It rains.
And still it rains.

Sportsmen's club meeting tonight. Members of the club will turn out on the meeting in a most important one. Smith & Beeson's office, 8 p. m.

The chief of police took in out of the wet, two "tired" fellows today, who, as soon as they sober up enough to navigate will be invited to take a walk.

The HERALD is a newspaper, when it found it necessary to telegraph for the list of excursionists, it did so and it is the only paper in the state furnishing a correct list.

Dr. Hall's neat, beautiful wooden fence, which he has mounted upon the stone wall around his residence, property on Granite street, is a beauty. The Dr. has made many alterations in the property painting and placing it in first class repair and we understand it is not far from.

The HERALD printed and distributed gratuitously over two hundred and fifty copies extra the last two days—on account of the excursionists. This ought to put us even on the charity list with those who subscribed fifty cents to aid in entertaining the visitors.

Stephen A. Davis, our third ward grain dealer, has been keeping up the reputation of his ward and neighborhood by building a substantial and neat stone fence in front of his residence on Pearl street. These improvements are what make a city present a prosperous and substantial appearance.

At the school board meeting last evening, permission was granted Rev. Wortenberg to occupy the 2nd ward school building with a German school during the summer months, and permission was granted to occupy the 4th ward building for a children's school. The question of heating the high school building by steam is being considered by the board and they will decide upon that matter at their next meeting.

Mr. Geo. Larnue, assessor for Liberty precinct, has completed his assessment of the precinct for 1883, and made his returns to the county clerk. He made all the returns himself, as well as the recapitulation and returned his work all complete and without single error in it—something which has never been done before in the history of Cass county. He was the second one to make returns and Louis Eickhoff, of Louisville, was the first. These are the only two who got in.

Gov. Furnas was exhibiting a fine skin of silk to a number of his friends last Monday, the product of the worms raised by Mrs. Furnas. Those who pretend to know good silk when they see it say that produced by the worms owned by the governor's wife is as fine as any they ever saw. Silk culture in this state is something new, and if we can make as good an article as that imported, it will be a big thing for Nebraska and in years to come be a means of bringing much wealth into the state.—Brownville Republican.

August Wehnt, the present proprietor of the town of Manley on the M. P. R. R. five miles south of Louisville, is in the city today. He reports the sale of some lots of \$3,000 for corner and \$50.00 for the others. There is now six car loads of lumber on the ground, and many improvements in contemplation which will be completed as soon as timber can be procured to the lots. There will be an elevator erected this summer and many other improvements. We shall certainly have a county seat soon, which will settle the difficulty between Weeping Water and Louisville.

Murphy & Co's delivery ponies seem to understand and appreciate the situation of local editors and the scarcity of items on rainy days. They took a ride to Main street this forenoon without a driver, and made some pretty good time until they reached the Fitzgerald block, when P. J. Hansen ran out and grabbed them, sticking to them like "glue" and leading them until eleven o'clock, when the train started to the Capitol City where they arrived at 3 a. m. Arrangements are made to entertain in royal style, and we are sure that our eastern friends will not leave our state with any feelings of regret, but on the contrary will have reason to believe that from their impromptu reception at Plattsmouth, until they cross the Colorado line that Nebraska has been just to herself and generous to her friends. The reporter had an opportunity to become acquainted with many of our visitors, and the universal expression was that Plattsmouth takes the lead, considering time and circumstances in entertaining the guests who were entertained by C. H. Parmelee and Mr. Perry Walker were especially gushing in their criticisms of Cal's driving and

OUR CORPS OF TEACHERS.
The Board of Education elected Last Evening.

Last evening, the Board of Education met at the office of the Secretary, all members being present. The Principal, Prof. Drummond, having been elected at a previous meeting, the Board settled down once to the business of selecting the remaining teachers, who were elected by ballot, as follows:

ASSISTANT PRINCIPAL.
A. C. Ong, of Unionport, O.; salary, \$75 per month.

7TH AND 8TH GRADES.
Miss Ursula Wiles; salary, \$50 per month.

6TH GRADE.
Miss Carrie Blumer; salary \$45 per month.

5TH GRADE.
Frank Hartigan; salary, \$40 per month.

4TH GRADE.
Miss Lillie Pollock; salary \$40 per month.

3d GRADE.
Miss Addie Searl; salary \$40 per month.

2d GRADE.
Miss Sarah Worden; salary \$40 per month.

1st GRADE.
Miss Viola G. Roys, of Exeter; salary, \$40 per month.
Miss Maggie Sampson,
Miss Medora Smith,
Miss Laura Overlander; salary of each \$35 per month.

1ST WARD.
Miss Alice Wilson and Miss Hattie Fulmer.

2d WARD.
Miss Wheelis, of Illinois.

3d WARD.
Miss Lizzie Malone.

4TH WARD.
Miss Mattie Vass; salaries of the ward teachers, \$35 per month.

