SHERIDAN GROWING BETTER.

Favorable Turn in the Condition of the General.
He Says he Feels Splendid—A Turn For the Better.

WASHINGTON, May 29.—The latest reports from General Sheridan's sick bed indicate a decidedly favorable turn in his condition. At 9 o'clock last evening the physicians in attendance report that the general was looking and feeling better than he had for forty-eight hours previously. All day yesterday, notwithstanding newspaper reports to the contrary, General Sheridan was delirious. He turned uneasily in his bed and muttered unintelligibly. The swelling in his limbs occasioned by oedema, as the result of sluggishness of circulation, increased. Later in the night there was a decided turn for the worse and for several hours each moment was expected to be his last. Early this morning the general's pulse became more normal, the swelling in his limbs decreased, and when the consultation of the physicians was held it was universally decided that a turn for the better had taken place. During the day he has been conscious with few exceptions, has recognized friends, and had absolutely no return of the last sinking spells. The house has been besieged today with callers and many pedestrians and carriages have turned into Rhode Island avenue, passing the general's house. While there is no expectation that General Sheridan will recover permanently from the attack from which he has been suffering, some hopes are held out tonight that he will rally sufficiently from the attack under favorable conditions to be once more up and about. "His career, however," said one of the physicians in attendance, "has ended, and whatever the present results may be they cannot be very long delayed."

Troops Sent to Oelrichs.

CHADRON, Neb., May 29.—The Indian scare at Oelrichs, Dak., has been made so much of that today a troop of cavalry under Captain Hughes left Fort Robinson en route for that place. Calls had been made upon governor of Dakota for troops but today they were countermanded. There is a large emigration pouring into the country expected to be open for settlement and they are denied admission to the reservation and if they get into the reservation are notified to get out.

FORT ROBINSON, Neb., May 29.—Two troops of the ninth cavalry were ordered today by the department commander to go to Oelrichs, Dak., to investigate the reported Indian outbreak. Everything is quiet. The excitement was caused by a hunting party under Little Chief, of the Cheyennes.

RAPID CITY, Dak., May 29.—The Indian scare at Oelrichs has subsided, and settlers who stampeded have returned to their homes ashamed of the fright they exhibited. No danger ever existed, and the alarming reports sent out from there were wholly unwarranted by the facts. Colonel Thornby's request for two hundred stand of arms from Bismarck will be disregarded. Not a little sport has been made of the people who allowed their timidity to get the better of their judgement. Parties who have come into this place from along the Cheyenne river bring no news of the Indians whatever. All is quiet as far as can be learned, and no more danger of an outbreak exists now than at any time for years.

Nehawka.

Things look very well here at present. The corn is all planted and the late rains are bringing it up nicely.

There was quite a hostile feeling among the young men last Friday toward a Mr. Herd Minford, who persuaded Miss Martie Carroll to change her name to Minford. Some of the boys say if they had known she wasn't satisfied with her former name, they would have cheerfully invited her to assume their's. The transfer took place Friday, at 3 o'clock p. m. May their joys be as deep as the ocean, their sorrows as light as the foam.

Mr. John Murdock has been investing in sheep, we believe he has a herd of two. When he brought them home, one of his little girls exclaimed: "Oh ain't they got lots of cotton on them." We hope he will increase his cotton plantation as we are fond of the herb.

HATCHER.

The Methodist general conference has declared unequivocally in favor of "complete legal prohibition" as the proper plan of temperance reform. So we advise all politicians, who wish the Methodist vote to elect them, to cancel the contracts they have made with the saloons for the coming campaign, and begin to let it be understood that they are not so violently opposed to "sumptuary legislation" as they were a short time ago.

THE DEPARTED ONE.

BY HENRY BOLSBROAWT.

[Read at the funeral of Mrs. Florence Todd, nee Pollard, of Liberty Precinct, which occurred about three weeks ago, conducted by Rev. Geo. R. Murray.]

Dear Florence—departed—was gentle and true, and from us many acts of respect are due. Of all God's creatures that do inhabit the globe it's the one that truly deserves a wife or robe. It's the one that stands high, over sister or brother. The one that our innocents can truly call mother. Dear Florence has left here, a babe, sweet and pure. To be loved by the friends whom her loss must endure.

The care of this child may seem a great task. But when possessed of this thought, a question just ask: What would we see of the world's extreme beauty. Were we entirely relieved of the sense of our duty?

If Florence could speak, in her usual way—
"She would say in deep thought, 'I beg good care of my child.'"
Though a mother herself, when she saw she must go,
She called upon her, her affection to bestow,
Upon the little one dear, she was about to leave,
That would need a fond heart, to which it might be given.

Her companion had dreamed of a home for his wife,
As pleasant and happy, as can be made in this life.
And there's only one thought that his suffering can quell,
And that is that God, death all things well.

Eight Mile Grove.

Daniel Kiser is all smiles since he returned from St. Louis with his new bride.

Ran Minford's Texas pony run into the barb wire fence the other day and cut one of his feet very badly.

Hon. Jas. Hall took a few days recreation since the frost cut down his early potatoes, and destroyed his pumpkin vines.

