For City and County Directory, Railway Time Tables, Telephone Exchange, Business Directory, Directory, Business Cards &c., see fourth page.
Notice to Advertisers.
Copy for display advertisements or changes in advertisements must be handed in to the business office not later than 10 a. m. of the day in which they are to be inserted. Copy for local notices, special notices, must be handed in before 3 p. m. each day to insure insertion.
M. ROBERTS, Business Manager.
JEFF. L. STONE, - City Editor.
A. Salisbury, Dentist.
The readers will do well to examine the offer of the London Book and Bible house, in another column of this paper.
The A. O. U. H. will meet at their hall tomorrow afternoon at 2 o'clock p. m. sharp, and all members are requested to be present.
By order of the PRESIDENT.
A good many of our business men have on hand a large and well selected stock of all kinds of fireworks which they are selling at a very low figure. Among them are M. B. Murphy & Co., Smith & Black Bros., J. P. Young, and Will J. Warrick. Remember this when investing for the glorious fourth.
Maj. Wheeler handed us today two postal cards announcing the sale on July 18th and 19th, at Clintonville and Winchester, Ky., of a lot of blooded cattle of the short-horn family. The people of Nebraska are deeply interested in stock question, and it might be of advantage to some of our stock men to investigate these sales.
Our patrons will bear with us in the lateness of the appearance of the paper for the last two or three days. Our press is broken and a new casting being made. Meantime we publish through the courtesy of Bro. Sherman in the use of his press. We hope to be all right, and out on time by Monday, however.
The readers of the Daily and Weekly HERALD will, with us, doubtless, appreciate our county correspondence. Our Louisville, South Bend, Elmwood and Three Groves letters would do credit to any newspaper. We wish to say to those correspondents that the old HERALD appreciates their valuable letters, and that many of our readers have already spoken to us in praise of our county correspondents.
Today as the boys were carrying the "form" up stairs, Will Leach started to carry one up alone, and when three or four steps from the bottom he missed his footing and fell, the "form" coming down on his left hand, bruising his fingers and knocking off considerable skin. It was a painful accident and will be laid up with three or four stiff fingers for a few days. Luckily no bones were broken, and no type piced.
The Brownville Republican notes the fact that Emma Yelkin has fled a petition in the district court of Nemaha county for an action against Henry Steinman, a well-to-do farmer of Benton precinct for slanderous libel.
Emma alleges that on the 28th day of last March Henry falsely accused her, by imputing to her the commission of the crime of being a prostitute, thereby intending to and did injure her personal reputation. In her second cause of action she alleges that on the 29th day of March last he again wickedly imputing to her the commission of the crime of being a prostitute, and that many of our readers have already spoken to us in praise of our county correspondents.

P. S. G.
The Record of the Last Two Shoots.
Last night's Journal contained a purported report of the Thursday's shoot of the sportsmen's club; it is a fearful and wonderful compilation of figures and reads as follows:
"Out of a possible score of 28 W. D. Jones got 23, C. H. Smith 19, J. N. Smith 26, H. M. Bushnell 17, J. B. Strode 20, Wm. Webber 16, Alf White 1."
The genuine score as made and was suppressed by the HERALD out of charity to the crack shots, was as follows:
Out of 23 pigeons shot at, the following score was made:
Wm. Webber.....12
H. M. Bushnell.....11
C. H. Smith.....10
W. D. Jones.....8
J. B. Strode.....9
J. N. Smith.....2
Alf White.....1
And the only question is what it cost Jap Smith and Jones to get the record in the Journal published. Last night the contest was for glass balls, and the record made shows it to be one of the most interesting shoots the club has ever held, in which contest Geo. S. Smith broke 41 balls without missing. The following is the score of the different matches, all of which were for five balls each 18 yards rise:
FIRST MATCH.
Geo S. Smith.....1 1 1 1 1-5
W. D. Jones.....0 1 1 0 0-3
C. H. Smith.....1 1 1 1 1-5
H. M. Bushnell.....0 0 1 1 1-3
J. B. Strode.....0 1 0 0 1-1
Wm. Webber.....0 1 0 0 1-1
Ties shot off, the result was: Geo. S. Smith, 1st money; J. B. Strode, 2nd money; W. D. Jones, 3d money.
SECOND MATCH.
G. S. Smith.....1 1 1 1 1-5
W. D. Jones.....1 1 1 1 1-5
C. H. Smith.....1 1 1 1 1-5
H. M. Bushnell.....1 1 0 1 1-4
J. B. Strode.....1 1 0 1 1-4
Wm. Webber.....1 1 0 1 1-4
Ties shot off, result was: Geo. S. Smith, 1st money; H. M. Bushnell, 2nd money; J. B. Strode, 3d money.
