

GROVER'S DEFEAT.

WRITTEN FOR THE HERALD. Grover and Allen, in eighty-eight, Arrived just in time to be too late. The ship in silence passed them by...

No More Crow.

From Friday's Daily. "Democrats should bear in mind that our republican friends need all the fun and frolic they can raise between now and election day, and we should do nothing but sympathize with them in their efforts this evening."

Oh, how sick. Wonder who craves for sympathy? Why, one republican offered to bet one of the prominent democrats of this city \$20, yesterday while he was at Lincoln that "Cleveland is the president."

Poor C. Whopper, who predicted such overwhelming returns in favor of the democrats, has remained silently in his hole under the Sherwood block since election day.

All hopes have since been conceded, and the following illustration gives the next order of procedure.

Heavy Snow Storm Reported from Northern Kansas. ATOKISON, KAN., Nov. 9.—The most phenomenal snow storm that ever occurred in northern Kansas began this morning, and has continued furiously all day.

ATOKISON, KAN., Nov. 9.—A rain storm, beginning early this morning, developed into a snow storm at 3 o'clock this afternoon and has been falling ever since.

A Few California Figures. SAN FRANCISCO, Nov. 9.—The count of 116 precincts in the city of 176 give Harrison 24,980, Cleveland 27,693.

INDIANAPOLIS, Nov. 10.—Republicans are jubilant, but the demonstrations of the past two days have ceased. The people have returned to their business and the city has assumed its normal aspect.

INDIANAPOLIS, Nov. 10.—Republicans are jubilant, but the demonstrations of the past two days have ceased. The people have returned to their business and the city has assumed its normal aspect.

The county canvassing board is still in session. The official figures on the result in this city cannot be obtained, but the democratic electoral ticket was carried in the county by a plurality of 378.

Arrangements are completed for a grand ratification meeting here tonight, and it is probable that General Harrison will be induced to participate in the demonstration in some way.

The time for speech-making is over. The debate is closed, and I believe that the polls are closed. I thank you for your call tonight.

The republican headquarters closed last night. Chairman Huston and Secretary Dill were each presented with gold-headed canes by the clerical corps of the committee.

The democrats now concede Indiana to Harrison by 2,500. Reports to the Associated press confirm this, though the vote may be a few hundred more.

KANSAS CITY, Nov. 9.—A special from Pittsburgh, Kan., says: The most dreadful disaster in the history of Kansas occurred at 5 o'clock this evening. At that time a terrible explosion was heard at shaft No. 2, in Ponton, a suburb of Pittsburgh.

CINCINNATI, Nov. 10.—Yesterday the ballots cast in Kenton county for congressman from the Sixth (Carlisle's) Kentucky district, were counted at Independence, Ky., and about two-thirds of them were found to be rough edged and perforated.

WHEELING, W. VA., Nov. 9.—Forty counties, polling 115,468 votes for president in 1884, show a net republican gain of 4,656. The remaining thirteen counties, polling 16,699 votes, will at the same ratio of gains, give the republicans a gain of 794, making a total net gain in the state of 4,845, which would give the state to the republicans by 624 majority.

NASHVILLE, Ill., Nov. 9.—Foreman (dem) for congress in the Eighteenth Illinois district has a majority of 17 over Jehu Baker (rep.). The following is the official returns: Foreman's majorities: St. Clair county, 229; Monroe, 560; Total 789. Baker's majorities: Madison, 324; Bond, 985; Washington, 63; Total 772. Foreman was serenaded at his residence this evening.

RHINECLIFFS, Nov. 9.—Vice President-elect Morton spent the day in reading and arranging hundreds of telegrams received by him upon the successful result of the campaign. They are from leading republicans throughout the land.

—Tredore, a prominent democrat among the younger politicians of this city has manifested considerable uneasiness since the defeat of Cleveland. His only desire now is that his home could be removed to the country for several weeks until the worst part of the storm blows over.

—Where do the flies stay in the winter? The query is propounded by an exchange. The flies will stay in the neighborhood of Grover Cleveland this winter.—Lincoln Journal.

I noticed four exceedingly handsome, but rather striking tailor suits for young ladies in Lincoln green. The jackets have long pocket flaps with enormous black buttons and the fronts are braided elaborately with thick, round cord.

Some of those very persons, who, from their social position, ought to set a better example toward their less fortunate sisters, seem to study up means of creating sensations. It does not matter to them what other people out of their own set think of them if they can only do something to astonish the natives.

The work of the packers is very entertaining to the looker on. There are about 400 girls in the division. They are seated and supplied with materials in the same manner as the rollers. In place of tobacco, paste and paper, they have cigarettes, pictures and boxes or wrappers.

THE WEEKLY HERALD AND Demorest's Monthly Magazine. A WONDERFUL PUBLICATION. Many suppose DEMOREST'S MONTHLY to be a fashion magazine. This is a great mistake. It undoubtedly contains the finest Fashion Department of any magazine published, but this is the case from the fact that great enterprise and experience are shown, so that each department is equal to a magazine in itself.

THE MARCH OF PROGRESS! OUR LATEST IMPROVEMENTS! "Competition is the Life of Trade," and if you have not seen our latest improved goods you cannot imagine how lively trade will be. JAMES MEANS' \$3 SHOE, JAMES MEANS' \$4 SHOE.

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means' \$3 shoe is a shoe which only a few years ago were sold at retail prices of ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Our are the original \$3 and \$4 shoes, and these are made in our own factory in the United States. One of our traveling salesmen who has visited the shoe retailers of the Pacific Coast and Rocky Mountain Region writes from direct as follows: "I am more than satisfied with the results of my trip. I have thus far succeeded in placing our full retail in the hands of the shoe retailers in every point I have visited. It goes to show that this is a splendid region for us to sell shoes in, because most of the retailers are charging their customers an unreasonable price for shoes. They are not worth as much as our shoes who wear them. Having 60 or even 70 pairs of shoes which are not worth as much as our shoes of every pair are less than down the high price which have hitherto ruled in the retail markets here, and when a retailer gets a full line of goods in his stock they will at once begin to go off like hot cakes, so great is the demand for them." Now, kind reader, just stop and consider what the above signifies so far as you are concerned. It assures you that if you keep on buying shoes bearing to manufacturers' names or if you retail price stamped on the soles, you cannot tell what you are getting and your retailer is profiting making you pay double what your shoes have cost him. Now, can you afford to do this while we are protecting you by stamping our names and the exact retail price upon the soles of our shoes before they leave our factory so that you cannot be made to pay more for your shoes than they are worth? Show from our celebrated factory are sold by wide-awake retailers in all parts of the country. We will place them equally within your reach in any State or Territory, if you will invest one cent in a postal card and write to us. JAMES MEANS & CO., 41 Lincoln St., Boston, Mass.
