#### CITY BRIEFS.

From Wednesday's Daily.  
Mr. Byron Clark is in Omaha today on business.  
Mrs. A. C. Clark is in Omaha today visiting friends.  
Mr. G. B. Kempster was a passenger to Lincoln this morning.  
Mr. M. Beckman and family were passengers to Lincoln. They will visit the state fair.  
Mr. Geo. O. Wright, of Pacific Junction, was in the city today shaking hands with his friends.  
Mr. George Pease, formerly in the employ of C. E. Westcott here, was in the city yesterday visiting his friends.  
Mrs. N. E. Sage took her departure for Lincoln this morning. She will visit her niece at that city for a few days.  
Mr. W. J. Warrick took his departure for Denver this morning that he may regain his health by a little recreation.  
J. G. Hayes, better known as Father Hayes, an old time resident of this city, has gone east on a few weeks' visit with friends in Ohio.  
Mr. C. P. Smith and wife accompanied their daughter, who has been visiting them for a few days, to Lincoln this morning. Miss Smith is a teacher in the schools there, and her father and mother will reside in that city permanently.  
—Mr. Hugh Boyd and Mrs. Ella Boyd were granted license to wed yesterday afternoon.  
—Judge Russell joined in marriage this afternoon, Mr. Andrew J. Dawner and Miss Eliza J. Cross.  
—Mrs. Kuntz, a resident on Marble st., is seriously afflicted with dropsy, and she now lies in a critical condition.  
—The M. E. social held last evening was a success. Everybody seemed to enjoy themselves. The ladies realized \$25.43.  
—Rev. W. B. Alexander joined Wm. Wilson and Maggie Campbell in the holy bonds of matrimony, last evening. They are both residents of this city.  
—Mr. Sam Patterson left for Bellevue this morning where he goes to attend college. We believe he intends to keep up his ball practice as he was armed with a base ball bat.  
—Chas. Everick was arrested last night and brought up before Judge Clifford this morning, to whom he paid a fine of \$2 and costs, amounting in all to \$7.20, for disturbing the peace.  
—Wm. Johnson was arranged before Judge Clifford this morning and fined \$2 and costs for being drunk and disorderly. He paid \$2.50 and is boarding out the balance at the Plattsmouth school of justice.  
—The democrats and prohibitionists of Durand, Ill., have bumped their heads together, and as we learn by a dodger received from there, they hold joint rallies, and furnish music by democratic and prohibition glee clubs.  
—The sore-headed democrats can now be seen on each street corner discussing their Maine defeat, and looking into the dim future with a bleary eye. There are breakers ahead for them and the full rage of the storm is not yet upon them. They know not what a day may bring forth.  
—Messrs. Jas. Antill and Thos. Riddle left on a hunting expedition this morning. They go to Erickson from here. No doubt the feathered tribe will suffer and they will fulfill their promise to some of their Plattsmouth friends by sending home the first car load to their friends in three days.  
—The B. & M. Band of this city turned out about half an hour before the Lincoln special pulled out this morning and favored the citizens with a few of their selections. They accompanied the excursionists to Lincoln where they have been engaged to participate in tomorrow's exercises. A large trades procession will be held there tomorrow, which will be the most prominent fair day. The band is gaining a wide reputation and we wish them still further success that they may do themselves and the city proud.

—The largest turnout of Masons seen in this city was witnessed yesterday afternoon at the funeral of their brother, John W. Shannon. There were about thirty knights and over eighty members of the blue lodge in the cortege. Promptly at 3 o'clock the corpse was removed from his late residence to the church, followed by the B. & M. band, Masons and a large number of friends. The church was filled to its utmost capacity. Rev. H. B. Burgess conducted the services and the glee club assisted in the service by rendering two anthems in a very affective style.  
—THE HERALD read with curiosity and amusement the local in Monday's Journal of this city, in which that paper publishes a purported interview with William Edgerton jr., "an employe of the Water Co.," and upon invitation called upon Mr. Edgerton this morning to know what the facts were, having learned that he had not been absent from Plattsmouth this summer and that he was not in the employment of the Water Co. Mr. Edgerton says he has not been in Indiana or Ohio since last winter and long prior to the nomination of Mr. Harrison; that he does not personally know what the sentiment, in those states, on the presidential question and that the Journal had no authority, from him, to publish what it did, as he is not an adviser on the political outlook. Thus fades out another prodigious, sensational Cleveland boom which should have been submitted to the gifted Bruno ere it died a bornin in the Journal.  
