Board of Education Meeting. The Plattsburgh School Board held their regular meeting last Monday evening for the purpose of effecting an organization for the coming school year. Officers were chosen as follows: L. D. Bennett, President; Horace Smith, Vice President; W. C. Showalter, Secretary. Run Over by the Cars. Anton Schuman, who was a tramp was run over by the cars last Thursday night about 9 o'clock. While in an intoxicated condition, he attempted to board an east-bound freight train a short distance above the switch shanty, and missing his footing, or for other cause, fell under the wheels. He was found by the yard men at about 9:30 o'clock and was conveyed to the Cottage House on a stretcher where Dr. T. P. Livingston attended him all night. The man's legs were horribly mangled by the car wheels, the right leg through the lower part of the middle third and the left leg in the upper third and into the knee joint. The wounded man never reacted, his pulse utterly failing to respond to stimulants, he died Friday morning at 9:15 a. m. He acknowledged that he was intoxicated at the time he tried to board the train and stated that his father lived on Oak Creek, eight miles south of Milwaukee, Wis. A Card of Thanks. Dear HERALD:—Through you we desire to tender our sincere thanks, to the many friends of South Bend and vicinity who so ably assisted in caring for and nursing our dear, departed Cora during her fatal illness, death and burial. And especially do we feel grateful to Mrs. Mm. McAfee and Mr. John T. Evans whose efforts in behalf of our loved one must have been super-human. Also to Mesdames W. D. Hill, Byron Dill, G. W. Mattison and Mr. Millard Leffler, who so heroically remained with us during her last moments and so nobly performed the work required at the death-bed. Dr. Meridith of Ashland (whose untiring services and medical skill could not conquer) is also gratefully remembered; also the many friends of Plattsburgh. To the mighty ruler of Heaven and Earth and all that there in is, must they look for a sufficient reward. The thanks of those left to mourn the loss of their dear one are inadequate. Sincerely Yours, WM. L. AND JENNIE R. WELLS. Celebration Notes. What a little enthusiasm will do in the way of increasing a city's population was evidenced last Thursday at the Opera House exercises. The speakers were from Omaha and the first one who orated upon the present pomp and glory of the county seat of Douglas county placed the population at 60,000 or 70,000. Succeeding speakers swelled the number to 90,000 and before the meeting closed one orator proclaimed the population of Omaha to be fully 100,000. The running teams did nicely. It was a good advertisement for the town. The test of the water works was in every way satisfactory. The Lincoln Journal, Omaha Bee and Herald wrote up the celebration in good shape. Hon. F. E. White's speeches in introducing the numerous orators, were among the most interesting features of the exercises at the opera house. The following named persons were the delegation from Weeping Water, that attended our celebration last Thursday: John Chase, David Woodard, B. C. Yeomans, E. H. Woolley, Dr. M. M. Butler, G. W. Norton, P. S. Barnes, David Dudley, S. Girardet, Thos. Howard, L. F. Travis, R. D. McNurlin, J. K. Keithley and Geo. Olive. They came over in carriages and brought the good will of the west end of Cass county and of the city of Weeping Water, and we wish them in return that end of the county will contribute toward Weeping Water.

Miss Maddern in the Quaker City. Miss Minnie Maddern has renewed her previous success in Caprice at the Walnut Street Theatre. Last evening the house was crowded, and the welcome extended to the charming little actress was one that must have done her heart good. She was twice recalled after the fall of the curtain and enthusiastically applauded. Miss Maddern well deserved this reception. She acted conscientiously and with deep feeling, winning the sympathy of the audience from the outset. Her acting and singing are alike good, and both were fully appreciated by her audience, which demanded several repetitions. Her support was excellent, Mr. J. T. Herndon as "Jetro Baxter," and Mr. William Morris as "Jack Henderson," being both worthy of praise. Two well-known Philadelphia ladies who occupied the society box at the Walnut St. Theatre during Miss Maddern's performance of "Caprice," were heard to simultaneously remark as the greatest all Ingenuie's made her appearance: "Oh! what lovely eyes she has, I'd give half my life if they were mine, and the other half for her hair." Miss Maddern is the Idol of the ladies and misses every-where. You can see and hear her at the Waterman Opera House next Tuesday May 17th. High School Notes. Lillian Pollock takes Miss Sue Sampson's place in the First ward for the remainder of the term. Miss Hattie Latham is teaching in the East Fourth Ward this week as Mrs. Laura Wilkinson has the measles. Miss Ollie Mathews, one of the seniors, has decided not to finish the course this year. Examinations begin in the High School next week. Rehearsals for the 27th are being held in the Opera House this week. Mrs. Perry Walker finds she can not send her children to school without a certificate from some one of the practicing physicians stating that they are free from the measles, with which disease they were afflicted. One day doesn't rule the year and one person can not rule the Board of health. Board of Education, City Schools and all the town. Some repairs are being made about the high school. CLARA WILSON. COUNTY LOCALS. AVOCA BUDGET. Avoca, Neb, May 5, '87. EDITOR