J. R. Vallery sent over a very large herd of cattle which he gathered up. He has herded on his vast scope of land near Valpariso this season.

The past two weeks has been very good weather for house-cleaning, and the ladies of the neighborhood are improving the time.

Dr. John Brendle, of Union, who was to locate here, changed his mind, and has gone to Manly. Doubtless he made a good exchange.

Nearly all of our farmers are done planting corn, and many are replanting their first planting, as the cold, wet weather, cut worms, and wire worms have destroyed so much of the seed they are compelled to do so.

Hardon Minford, the son of one of our old citizens, and Mrs. Correl, of Mt. Pleasant, were married on Thursday. It was very quiet, only a family affair. They have a host of young friends who wish them a long and happy life.

Saturday night a bolt of lightning struck and killed four head of cows for Aaron Batterson, living two miles east of the Grove. A bolt of lightning also struck the chimney of the M. E. church, tore it down, ran down the wall, tearing off the plastering as it went, until it reached the ground, otherwise it did no damage to the building.

ONE OF MANY.

May 28, 1888.

Schools of Egypt.

In the native schools of Egypt the children are all seated on the floor in a large room, the teacher being on the platform with a long stick. The principal study pursued is that of the Koran, or Mohammedan Bible; and three or four times as many hours are spent at this as at any other study.—Boston Budget.

Neither mind nor body can act healthfully, if the blood is vitiated. Cleanse the vital current from impurities by the use of Ayer's Sarsaparilla. This remedy purifies the blood, recruits the wasted energies, and restores health to the debilitated system.

Oysters at Feeding Time.

Oysters cannot be kept without a knowledge of their habits. They feed twice in a day of twenty-four hours, and then just at that stillness preceding the turn of the tide. At no other time, except when feeding, do they open their mouths. When taken out of the water they naturally attempt to feed at regular intervals, and as soon as their mouths are open the liquor is all lost, the air takes its place, and the oyster is covered with a thick coating of slime. This is the first stage of decomposition, after which the oyster is of no account.—Seattle (W. T.) Post-Intelligencer.

Eczema causes an itching so persistent as to produce not only sleeplessness, but, at times, even delirium. Local applications will not remove the cause, which is impure blood. Ayer's Sarsaparilla cures this disease by cleansing the blood and eradicating all humors.

Dr. C. A. Marshall.

5/A Lap Dusters
Fast Colors, will wash.

5/A Horse Sheets
Are made up strong.

5/A Horse Covers
Will keep clean.

5/A Fly Nets.
Are the Best and Strongest.

Don't get stuck with poor Horse Sheets. If your dealer don't have 5/A Ironside Sheets ask him to order some for you.

Common Sense

In the treatment of slight ailments would save a vast amount of sickness and misery. One of Ayer's Pills, taken after dinner, will assist Digestion; taken at night, will relieve Constipation; taken at any time, will correct irregularities of the Stomach and Bowels, stimulate the Liver, and cure Sick Headache. Ayer's Pills, as all know who use them, are a mild cathartic, pleasant to take, and always prompt and satisfactory in their results.

"I can recommend Ayer's Pills above all others, having long proved their value as a

Cathartic

for myself and family."—J. T. Hess, Leithsville, Pa.
"Ayer's Pills have been in use in my family upwards of twenty years, and have completely verified all that is claimed for them."—Thomas F. Adams, San Diego, Texas.

"I have used Ayer's Pills in my family for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for bilious complaints, and other disturbances with such good effect that we rarely, if ever, have to call a physician."—H. Voullème, Hotel Voullème, Saratoga Springs, N. Y.

Wednesday to Saturday in Plattsmouth

At Louis Khroell's stable at the foot of Main Street.

SHAKER BOY

Is a Dark-Bay Pacer, 15 1/2 hands high, weighing 1,200 pounds. His close, compact form and noted reputation for endurance and speedy progeny have justly earned for him the reputation, and encomium from the Editor of the "Spirit of the Turf," that he is one of the Best Sires of the age. His record is 2:26, and has paced trial miles in 2:16. His colts, Little Baby, 2:27 1/2, and J. W. Huey, 2:24 1/2, with more to follow in the charmed circle this summer, is certainly a great showing, and affords the public in this vicinity a grand opportunity to get valuable horses at low prices. His service of \$15.00, with \$2.00 added if not paid till after foaling, or \$20 to insure colt to stand, is only the price of a good ordinary horse, while horses of SHAKER BOY'S blood lines receive from \$100.00 to \$300.00 in other localities. Horses of this kind, if not wanted for sporting purposes, can do more general work on a farm, on account of their extra nerve power, than unwieldy draft horses, and can go to town or to meeting in one half the time, and time is money. Owners of fine mares have a rare chance now for one of the cheapest horses in the United States. Embrace the opportunity.

NOTICE

We earnestly request all of our friends indebted to us to call at once and settle accounts due. We have sustained heavy loss by the destruction of our Branch House at Fairmont, Neb., by fire and now that we need money to meet our obligations, we hope there will not be one among our friends who would refuse to call promptly at this particular time and adjust accounts.

Trusting this will receive your kind consideration and prompt attention, we remain,
Yours Truly,
SOLOLMON & NATHAN.