—A quiet wedding occurred at the Episcopal Church last evening about 8 o'clock, the contracting parties being Mr. W. Crowther, of the office of Mr. D. Hawksworth, and Miss L. Gough, who, a few days ago, arrived from England. Only a few of the most intimate friends of the bride and groom were informed in the matter, but the news leaked out among some of the noisy young men this city is infested with, and a general good time was had by the crowd for about five hours until dawn was about to break. All the old pans and noisy instruments obtainable were brought into service. They found the house containing the newly married couple after considerable trouble, and were evidently bent on procuring "the cigars" for their work, but they took their departure when they thought no recompense was in store for them. The residents of Winterstein hill were all aroused by the racket. The name "nasty western savages" was attached to the mob.  
—Nebraska City News, Aug. 14: Prof. Strassman, who is at the Morton house, continues to do a land office business. It affords the News pleasure to speak a good word for the professor, for during his stay in this city he has shown himself to be a gentleman in every sense of the word, and conducts his business on a true principle, that of dealing honestly with all and charging very moderate prices for his goods. He is a skilled optician and fully understands his business, and we know of several persons who went to him with the idea that they needed glasses, but the professor positively refused to fit them for the reason that they did not need them. He has only to look at an eye to tell you what ails it, and if you need glasses to fit them on. This is his first visit to Nebraska and as he intends traveling over the state the News takes pleasure in heartily commending him to the press and people in general.  
—A Rare Plant.  
Last evening at the residence of Mrs. M. A. Fegan, on Gold and Seventh streets, we witnessed something not often seen in the floricultural line. It was the double blooming of a Night Blooming Cereus. This is the third time the plant has bloomed and the first time it has blossomed two flowers at once.  
It is one of the most beautiful plants it has ever been our pleasure to see. The nature of the plant is a species of the cactus and it only blooms once a year. The flowers start from the edge of a thin leaf, and when in full bloom are ten inches in diameter, exhaling a rare fragrance. Mrs. Fegan certainly has a treasure.  
—The many admirers of the pay car were pleased to gaze upon it again yesterday and receive their pay for the past month.

**A DARK SECRET.**  
**Suspicious Actions Connected With Rotholz's Case.**  
There is an unrecurrent of dark rumors about the case of one Rotholz, who was arrested late Sunday night as a suspicious character. Rotholz was a meanly clad fellow but on his person was found \$511, and this with his sneaking air and evasive answers have made the police believe that they have captured a most dangerous crook. He is suspected of connection with the disappearance of Charles Collins on Sunday night, and the fact that the amount of money on his person was about the same as that carried by Collins only makes the suspicions stronger. The police could get no positive proof of his connection with the affair, but they still believe that Collins has been murdered by some one for his money and they apprehend that Rotholz carries the secret of the crime in his breast. On putting up \$475 as security, Rotholz was released Monday to appear for trial at 2 p. m. yesterday. At that hour Bennett, his attorney, appeared in court, but Rotholz had disappeared. Bennett, however, had a note signed by Rotholz asking the court to turn the \$475 over to his attorney. This, of course, the judge refused to do as there was a strong suspicion of something wrong about the transaction. Before this, Bennett had approached Will Gurley, the assistant district attorney, and offered to spend \$100 in helping Gurley politically if that gentleman would assist him in getting the \$475 from the judge. Gurley most flatly refused the bribe. The police believe that Rotholz made a full confession of his crime to Bennett and that the attorney managed to get out of him the order for the money by threats of exposure.—Omaha Bee.  
Mrs. Collins and father returned from Omaha last night. The anxiety which the disappearance of her husband caused her, has been a severe blow. Detectives are at work in the matter.  
**Union.**  
The weather is fine, business is good and the town is building up rapidly.  
The hotel changed hands today. Mr. Bristol will run a first class house—one that will be an honor to our town.  
Mr. McShane is having the grounds cleared off and expects to put up a large hotel. It will be handsomely located on the hill, and will be quite a resort for many who wish to retire from the many cares and enjoy the fresh breezes of the Weeping Water valley.  
Quite a number of our Union people went to Omaha to the fair and to see the Siege of Sebastopol. Many more are expected to attend the state fair.  