HERALD:—Ex-Senator Orlando Tefft is looking after his interests in Potter, Cheyenne Co., this week. Mrs. William Westlake is very sick. Chicken cholera is bad around Avoca. Mrs. Garnet is completely recovered from her severe attack of lung fever. J. W. Brooks, H. C. Hinners, J. B. Carter, J. Graham and B. C. Marguardt constitute our new town board. Mrs. Dave Callen has been very sick but is improving rapidly. Chas. Barker has a new boy. Hinners is visiting her daughter in Wis. Mrs. J. C. Marguardt is able to be around again. Lawson Sheldon is building a farm residence just north of town. GLEANER. Three Grove Notes. THREE GROVE Neb., May 9, 1887. ED. HERALD:—The fruit bloom is quite large this year, and if nothing happens to it there will be plenty of fruit. The farmers are beginning to complain of the dry weather, and if it don't rain soon there will be lots of corn that won't come up until it does. Bob Hubbard's family, from Nebraska City, has moved in with Elisha Carroll, and is going to work in the vicinity the coming summer. Mrs. Dora Moore went out to Furnas county a week ago, to see some sick folks of R. C. Oldham's. Byron Young returned yesterday from Valparaiso, Neb., where he has been visiting Geo. Hendrixon take a herd of cattle gathered up in this precinct. The Three Groves church class have added a new spoke to their wheel, by taking in Mrs. W. W. Wiley as a probationary member. It was all done up at the last quarterly meeting. The Lewiston Sabbath school was organized some three or four weeks ago, with James Wiley as superintendent.

Mary Allison secretary. Who the remaining officers are we have not learned. The patrons of this school district held a special meeting some two weeks ago for the purpose of considering the matter of building a new school house. As the meeting was held during our absence, we can give nothing as to particulars of what was done. Some pretty warm discussion was had during the meeting. Quite a number of women turned out and voted—something that never took place in this district before. REPORTER. Murray Items. Mr. Editor:—I Suppose you begin to think that I had gone to the land of nod to seek a wife but I am still watching the Murray Boom. Farmers are very busy planting corn and looking for the new R. R.; if a man is seen with a spade around about our city, he is supposed to be a R. R. man. Dr. Brindell has opened a new drug store in this place. His brother John Brindell, is now reading medicine. If Johnny will study hard and get to the top of the ladder he is all right, for the bottom is always full in all professions, but plenty of room at the top. Mm. Laughrige is on the sick list; also Mrs. W. E. Latta is in very poor health. The neighbors all gathered in a few nights ago and surprised John Edmonds and family but they seemed to be agreeably surprised and every body reports a good time, for that is the kind of time Johnny always has. T. W. Faught seems to have a great deal of business at Edmond's but more especially at Weeping Water. If T. W. Faught is assessor for Weeping Water, we would like to know when he was elected for we don't think he had but one voter in that district. Dr. B. F. Brendel made a trip over in Iowa last Saturday to see a patient, when he goes again he intends to go prepared to wing some ducks; if S. F. Latta wishes to purchase game he had better send in his order to the Dr. in time. There is a path running across James Walker's corn field from Murray, it leads southwest, they say it is S. F. Latta's path; if so, it looks like he is another assessor elected by one vote. The old bachelor who started to the land of nod last winter to seek a wife and was freed by his own little dog is hunting dear this spring south of Murray he declares if he fails in capturing his dear little deer he will try and be assessor next time. The two happiest young men that was seen in Plattsburgh on the 5th was Andrew Morrow and Glen Rayal, they both stayed at church all day like good boys ought to do. Grief and joy both at one time: A lady saw a rat trying to catch a little chicken she walked into the house and got the gun killed the rat, a chicken and shot the well-curb all to pieces and killed an apple tree. ROVING BOY. DIED:—On Wednesday, May 4th 1887, at the residence of Mr. Wesley A. Davis near Weeping Water Neb., Mr. Jacob D. Martin of Salem, Iowa. The deceased had come to Weeping Water only a week previous to his death, ill with inflammatory rheumatism. For a few days he was thought by his physician to be getting well again, but was suddenly taken worse and died within a few hours. He leaves a little daughter, twenty months old who will be cared for by Mr. and Mrs. Davis, who are cousins to the deceased, as are also S. A. Davis of this city. The End of the World. Under the alluring title of "Vonden Unruelzungen in Weltall," Herr Falb, the well-known seismologist, has just published a work on the planetary revolutions which pessimists will find pleasant reading. Herr Falb develops the theory that the earth, like all the planets in the solar system, is slowly but surely drawing nearer to the sun. In the course of time a collision is inevitable. Meanwhile, the moon, working out its natural destiny, is approaching the earth at the alarming rate of nine feet per century. As it nears us the tide will gradually change, the sea will invade the land, climates will change, and the final collision will snuff the candle. The same fate, sooner or later, awaits the other planets. At last the sun itself will be extinguished. Twenty such solar extinctions have been observed by astronomers already, cheerfully remarks the author.
