CHICAGO DEFAULTER CAPTURED.

San Francisco, Cal., July 10.—Francis M. Keer, the Chicago defaulter for $50,000, captured at Calloa, taken to the Sandwich islands on the American man-of war Essex, and thence to this city on the City of Sidney, arrived to-night, brought on extradition papers issued by Gov. Stoneman, of California, to the Chicago detectives.

A CHALLENGE.

Des Moines, July 10.—Hon. L. G. Kinne, democratic candidate for Governor, has addressed a telegraphic letter to Governor Sherman inviting him to meet him in joint debate at any or all his meetings, or at any other place upon which they can agree. It is supposed Governor Sherman will accept the challenge.

THROUGH A BRIDGE.

Jackson, Miss., July 10.—An accident occurred to a mixed train on the Natchez & Jackson road yesterday evening, five miles east of Natchez. Seven cars fell through a bridge fifty feet high. Conductor T. O. Jennings was killed, and the following passengers wounded: Jas. Grillow, Fred Manocci, Willis C. Cannon, Miss Lucy Smith and Miss Jennie Hall.

STORM IN WISCONSIN.

Milwaukee, July 10.—A heavy rain storm, accompanied by thunder, lightning and very high winds, passed over the northern portion of the State this afternoon, doing great damage to crops, railroads and country roads. Hail fell at Green Bay, smashing windows, and the streets were flooded. Fond du Lac suffered severely, but the extent of the damage financially is unknown.

A BOLD ROBBERY.

Salt Lake, July 10.—At four this afternoon two men entered the Zion savings bank, one of the men engaging Schuttler, the cashier, in conversation, and struck him a violent blow with an iron rod. They then gathered a quantity of gold lying on the counter and made their escape. Up to a late hour tonight the robbers are still at large. The amount taken has not been made public.

THE CHILDREN.

Troy, N. Y., June 10.—Four hundred and sixty-two children, the guests of the Tribune fresh air fund, arrived by the boat Belle Horton this morning and breakfasted at the old Tappen Harmony hall. They consumed 1,700 biscuits, 2,500 cakes, 260 quarts of milk, 5 hams, 135 pounds of beef, 1,000 bananas. They left by special train at 8:30 for Plattsburg.

AN ORDER.

Jackson, Miss., July 10.—The following order will be issued tomorrow by the Mississippi state board of health: It is hereby ordered that on and after this date and until further orders, all boats on the Mississippi river coming from points south of this state will be required to land at the inspection station at Ft. Adams, and be inspected before they will be allowed to land at any point in this state.

NEW DISCOVERY REPORTED.

San Francisco, July 10.—The French astronomers arriving by the City of Sydney, sent to the Caroline Islands to study the solar eclipse of May 6, report finding a red star, which they believe will prove a new discovery. The eclipse lasted five minutes and twenty-three seconds. They noticed several new features. The corona was chiefly white prominences, supposed to be vapor or white clouds.

BALTIMORE'S HOSPITALITIES.

Baltimore, July 10.—Gen. Henry A. Barnum, of New York, and Gen. John F. Hartfraaft, of Pennsylvania, a committee representing the Grand Army of the Republic, have arrived here bearing testimonials for the G. A. R. to the mayor or common council and citizens of Baltimore in recognition of the welcome and hospitalities shown to the G. A. R. during its encampment and convention in this city in July last year. The testimonial is a bronze tablet made of metal from the union and confederate cannon used in the late war. The presentation takes place at the city hall this afternoon with appropriate ceremonies.

THE PRODUCE TRADE.

New York, July 10.—At a public meeting of the produce trade today resolutions were adopted opposing any legislation by congress looking toward the redemption of trade dollars at par as being in the interest of a ring of speculators who have purchased the coin in large quanties at its bullion value. Resolutions were also passed favoring charging of interest on advances made on consignments from the date of the advancement until ten days after the date of the sale of the goods, provided they are not paid for before, and also recommending that ten days be the limit at which sales or credit should be made in the produce trade.

THE TRAGEDY AT SIOUX CITY.