The Baptist church is going up rapidly. The Presbyterians are slower as their's will be a large brick church.  
Dr. Wallace's house will soon be ready for occupation. The Dr. will have a very handsome home and he and his wife will know how to enjoy it. I think they will have to have a house warming, don't you?  
Mr. Christopher Gilchrist, a brother of Mrs. E. W. Bammy, came in on the morning train. Mrs. Bammy had not seen her brother for fourteen years.  
Born, Sept. 6th, a daughter to Mr. and Mrs. Frank Tinney. The first girl born in Union.  
Mr. Henry DuBoise, from New York, has been visiting in the community.  
Saturday our base ball nine went over the river to MePaul to play with their nine and beat them 20 to 7. Our Union boys play very well for not playing more than they do.  
Lynn and the elevator men are buying and shipping a great amount of grain.  
Tinney is shipping several car-loads of hogs.  
Among the things we are in need of is a bank and a mill. We have the best water-power on the Weeping Water for a mill.  
A profuse and many times excessively offensive discharge, with "stopping up" of the nose at times, impairment of the sense of smell and taste, watering or weep eyes, impaired hearing, irregular appetite, occasional nausea, pressure and pain over the eyes, and at times in the back of the head, occasionally chilly sensations, cold feet, and a feeling of lassitude and debility, are symptoms which are common to catarrh, yet all of them are not present in every case. Dr. Sage's Catarrh Remedy cures catarrh in its worst forms and stages. It is pleasant to use, and contains no poisonous or caustic drugs. Of druggists, for 50 cents.

From Tuesday's Daily.  
—The democrats have lost their Maine strength and they only have their awkwardness to fall back on now.  
—Sheriff Eikenbary brought a man to the city this morning from Cedar Creek, charged with assault and battery by a Mr. D. S. Draper, of that place.  
—Rev. W. B. Alexander united Mr. Hugh Boyd and Mrs. Ella Boyd in the holy bonds of matrimony, at the parsonage this morning, at 11 o'clock. They are both residents of Iowa.  
—A human skull and several bones were unearthed this morning by some of the men who are engaged in digging the sewer in the vicinity of the B. & M. depot. They were found at a depth of about six feet.  
—It is reported that the railroad company will build a new sewer to connect with the main sewer now being built by the city. It will pass south of the depot to the river and connect with the city sewer immediately west of their track.  
—Another valuable addition to the population of our growing town is in the person S. P. Newcomb of Humeston, Ia. Mr. Newcomb has rented the first floor of the Anheuser-Busch building and by Oct. 1st, will open up a fine stock of clothing and boots and shoes. We tender him the welcome of our people.  
—Mr. Joe Klein, of Corning, Ia., arrived in the city this morning and has found the prosperous little city of Plattsmouth attractive enough to permanently locate here. We believe it is his intention to open up a first-class clothing house and gents furnishing establishment. He has rented the store recently vacated by Solomon & Nathan, and will thoroughly renovate the building, both upstairs and below. He intends to carry the most extensive stock in the city, and keep everything in a first-class style. He leaves this afternoon for Chicago to make purchases, and he will have his store opened up and ready for business by the 1st of October. If opposition can be the life of trade, surely Plattsmouth will soon "loom up."  
From Monday's Daily.  
—There were ten of Plattsmouth's citizens took advantage of the cheap rates to Columbus, Ohio.  
—Mr. George Ballance, one of the striking engineers, passed through the city this morning pulling No. 5. He has secured a regular passenger run on one and two.  
—Mr. E. H. Lambson, the old sexton who has attended the Oak Hill Cemetery for more than seven years, died this morning about 3 o'clock of Epyemia. He was over sixty years of age.  
From Saturday's Daily.  
—The family of Mr. E. R. Todd is convalescent after a sickness of several weeks.  
Mr. Warren Curtis, principal of the Rock Bluffs school, is in the city today. He made us a friendly call.  
—Owing to a delay in getting a new safe, the opening of the bank at Nehawka has been delayed. The building is ready for occupancy and the bank will be open for business next week, in charge of Chas. Parmele.  
R. Metteer and little grand daughter Miss Linda Eveland, of Eight Mile Grove, left yesterday for an extended visit through the east. They will stop at different points in Ohio, New York and Pennsylvania.  
