitimacy, and its close, concise and accurate history of the diseases recorded, and instructions in plain saxon, as to the use of remedies, will commend it to the common sense of the general public. Its claims to merit as a scientific, practical work, adapted to the needs of the people, on the subjects treated, are of a high order, and we will take great pleasure in recommending it as a household friend to any family, and as a volume full of good, practical and wholesome advice. Our readers will have the opportunity in the coming month to obtain this wonderful work by subscription of Mr. Cobb, the general agent, at 342 south Eleventh street, or from his solicitors who will call on you.

RHEUMATISM.

SOME REMARKABLE CURES OF ONE OF THE MOST STUBBORN AND AGGRAVATING DISEASES THAT AFFLICT MANKIND. A NEWS reporter learning that Mrs. N. M. Peters of East Des Moines, who was long afflicted with rheumatism had been completely cured, concluded to call on the lady and get the facts direct from her for the benefit of any of our readers who may be similarly afflicted. He found Mrs. Peters to be a very pleasant lady of middle age, in good health and doing her own house work. On being questioned she said: "I had suffered with rheumatism the greater part of the time for nearly seven years. At times I was almost helpless. I had doctored a great deal for it with physicians and tried electric belts and almost everything that is recommended for rheumatism, as no one will suffer with it as I did, without doing all that can be done to relieve it. Finally a neighbor woman advised me to try Chamberlain's Pain Balm and was so sure that it would help me, that I procured a bottle. It did help me right from the start but it took five 50 cent bottles to cure me, so you can guess how bad I was, as one or two bottles will cure any ordinary case. It is a grand good medicine and has done me a power of good, and I hope you will publish the facts in your valuable paper, that everybody may know it."

As the remedy referred to is of home manufacture we concluded to call on the proprietors, Messrs. Chamberlain & Co. We find they conduct one of the largest and most successful proprietary medicine laboratories in the west, and that Chamberlain's Pain Balm is fast becoming a household necessity all the way from the Gulf of Mexico to the Pacific Ocean. They have hundreds of testimonials from persons who have been cured by it, not only of rheumatism but neuralgia and other painful affections. From which we selected the following: This is to certify that I was very lame with rheumatism, my joints were swelled badly, I could with difficulty turn in bed, I was induced by my physician to try a bottle of Chamberlain's Pain Balm, and am now able to attend to my regular duties. I am a blacksmith.

Chamberlain's Cough Remedy is a certain and permanent cure for coughs, colds, croup, whooping cough and sore throat. A fifty cent bottle of Chamberlain's Cough Remedy will go nearly as far as a dollar bottle of any other cough preparation in the market, and will do you much more good. It is positively without an equal for throat and lung diseases. Sold at W. J. Turner's.

Were all wise enough to heed this advice in season, a world of suffering would be avoided. The best months in which to take Hood's Sarsaparilla, the great blood purifier, are

March April May

At no other season is the body so much in need of, or so susceptible to the benefit to be derived from Hood's Sarsaparilla, as now. The impoverished condition of the blood, the weakening effects of the long, cold winter, the lost appetite, and that tired feeling, all make a good spring medicine absolutely necessary. Try Hood's Sarsaparilla and you will be convinced that it is the ideal spring medicine.

BLOOD POISON.

Old-drad teeth contain the quintessence of blood poison! Who can swallow it, gushing out of old teeth at every meal and be healthy? These teeth are dead, ulcerated, unhealthy, frequently cause a swollen face. Should certain, be extracted and replaced with good, artificial teeth that never ache. Can be extracted without pain. No numbing.

ABRASION OF THE TEETH.

The above cut shows the teeth of a man 40 years of age, from Dr. Bell in 1831. We meet with this affection in the teeth in various forms and degrees. The ends of the crowns seem very soft, having a low degree of vitality and wear down showing a dark yellowish cupped spot in the center. Many are so foolish as to think that molar teeth are of little account, and let them go by default; after which all the force of the muscles are extended to the front teeth, wearing them down rapidly. The best, and only remedy, is to cover and build up the ends with gold and platinum, which wears like steel and saves them many years. We make a specialty of the gold work on building them up, contour fillings, etc.

Cuts A and B are from John Tomes, of England.
A—Two incisors with notches in the ends.
B shows the peg shaped teeth with yellowish pits in the eria.

For such teeth we have two remedies: First—To fill the pits in the ends with gold. Second—Extract them and replace them with artificial teeth. But the bones absorb away rapidly so that they will need resetting frequently.

We make the finest artificial teeth in the northwest. We use Justus' and White's patent teeth, with long, heavy, plus mounted on strong elastic plates. Those who patronize us will not be troubled with broken teeth and cracked plates, canker sore mouths, etc.

To loose the front teeth, is to loose half the power of speech, and more than half the beauty.

Diseased Gums.

The teeth turn black and die, the gums bleed at the slightest touch, ulcerate, the teeth loosen and fall out, the breath is horrible.