THIRD MATCH.
G. S. Smith.....1 1 1 1 1-5
W. D. Jones.....1 0 1 1 1-4
C. H. Smith.....1 1 1 1 1-5
H. M. Bushnell.....1 1 0 1 1-4
J. B. Strode.....1 1 0 1 1-4
Wm. Webber.....1 1 0 1 1-4
Ties shot off, result was: Geo. S. Smith, 1st money; W. D. Jones, 2nd money; Wm. Webber, 3d money.
FOURTH MATCH.
G. S. Smith.....1 1 1 1 1-5
W. D. Jones.....1 1 1 1 1-5
C. H. Smith.....1 1 0 1 1-4
H. M. Bushnell.....1 1 0 1 1-4
J. B. Strode.....1 1 0 1 1-4
Wm. Webber.....1 1 0 1 1-4
Ties shot off, result was: Strode 1st money; C. H. Smith 2nd and 3d money.
The results of the above matches show conclusively that some good shooting was done by all.

A SAD SCENE.
Frederick Remy Ends His Life in Hydrophobia Convulsion.
The death of Frederick Remy occurred at eight minutes past five o'clock this morning, from hydrophobia. He was bitten in the face in three places on the 18th of May. The wound was cauterized and healed in a few days, and he continued in good health to all outward appearances until Saturday last, when he complained of shooting pains starting from the scars of the wound and radiating over his face. During Saturday and Sunday he was restless, lying down and suddenly rising without apparent motive; expression of the countenance haggard and distressed, great repugnance to water, the near approach of a glass causing a choking sensation from spasms of muscles of the throat, which occurred at frequent intervals during Monday. At 9:30 p. m. on Monday he had the first marked convulsion, which lasted for ten minutes, and was followed in a few minutes by another one not quite so hard, and this in turn gave place to an interval of apparent intelligence and he appeared to be rational, talking to his relatives and friends. This calm lasted but a short time, when he became a raving maniac, with an intense hatred of the physicians in attendance, manifesting a very strong desire to kill them. One convulsion followed another in rapid succession, until death came to his relief, ending one of the saddest scenes that human eyes ever witnessed, or that ever rent the heart of loving friends.
Mr. Allen Beeson, our good lawyer friend, hands us the Red Oak Record containing the following account of the death of Frederick Remy, an old acquaintance of Mr. Beeson's of Red Oak. It appears several persons were bitten in Red Oak about the 18th of May last, by the same rabid dog which bit Mr. Remy. One of the persons so bitten seemed to have been poisoned by the virus except this unfortunate man.
SCHOOL MATTERS.
The High School Building to be Heated by Steam.
The school board held a meeting last evening, and the principal business done was the consideration and discussion of heating the High School building by steam. Mr. Wood, of the Western Steam Heating Company, of Omaha, was present, and in a masterly manner explained his heating apparatus, and gave the board some valuable information regarding the heating of buildings by steam. He guarantees his apparatus to run the temperature up to 70 degrees above inside, when the weather is 20 degrees below outside. The plan is to put in two steam pipes and two radiators, in each room, instead of one.
The matter was referred to the committee on building, fuel, etc., to report at the regular meeting next Monday night.
To-day Mr. J. H. Pierce, secretary of the Haxton Steam Heating Company of Kewanee, Ill., is here on the same errand. The building is being examined, and suggestions made as to the most desirable way of putting in the radiators, and estimates being made of just what is wanted, etc.
The matter of painting or slating the black-boards was considered and referred to the same committee, with power to act, and today they awarded the contract to Messrs. Randolph and Farschall, who are now at work on the blackboards.

VOX POPULI.
Mr. Editor:—There must be something radical wrong in the returns of the several assessors for Cass county. It may be that that which I esteem a wrong, is simply an oversight or an omission on their part. By the abstract published in your issue of Saturday last, there are a few things the taxpayer should scan closely, and ponder over. There are three banks in this county, and it appears that these three banks are situated as follows:
"Twenty-four, Moneys of bank, bankers, broker or stock jobber, \$7,047.
The average of these is not given, there being four, it must be \$1,761.75. I had thought that banks were on a better basis, and I looked to your paper to ascertain the capital supposed to be invested in each, but it was not there.
The next item which appears strange is "Thirty-three, Property of saloons and eating houses, \$1,130.
Now there are ten saloons and six eating houses in the county, and to average; the property of the whole among this number, there is a bad showing only \$73.63 each, hardly enough money to buy the cheapest kind of ice box.
"Thirty-seven, Amount of telegraph property \$200.