—Mr. John Shannon, who has been confined to his house for about three weeks with typhoid fever, is reported by his physician today as being beyond all hope for recovery. He is one of the oldest settlers of Plattsmouth, and his many friends will be grieved to receive the sad intelligence.  
**School Books and Supplies.**  
You will find a full line of school books, slates, scratch books, pens, pencils, inks and other materials used in the school room, by calling at J. P. Young's store where you will also find a full line of other goods.  
People who live in new countries are liable to be prostrated by malarial fevers. Inhabitants of cities, by reason of bad drainage and unwholesome odors, suffer from similar diseases. Ayer's Sarsaparilla is warranted a specific for all malarial poisons.

**RURAL NOTES.**  
**Pick Ups Here and There.**  
TRIMMER.  
The prospects for corn throughout the county is very flattering, and will make a yield above the average for several years. We found the farmers mostly all busy making hay, and as the weather has been exceptionally fine the past two weeks, the amount of good hay put up will be large. We have now been in every township in Cass county and are agreeably surprised to find so many nice farms, so well improved and under such a high state of cultivation. We would be pleased to make mention of each and all but found the task to great, and time too precious to do so.  
All over the country there are farms that show up with any in the state. Among some of the good farmers in the vicinity of Nehawka, are Andrew Pittman, R. E. Countrymann, J. C. Norris, Hon. S. M. Kirkpatrick, S. B. Hobson, J. F. Buck, Hon. Lawrence Sheldon, B. W. Bates, L. G. Griffith, John B. Cotner and others.  
Near Murray, are Thos. Rankin, Richard Johnson, W. E. Dull, Rev. George Murray, J. P. Morrow, Jas. Root, John Walker. One of the oldest citizens about Murray is S. G. Latta, who owns a splendid farm, and also an interest in the store at that place, with W. E. Latta.  
Not long since we happened to be at the substantial place of J. P. Becker, where we accepted an invitation to dinner. Mr. Becker has things arranged in a substantial manner, and has a sunny fortune in land, now owning in the neighborhood of 1200 acres.  
Martin Propst, seven miles southwest of Plattsmouth, has one of the finest homes we have yet visited. His house and barn are both built of stone and will stand for centuries, in case there are no cyclones visit them. Mr. Propst has one of the best water supplies we have yet seen; a splendid spring flows from the side hill and affords water enough to supply a large pond where he is raising fish, mostly carp and reports them as doing well.  
J. D. Ferguson, south of Louisville eight miles, knows how to improve a farm and make things comfortable. We stayed one night with Mr. F.—and now send the HERALD as an appreciation of our kind treatment. South of Mr. F. is the farm of L. F. Vasbury, a HERALD supporter of long standing.  
We passed some fine farms near Ashland recently; among them, W. H. Sefton, B. Cole, Israel Worce and others.  
One day last week we took dinner with H. W. Lloyd living south of Union, and found things in that neighborhood flourishing. The only trouble is the scarcity of water, several parties having gone over 200 feet and failed to strike the desired liquid.  
Below we give a list of new names recently added to our long list:  
R. E. Jones, A. F. Sturm, H. C. Williams, A. D. Borden, J. Grabata, Bank of Avoca, Drendel, B. Cole, W. H. Sefton, V. D. Harris, O. G. Smyth, J. T. Evans, Fred W. Stevens, J. D. Ferguson, Frank Fessler, H. A. William, A. Pettman, Hon. S. M. Kirkpatrick, A. F. Sturm, Dr. J. A. Pollard, H. C. William, John B. Cotner, A. D. Borden, J. W. Brooks, C. H. Delozier, J. H. Norris, Joseph Sherman.  
(To be Continued.)  
**Latest by Telegram.**  
The eminent Prof. A. Strassman, the authority and the expert optician from Berlin, Germany, to save the eyesight and prevent the evil of the use of spectacles and eyeglasses carelessly purchased at random and worn without discretion as to the approaching danger and to the failing eyesight and the evil so little understood by practitioners themselves, will arrive in Plattsmouth soon.  
Prof. Strassman on equalizing all inequalities of the eyes restores to the unfortunate spectacle wearer that part of the organ of sight which in thousands of cases has been given up by the unfortunate as hopeless. His ability to judge the eyesight is marvelous beyond conception and he will tell you instantly the defects of your eyes and point out the danger and apply combination glasses which afford instant relief and save the eyes from further abuse or destruction. When you read his numerous testimonials you will find him to be the highest and best endorsed specialist in the optical science.