Sioux City, Iowa, July 10.—A wrong impression seems to prevail relative to the double tragedy of Saturday, in which Minnie Murdock, alias Dixon, was shot in the head Joe Kiter, who then attempted suicide. Kiter was not seriously wounded, and is in jail convalescing. The woman, though she has two terrible holes in her skull from which her brain oozed twenty-four hours, will likely recover if inflamation does not ensue. She has a vigorous constitution, but recovery from such a wound in any one is a very rare instance. Several papers have pronounced both parties dead, which is entirely incorrect. Kiter will doubtless be tried for attempted murder if the woman lives. If she dies, for murder, as there are few mitigating circumstances

WASHINGTON NEWS.

Smuggling in Chinamen.

Fraudulent Land Entries.

Other Matters.

SUPPOSED TO BE YELLOW FEVER.

Washington, July 10.—The surgeon general of the marine hospital service today received a telegram from Dr. Joseph Jones, president of the board of health of New Orleans, as follows: The Swedish bark Birmia arrived nine days out from Vera Cruz at Mississippi quarantine station, with three cases of yellow fever. The bark is not bound for New Orleans, but is in distress. The surgeon general is also informed that the steamship City of Mexico left Havana on the 7th for New York with supposed cases of yellow fever on board.

SMUGGLED CHINAMEN.

The treasury department has been informed of the arrest at Port Townsend, Wyoming Territory, of six Chinamen smuggled into this country through British Columbia. The fact has been reported to the President, who will order their deportation.

TAX ON "ROCK AND RYE."

Commissioner Evans has instructed Collector Harvey, of Chicago, to make a demand upon the manufacturers of "Rock and Rye" for the payment of special taxes as rectifiers and liquor dealers from the first instant, and to require all persons in his district who sel that compound to pay a special tax as liquor dealers.

A CIRCULAR.

The commissioner of internal revenue has issued a circular modifying and supplementing circular No. 259, as follows: In view of the fact that there was no specific appropriation made by congress at its last session to meet the expenses of the cancellation and redemption of stamps imprinted on checks, drafts, etc., it becomes necessary to inform the public that such drafts, checks and stamps will not be received for cancellation and return for redemption after the 31st of July. All stamps imprinted upon drafts, checks, etc., received for redemption after that date, if redeemed, will be destroyed together with the drafts and checks.

WARRANTS ISSUED.

The treasury department yesterday and today issued warrants for the payment of $14,000,000 on account of army and navy pensions for the fiscal year ending June 30, 1884.

FRAUDULENT LAND ENTRIES.

Over six hundred reports have been received by the commissioner of the general land office from thirty special agents engaged in the investigation of fraudulent land entries up to July 1. In many of these cases supplemental reports have been called for, covering points which were not sufficiently specific to warrant official action. About 350 of the receipts show sufficient evidence of fraud to justify the land office in summarily cancelling the entries. The records show that without an exception the fraudulent entries, whether homestead or premption, cover the full area of land allowed by law, namely 260 acres. The land already restored to the dublic domain upon the reports of these agents aggregate about 56,000 acres, a great deal of which is located in rich valleys, and held by the government at double the minimum price of $2.50 per acre. The approximate saving to the government already effected by the land office is estimated at $135,000. It is maintained that these figures will be doubled when action has been taken upon the reports or examined.

The President has recognized C. Lamar Quinteers, vice consul for Costa Rico, at New Orleans.

THE HOSTILES.

A special from Ojurina, Sonora, the headquarters of the Mexican army says Commandant Aguirri, with 150 men, is pursuing the Apaches to the Sierra Madres, who committed the outrages at Bodjedrachi, on the 17th ult., after Crook concluded peace with them. These Indians committed several murders and stole stock. Lieut. Paros, of the state troops, reported the Indian trail discovered by his troops on the 25th ult, and that signal fires have been visible on many mountains within the last ten days preceding his report. Aguirri is still in the Sierra Madres in the direction of Guayrope. It is expected that he will return shortly and be able to report if the Indians have left the mountains, and if they were in earnest in complying with Cook's treaty of peace.
