THE ENQUIRER'S COMPETITOR.
CINCINNATI, April 28.—Murat Halstead, of the Commercial Gazette, makes the following statement tonight to the associated press: Holders of stock in the Morning Journal sold it today to an association of democratic gentlemen, who will, it is understood, unite with the Cincinnati New Publishing company, and issue Monday from the old Gazette corner, the first number of the News-Journal.

ST. LOUIS, April 28.—Tobacco manufacturers are making great preparation for what they call "rebate day," when the law reducing the tax on tobacco goes into effect. They have received immense orders for goods. On Wednesday next they will send special trains, which will penetrate all the country tributary to St. Louis, and go even to San Francisco, with over a million pounds of tobacco, and before the week is over will send another million pounds. Stamps will be delivered by the internal revenue officer at midnight Monday, and from that time goods will be forwarded to their destination as rapidly as the stamps can be affixed to them and trains made up. It having come to the knowledge of manufacturers here that stamps would be given out at Chicago, Cincinnati, and other cities in the west immediately after the close of business hours on Monday, a telegram was sent to Commissioner Raum this afternoon asking like facilities to be granted here, and no discrimination. Raum replied that no permission would be granted to deliver stamps to any one or anywhere prior to midnight Monday, and if such a thing were done, it would be a violation of the law.

THE SOUTHERN TORNADO.
NEW ORLEANS, April 28.—A Times-Democrat Wesson special says two additional deaths occurred at Wesson, today, a son of J. T. Gibson and Mrs. Finch. The damage by the cyclone at Beauregard is now estimated at \$450,000. A singular fact in connection with the cyclone is even now mentioned. There were about forty persons of Jewish extraction in Beauregard during the cyclone. All of them were picked out of the debris, and not seriously hurt.

GALVESTON, April 28.—A News Mineral Wells special says: yesterday evening a cyclone from the northwest struck the town of Pilopinto, demolishing small buildings and unroofing more substantial places. Several persons were seriously injured; none known to have been fatally. Loss, \$23,000.

EARLY APPEARANCE OF THE SCOURGE.
Advices from Vera Cruz say yellow fever has broken out in several families.

A FATAL RIDE.
CHATTANOOGA, April 28.—Tonight as the north bound Nashville & Chattanooga train was nearing Anderson, forty-five miles below this city, running at the rate of thirty-five miles an hour, James Hawkins, a passenger, suddenly arose and shot Bob Reeves through the heart. Hawkins then jumped from the train, and it is thought had his neck broken. Both were from Dickert, Tenn.

AN INTERESTING FIND.
COLLENSVILLE, Ill., April 28.—A few miles from this city an interesting and valuable Archeological discovery was made on the farm of Hon. J. R. Mills, where there is a group of ancient mounds. The find was made by Mr. McAdams, assistant state geologist, who dug up nine human skeletons of adults and children, both male and female, most of them in a good state of preservation, and also found a large quantity of pottery, copper and stone ornaments and domestic and agricultural implements. Among the latter were several flint hoes which had evidently been used a good deal. Further excavations will be made.

CHEAPER THAN DIRT.
ST. LOUIS, April 29.—A San Antonio, Texas, dispatch says Governor Madro, Coahuila, Mexico, sold five hundred leagues of state land in the Sabine river region a few days ago to the representative of an English syndicate for the nominal price of ten cents an acre, the land to be used for ranch purposes, little of it being suitable for cultivation.

THE HASTY FEMALE LAWYER.
MILWAUKEE, April 29.—Kate Kale, Milwaukee's female lawyer, who threw water in Judge Mallory's face in revenge for alleged insult during a session of the court lately, was before the

public again yesterday, her case coming up before Judge Hamilton, of the circuit court, on a writ of certiorari, calling for a review of United States Commissioner Hyan's action in releasing her from the county jail on habeas corpus proceedings, because she was confined on Judge Mallory's word only and the papers for commitment were not made out for an hour afterwards. Judge Hamilton continued the case till Monday.

THE MEXICAN LOAN.
MEXICO, April 29.—President Gonzalez sent a message to congress asking authority to negotiate a loan at home or abroad and renew mint contracts.