**At the Cass Co. Fair Next Week**  
While at the fair next week don't fail to see the display of goods by J. P. Young, consisting of books, stationery, photograph albums, fancy goods, musical instruments, pianos and organs. All persons wishing to buy any goods in the above line, can do so. Mrs. J. P. Young will be in charge of the goods and pleased to show you the goods and sell you anything you wish at special prices. Mr. G. B. Kempster will have charge of the musical department and will sell you an organ or piano cheap. J. P. Young and a number of assistants will be in charge of the soda water, milk shake, cigar and peanut roaster stand, and cordially invites all his friends to call and see him at the fair grounds next week.  
—The democrats are extending pressing invitations to their prominent orators in different parts of the state to attend their rally at this city on Thursday, Sept. 20. It is expected that if there is any chance for them to make a showing for their party they will do so this time. We wish them more success than they have had during any previous "blow out." This rally will strike one of the fair days and, it is also reported, the republicans are making preparations for a revival during the fair week. If all things work together, as all parties anticipate, considerable enthusiasm will be the result, and a crowd such as was never before witnessed here will visit the city.  
We know of no mode of treatment which offers, to sufferers from chronic diseases, a more certain hope of cure than that which is comprehended in the use of Ayer's Sarsaparilla. For purifying and for purifying and invigorating the blood, this preparation is unequalled.  
—The W. R. C. will give a melon sociable, Friday evening Sept. 14th, at the residence of Mr. H. C. McMakin. Everybody is cordially invited.  
To turn gray hair to its natural color and beauty, use Hall's Vegetable Sillian Hair Renewer, the best and most reliable preparation science has given us.  
**People Demand Protection.—Patent Medicines.**  
What are they? As a general thing they are prescriptions having been used with great success by old and well-read Physicians. Thousands of invalids have been unexpectedly cured by their use, and they are the wonder and dread of Physicians and Medical Colleges in the U. S., so much so, that Physicians graduating at Medical Colleges are required to discontinue Proprietary Medicines, as through them the country doctor loses his most profitable practice. As a manufacturer of Proprietary Medicines, Dr. G. Green of Woodbury, N. J., advocates most cordially, in order to prevent the risk that the sick and afflicted are liable to, almost daily by the use of Patent Medicines put out by inexperienced persons for aggrandizement only, and the employing of inexperienced and incompetent doctors by which almost every town is cursed; and men claiming to be doctors who had better be undertakers, experimenting with their patients and robbing them of their money and health, —for the good of the afflicted that our government protect its people by making laws to regulate the practice of medicine by better experienced and more thoroughly educated Physicians, and thereby keep up the honor and credit of the profession, also form for the recording of recipes of Proprietary Medicines, under examination and decision of experienced Chemists and Physicians appointed for that purpose by the Government, before they are licensed for general use. He would most freely place the receipt of Bosche's German Syrup and Green's August Flower under such laws, had he the proper protection, and thereby save the prejudice of the people, and avoid the competition and imitation of worthless medicines.—Copied from the Chicago Mail, Aug. 8, '87.  
**Notice to Creditors.**  
State of Nebraska, Cass County ss: In the matter of the estate of Jack L. Jones, deceased.  
Notice is hereby given that the claims and demands of all persons against Mack L. Jones, deceased, late of said county and state, will be received, examined and adjusted by the court, at the court house in Plattsmouth, on the 15th day of March A. D. 1889 at 10 o'clock in the forenoon. And that six months from and after the 8th day of September, A. D. 1888 is the time limited for creditors of said deceased to present their claims for examination and allowance.  
Given under my hand this 10th day of September, A. D. 1888.  
C. RUSSELL,  
County Judge.  
**Legal Notice.**  
George M. Steel will take notice that on the 13th day of August, 1888, C. Russell, County Judge of Cass County, Nebraska, issued an order of attachment for the sum of \$18.75, in an action pending before him, wherein Paul W. Nelson is plaintiff and George M. Steel defendant, that property of the defendant consisting of money in his possession of the B. & M. R. Co. in Nebraska has been attached under said order. said claim was continued to the 22nd day of October, 1888, 10 o'clock, a. m.  
BENJAMIN NELSON,  
Plaintiff.