It will be noticed that a large number of the teachers selected were from those of last year, and the action of the Board in retaining as many as possible of the old number, will be commended.

Of the new ones selected, Mr. A. C. Ong, selected as assistant principal, furnishes the very best recommendations. He is a graduate of Richmond, O., college, where he also taught for two years. The last four years, he has been principal of the Unionport, Ohio, school. He will undoubtedly make an excellent addition to the public schools of the city.

Miss Viola Roys, of Exeter, another of the new ones selected, has for the past year been principal of the Exeter schools. She is a very highly recommended, and has a list of recommendations equal to any presented to the board. She has been selected to fill the vacancy caused by the retirement of Mrs. Leader, and the room although among the little folk, considered by the Board and Superintendent one of the most important rooms in the building.

Mr. Frank Hartigan and Miss Pollock are both well known in the city, and both are teachers of experience who will certainly fill their respective positions with credit to themselves and the schools.

Miss Libbie Wheelis, who comes from Illinois, is a lady of experience in the school room and not unacquainted with a number of Plattsmouth people, she having visited here some two years ago.

Miss Laura Overlander, the remaining new teacher, is a very young one, as all know, and who has her talents yet to win in the school teaching line. The HERALD trusts she may meet with success.

PERSONALS.

C. S. Dawson went to Lincoln this morning.

A. B. Smith returned this morning from Kansas.

Major Wheeler went to Omaha last evening.

Surveyor General Stevenson came in from Omaha last evening.

Mr. William Scatten and bride returned from Burlington, this morning.

Mrs. R. W. Hyers, returned this morning from her visit to Manitou, Illinois.

Dick Straight and William Jones went to Council Bluffs last evening to attend the horse races. We are sorry it rained.

Mrs. Perry, of Aurora, Neb., mother of our popular druggist, S. G. Perry, came in from the west last evening for a week's visit with her son.

Mrs. Baum and Brownie, of Lincoln, mother and sister of J. Edward Baum of the First National bank, arrived in the city this morning, for a short visit among friends and acquaintances.

Mr. Johnson, a prominent citizen of Lincoln, Iowa, and an uncle of Hon. Allen Beeson, will give a lecture on a pleasant call yesterday. He is visiting Mr. Beeson and family.

Peter Bates and Chris. Koehuke are putting the finishing touches on Phil. Hartman's new residence, which presents a fine appearance.

The street commissioner has been doing a number one job of work at the street on Chicago avenue and new walks are laid at the street crossings there.

The HERALD, yesterday, furnished every excursionist with a copy of the paper of Wednesday evening, and to-day mailed to each paper represented a copy of yesterday's paper.

Our police judge put in an appearance before the board of education last evening with an eloquent protest from the remains of "Slippy Hollow." The trouble was the same that "Old Rip" experienced the statute of limitations had run—against the grievance.

Last night a burglary was committed at Ripple's brewery. Mr. C. J. Laible was out spending the evening, attending to the duties of his office, and his room was broken into and a watch and chain, a small amount of money and three rings were taken. A number of suspicious looking characters were noticed in that vicinity last evening, and the police are watching the guilty party.

One week from tonight the ladies of the city will hold a temperance festival, in Rockwood Hall, where ice cream and other delicacies and victuals will be dispensed at the hands of the fair ladies, to all who may wish to attend, and no admission. The management is, that all will attend, as entertainment is guaranteed, in the shape of good speeches, good cream, good ladies, etc., etc.

The excursionists on yesterday were loud in their praises of the treatment at the hands of the employees of the B. & M. Mr. Con O'Connor pulled the throttle, one of the oldest and most trusted engineers on the road, while Joe McCoy did the agreeable as conductor. Mr. Co's politeness and urbanity were subjects of conversation among the excursionists about him would feel quite vain. Yet he deserves it all. The management of the train from engineer to brakeman is a credit to the road, and will receive due notice when our friends return home.

M. D. Falton, the jolly fat "local" of the Bucyrus Forum, was the only one of the excursionists who "made a mash" on the Plattsmouth girls. Providence has been unkind to the Plattsmouth "locals"; we're not fat, and not excursionists, but we'd like awful well to "make a mash." We have a plan on foot now to have an excursion of our own to Oreapolis, where we may possibly have the same success that Fulton did in Plattsmouth.

T. A. FOULAN, D. G. M. W.

Yesterday Joe Fairfield was doing the agreeable to a party of the excursionists, playing his eloquence upon the benefits of Nebraska and the advantages of Plattsmouth, and began to become better acquainted with those he had in charge, when he accidentally discovered that one of the party, Mr. I. B. McDonald, editor of the Columbia City, Ind., HERALD, also the oldest editor on the excursion, was his uncle. We imagine that none of the editors or any of our citizens enjoyed more the short stay here than Joe and his uncle.