The Two Republics, states the president, intends to negotiate a loan of two or three million in London, guaranteed by five per cent custom receipts. The loan is intended to meet current expenses of the government. The renewal of the mint contracts is expected to yield a million.

AN ARGUMENT WITHOUT LOGIC.
NEW YORK, April 29.—The Central Labor Union discussed the "Relation of the labor question to the revolutionary movement in Europe." The general sentiment favored the use of dynamite, arguing that kings and potentates used every engine of destruction in their wars, and particularly against the people when revolutionary outbreaks take place.

THE COLORED MAN GETS TO THE FRONT.

GALVESTON, April 29.—The News Brazoria special says: Two convict guards, John Leonas and S. Bondreaux, attended a colored people's festival. A row occurred, both firing on Jim Wright (colored) nine shots without effect. Wright, running, turned and fired two shots, killing both.

WASHINGTON NEWS.

Mexican Matters, Smuggling, &c

CONTRABAND GOODS.
WASHINGTON, April 29.—The solicitor of the treasury has decided that the collector of customs at Brownsville, Texas, has authority to arrest smugglers as well as to seize contraband goods. It is estimated that the government loses annually \$500,000 by smuggling carried on along the Rio Grande.

BETTER THAN RAISING SCALPS.
WASHINGTON, April 28.—Agent McGiluddy, of the Pine Ridge agency, under date of April 19, writes to the commissioner of Indian affairs as follows: "Red Cloud wishes to inform his great father that his heart is good, and his mind tranquil, and also that he has discovered a gold mine in his reservation, and intends to go to mining with his people, when the weather becomes fine. He does not wish to be disturbed in the possession of said mine for ten years."

Senor Romero, Mexican minister, said to a reporter tonight that he had already placed himself in telegraphic communication with his government with reference to the representations made to him by Secretary Frelinghuysen on the subject of obtaining consent for United States troops to cross the Mexican border in pursuit of raiding Indians. As telegraphy was, however, an unsatisfactory method of communication upon such subjects, he proposed, he said, to forward the official letter by mail. At present he thought it is premature to hazard an opinion as to the view which the Mexican senate would take in the matter, but he was certain they would agree to anything reasonable. He said he did not believe there would be time to accomplish anything in relation to this particular case at the present session of the senate, which would expire the latter part of May, as his letter would not reach Mexico for two or three weeks and it would be some time after that before the subject would be laid before the senate officially.

In response to a communication from Secretary Frelinghuysen, inquiring whether there will be any objection to our troops following the Apaches from Arizona over the border, the Mexican minister has replied that such action cannot be properly taken without express consent of the Mexican senate. A telegram was accordingly sent to General Crook this afternoon by the Secretary of war directing him to observe the convention with Mexico on this subject and to restrain all troops under his command crossing the boundary line into Mexican territory.

FOREIGN DOINGS.

Conspiracies Unearthed in Dublin.

DUBLIN, April 29.—Joseph Hanlan, a Phoenix park murderer, makes a statement incriminating a number of persons. As Hanlan refused to depose when brought before court, his own information will be used against him.

Patrick Delany, sentenced to ten years penal servitude for assailing Justice Lawson, plead guilty to a more serious crime. His sentence for shooting at Justice Lawson will probably be commuted. Thomas Caffrey, the last of the present trials, will be concluded in a fortnight. The prisoners implicated in the assassination conspiracy will be tried by the next commission. The police know that the murderers of Bailey and Kenny are in America. It is stated that a request, supported by affidavits, will be made to the United States government for the extradition of about a dozen persons.

The police have evidence implicating James Carey, the witness for the crown in the state trials, in the murders of Talbot, the police informer, of Clark, the Fenian informer, and the bricklayer Behan, and also in the attempted murder of Murphy, the bookkeeper of the Irish people. It is likely Carey will be tried for one of these crimes. The assassination of Behan was not connected with political troubles.

Another arrest has been made in connection with the conspiracy to murder. The prisoner is a tailor named Nevin. He is the man who was mentioned yesterday by informant Devine as having been appointed by the Fenians to find the hiding place of Poole, who has been condemned to death. Devine also stated that Nevin was afterwards charged by the assassins with deceiving them. The Dublin police have discovered that several men wanted for participation in the murder conspiracy have left Ireland.
