A Louisville letter to the Omaha Bee of yesterday says: 'A business meeting was held at the city hall this after noon to investigate the propriety of con verling the Great Western pottery plant at this place into a brick and tiling factory. Much business was tranacted and a force of men will be put to wock soon to grade for a track to run from here to the clay banks. Also a number of workmen to enlarge the factory to four times its present capacity. The company have a capital stock of \$30,000 and will enlarge it \$100,000 as soon as business permits. The company will be known as the Omaha brick block paving company, Irons and Miss Mary Dalbow of Eagle. and is backed by such men as Hon, L. Crounse, H. Peterson, P. Boysen, Henry Bolin, H. Beckmann and J. J. Jobst, all of Omaka, and William Wade of this

Judge Chapman will open the district court in this city Monday. He will have plenty of work on his hands for there is a large number of cases on hand. There are about one hundred and forty civil cases and twenty criminal cases on the decket. There will be a number of diworce suits brought up at this term. -Nebraska City Press.

the day time only.

Belivue college this morning to spend | be present. Mr. and Mrs. Seavitt of Lincoln spent Sunday with his mother, Mrs. Roberts.

Miss Pearl Wood of South Park, is that there are two or three well devel that averaged 300 pounds. He shipped oped cases of diptheria in the city sub | two car to Omaha yesterday and one to-

sheriff of his less until yesterday, giving Our Literary Society sujoyed a pleas- the thief time enough to have gone to mintion as a thief catcher.

Never in the his o y of the B. & M. The kindercarten entertammentatione were the shops at t is place so over

to be Wil Shopp Notes

In the matter of old car whads, which are brought in for repairs, there are ial for healiges, and paying for the case- "Mamas hopefuls," with their cunning twenty car loads waiting their turn, with more coming in every day; Mr. Coff s. and his crew put sixty-one pains of wheels on their axles in one day element's

First thousand dollars would not nev for the permanent improvements that Lord being Tolling have been put in during the last six disposed with it.

Two new mail cars, fifty-two feet in green bus about 3, 5115 and length, and six new way cars, are being the payment now and many and turned out of the couch department, from far all dri kings the which is carefully aupervised by Mr. Wieslangton Smith

The paint shop, under the management | pare labor the Laborated to of D. B. Smith, is a very busy place and rehandles more cars than any one department during the year.

In the boiler shops we noticed a mon ster new stationary boiler that had just been completed for Wymore.

The back shop, as the round-house is called where engines are toru to pieces and completely overbauled, was crowded with work. We noticed engines No. 28, 67, 84, 134, 197, 47 and 74 going through a course of extensive repairs.

Mr. Gutsche, the brass founder, has had his important department, where all the brass and copper castings are made, much enlarged during the last week, nearly doubling the amount of room he formerly enjoyed.

The blacksmith department, with its great steam hammers, is always an interesting sight; especially is this true when they are forging those gigantic axles for the drive wheels of an engine.

Everything is made here about a car or engine except the iron castings, which are furnished by the Murray Iron Works of Burlington.

Master Mechanic Greusel appears to be all over the shops at once, and the fellow who thinks he can fool him and best the company never works but one day, if he does that he is doing well.

The Havelock plant has ceased to worry the men here, as the outlook for any of them being transferred to that point is too far off to speculate upon.

A permit to wed was today granted to Hans G. Sunquist and Hulda Anderson, both of this city.

Mr. Joseph M. Hughes and Miss Julia Nocton were married today by Father Carney at the Catholic church. Mrs. Manchester of Lincon a lady

prominent in the work of the woman's relief corps is in the city today the guest of Mrs. M. A. Dixon. Jesse Root declared war on turkey, Thursday, and moved upon the enemy

at his stronghold in Beatrice. After a spirited conflict, lasting about an hour. Jesse retreated in good order. The ferry is being moved up stream this morning, above the bridge, where with willow poles and slough grass a

The administrator could learn nothing about him in the banks, where he had told different stories about himself. It is thought he was of Swedish origin and that his real name was Nilsen, not Wilson.

THE CASE OF LANGIER. Then there was Joseph Langier, a name common enough in the south of France, in Marseilles especially. Langier was also a solitary man, living-or, rather, grubbing-in an Atlantic avenue garret. He paid the junitor a dollar a month for his miserable room. He went ont and he came in, spoke to nobody and answered questions by shaking or nodding his head. One day he went forth | Murray Neb. for the last time staggered and fell at the next corner, was taken into a saloon, thence conveyed in an ambulance to Long bland College hospital, where he

died after a few hours. In the pockets of his cont were found bonds, mortgages and bank books worth \$17,000 to the owner, also a will drawn up in excellent legal phraseology and Is finishing up his new building which written in a beautiful hand. His signature was affixed to the will, but it lacked the names of witnesses. So careful had he been in preparing the instrument that he affixed an explanatory paragraph, underlined in red ink. In a codicil he revoltes the will, so that he really died intestate. Rumer says Langier's heir is a nonhew living in Marseilles, a could toente, would inherit \$17,000.

William Cato is another of the great intestate for whose heirs the administrator is looking. Cate was no tramp or | CLARK'S HOG REMEDY news vender. He was a marine in the service of the United States, and had been one for such a length of time that he had only a vague memory of what he had been before. His cornrades had an idea that he was Scotch, and that is all they could tell about him. He died suddenly while still in the service, leaving \$1,000 or so he had saved out of his small

Patrick Cresham lived on Third avenue, near Forty-sixth street, South Brooklyn, and was in good eircumstances. His wife died in the spring of week later he committed snicide. He left a good deal of property to which his little 4-year-old daughter was heiress. His brother, a well to do New York carriage builder, was the legal guardian of the little girl, but there happened just then to be in the house a sister of the child's mother. She was on a visit from Ireland, and had arrived just in time to The Rock Island is now completed see her sister die. The night of the day took the little girl stealthily out of her bed and out of the house, went over to New York, and on the morning following sailed for Queenstown in the Umguardian, reported the theft to the police, and they cabled to Queenstown to have the aunt arrested on her arrival in that port. Now, it happened that owing to a great storm the Umbria could not put in at Queenstown, and so went directly on to Liverpool, where no police were waiting for a handsome lady of the name of Miss Crowe and her 4-year-old

An Ugly Habit

I wonder what saccharine or succulent qualines inhere in wooden toothpicks that so many persons cling so persistently to those nulovely little instruments long after they have performed the envire for which they were designed. On any elevated reflerey train one is one to see one or two men with toothpicks protruding from their Hps, as if to advertise to the day Wiley says that Marten Propst is world a account breakfast. Not all of those with make this exhibition are ill dressed or boerish, and one is left to conjecture in vain why a partier larly private portion of the tollet is thus thrust upon public aftention .- New York Stor.