This item says there are 20 something lines or the number of miles, one is just as correct as the other, as there are not twenty lines in the county, and there are more than 20 miles. The average here is \$45; whether this is so much per mile or line, we are left to guess. Be it either way, it is remarkably small and not a fact.
Then we have a telephone system which it appears is not listed. Yet this telephone exchange has its offices and is doing business here with its lines and branches, and paying no tax.
It is to be presumed that the banks and saloons in other parts of the county are assessed the same as the property of like character in this city.
And while I believe there is some mistake somewhere, I desire to call attention of the people to the price put upon the residences of the taxpayers in this city. If the property on Main street is assessed at its real value, then the houses and lots of the settlers in Bohemia town are worth from fifty cents to one dollar per acre, while here, by his industry, and economy, has secured him a home, pays four times the amount of tax upon his property, in proportion to its actual cost, than does the proprietor of any block on Main street, or any block, railroad, or telegraph line, while the telephone company pays nothing. This revenue business is one of the items the people should look to. These clusters about this matter more real interests to the property owner than any other of the whole year of the Journal's clippings of free trade, and yet that paper never says a word about it. Indeed, in looking to this matter salvation and safety is reached before you come to tariff or free trade. Tacks.
PERSONALS.
J. C. Morrissy went to Omaha this morning.
Professor Alton is in the city today looking after his monthly examinations.
Rev. W. K. Loufbourrow, an old graduate of the Peru Normal school, is visiting friends here today.
Mrs. Capt. Murphy, who has been visiting in the city for several weeks returned to her home at Arapahoe this morning.
J. H. Pierce, of Kewanee, Ill., secretary of the Haxton steam heater company, is in the city today interviewing the school board. He is a thorough gentleman, and is the representative of a solid institution.
The passengers to Omaha this morning to take in the Thomas matinee were Mrs. Simpson, Mattie Chapman, Mrs. Wintersten, Miss Ollie Wintersten, Miss Hatie Fulmer Mrs. Simon Mayer Mrs. Fred Herrmann, Mrs. A. W. McLaughlin and H. M. Bushnell.
The train from the west was about an hour and a half late this morning, and the Omaha stub came down to Plattsmouth. Among the passengers we noticed ex-Senator Paddock, Watson Pickrell, of Pickrell; R. R. Randall of Lincoln; J. H. Culver, of Milford; Correll, editor of the Hebron Journal, in company with others of the committee who had been to New York in the interests of the Keweenaw lands. Rev. Geo. Scott, chaplain of the House of Representatives, and wife, and the joint editor of the Sutton Register, I. D. Evans. Every one of them said it was hot.
Killed by Lightning.
Ferdinand Jacobs, a man who has been farming F. W. Melcher's place on Rock creek, was struck and killed by lightning on last Friday afternoon about 5 o'clock. He was in the field cultivating corn, and while stooping over to clean off the chaff of the cultivator he received his death stroke. There were only several pieces of his hat to be seen and the hair on top of his head was singed off, but beyond this and a few scratches on the scalp nothing to tell what killed the man. The team ran away and were found in a rye field about a quarter of a mile from the spot where the accident happened, unharmed, as was also the cultivator. The funeral was held on last Sunday and the remains laid at rest in the West Park cemetery. Jacobs was a poor man and leaves a wife and six children.—West Point Republican.
Dr. Kuller is packing his household effects today preparatory to his removal to Sutton next week. The doctor has considerable property and business interests in Sutton, and strong inducements have been held out to him to locate there. He has worked into a very neat practice here, which was rapidly increasing, and it is not for lack of business that he makes the change. He is a good citizen and an able man in his profession, and the people of Sutton are fortunate in his acquisition to their business interests. The best wishes of the HERALD follow him thither.
Wanted—From five to ten thousand smokers to call on M. Schlegel for his new brand of five cent cigar, "The Pride of Nebraska." Try them, and you will smoke no other. d10816

Wise's LAW, REAL ESTATE COLLECTION AGENCY.
Law and collection business promptly attended to at this office and proceeds remitted without delay.
Notarial work, conveyancing and abstracting attended to on short notice and satisfaction guaranteed.
If there is any thing we do make a specialty of, it is city and suburb real estate. Several fine farms and some well land at bargain. Laboring men can get a home by paying monthly what they now pay for house rent.
Six choice half acre lots, 8 minutes from H. R. shops at from \$80 to \$125 each, and on terms that would make a man ashamed to say he did not own a house. Come and see, you are not compelled to buy and we would give these lots away, but you can get them so they will absolutely cost you nothing.
Five acre lot 4 mile from city for \$250 part on time.
Eleven acre lot 4 mile from city for \$550 this is extra.
Several good city property or out lots for trade for hor horses or cattle.
Ten acres for \$ 500 00
