His Action Bitterly Denounced by Prominent Republichus-The Fight for Car-Has Not Been Tendered.

PITTSBURG, June 4.—Hon John Dalrengress in the Twenty-second district est political sensation that has ever taken place in Allegheny county ocsional district convention. The entirely unexpected action of Hon. Thomas M. Hayne, in declining a renomination to congress after having defeated his opponent, George Shiras, and the subsequent nomination of William Cole Stone to succeed him, created an immense sensation all over the county, and rumors Col. Bayne's action is bitterly de

denounced by many prominent Repubheans. George Shiras, Col. Bayne's opponent, now claims that he is entitled to the nomination, and threatens to cause trouble. In accordance with the rules of the county committee prominent Re-publican friends of both Shiras and Bayne claim Stone's nomination is irregular and cannot stand. Mr. Bayne's reason for refusing the nomination was that he was worn out; unable to longer work. He had worked for the honor of renomination as a vindication, had succeeded and was satisfied. Mr. Bayne says he decided upon this course several months ago, but told no one but his wife. Mr. Bayne says he will retire to private life and will not again be identified with politics in any official capacity. There are, however, numerous rumors to the contary, one mentioning Col. Bayne as a Quay compromise candidate for governor; another that he is to be appointed to a foreign mission,

and many others. Just previous to the close of the convention of the Twenty-third legis-lative district in Allegheny City, George D. Riddle, a prominent attorney, read a series of resolutions severely censuring Congressman Bayne for his action in declining the nomination in the manner in which he did, and demanding that the county committee call another convention at the earliest possible date. The resolutions were adopted.
