The HERALD greets its readers once more upon the eve of our national holiday. To our force it means a day of rest and glorious recollections. The HERALD will celebrate the morrow, remembering that this great, broad, rich. fertile, free, happy and enlightened nation contains more miles of railroad, of telegraph and telephone lines more school houses, more school masters, more school children, more newspapers, more grand copportunities for man, more Fourth of July orators, more politicians, and more fire crack ers, with less ignorance, less unhappiness, less treason, less poverty, fewer poor houses, fewer houses of correction fewer prisons, and fewer tramps than any other nation upon the face of the globe.

All of our good people should observe tomorrow, not, as the weather prognosticator who only looks into the future for the purpose of divining the shado vs and disasters that await man and product upon both land and sea; but as the philosopher, who visits the field and garden, who turns man's attention rom things human, to things divine, gathering lessons of wisdom and monaonts of happiness from Nature's influite, inexhaustible storehouse of grand, glorious creations, thoughts and inspirations.

Liberty is a flower planted by our Fathers upon this continent, which, through frosts and cruel seasons, has blossomed forth, until its germ is im .

votees, willing and strong enough to uphold the grand emblem of our free institutions against all its enemies.

Liberty is that flower so beautifully and gloriously described by Oliver

Wendell Holmes, when he sings, What flower is this that greets the morn, Its hues from heaven so freshly born? With burning star and flaming brand It kindles all the sunset land ; O, tell us what its name may be ! Is this the Flower of Liberty?

Thy sacred leaves, fair Freedom's Flower, Shall ever float on dome and tower. To all their heavenly colors true, In blackening frost or crimson dew-And God love us as we love thee, Thrice holy Flower of Liberty.

-Then hall the banner of the free, The starry Flower of Liberty.

Hence the HERALD greets its readers and abjures them to cast aside the cares of business, the perplexities of every day life, and to devote the morrow to their country and her proud traditions. Call your boys-and girls too-about you and recount your country's glorious achievements; teach them to love and honor its flag; tell them why they celebrate this day, and why it should be kept ever fresh and green in the memories of a free people; and rest assured you will have done something, devoted, though it may be, but a few brief institutions.

The Cleveland Leader says: The Cincinnati Enquirer, in a double lead ed editorial, advocates the nomination of Gov. Hoadley as the democratic can- invalid or smallest child to use. didate for president. Gen. Durbin Ward, being the first delegate-at large elected by the State Convention, should head the delegation and be its chair man, and he is supposed to be irreconcilably opposed to Hoadly. It is believed that over half the Ohio delegation to the coming national democratic convention will oppose Gov. Hoadly, The Enquirer, however, says that the Governor, "since he came to the democratic party, has been a consistent, earnest democrat," If we remember correctly, the Enquirer entertained a very different opinion of the same gen-

tleman about a year ago. It then said: "Geo' Hoadly is a five year old democrat, out of the Abolitionist, out of the Free-Soilers, out of the the Republicane, sired by ambition, and damned by all the Bill Allen Democracy; owned by George H. Pendleton, and backed by a bait, and handicapped by his record. He ran in the great meeting of 1880 at Cincinnati for second place and roke his back. He is being groomed by the famous stableman, Alexander Sands, and will be ridden in the race by the celebrated jockey of New York, Samuel J. Tilden. Colors, old gold (and plenty of it.)

given to the movement for the adjournment of Congress! For months the democratic majority in the House tought shy of business. The Republican National Convention did not accelerate their action. Even the prosand the mularial influences of the Potomac flats failed to stimulate their energy. But now that the Democratic Convention is at hand the democrats are willing to do anything necessary to warrant an adjournment. They accede to Senate propositions in conference committees which they had determined to fight to the bitter end. They rush through bills without examination, want the Senate to do the same. They even certify the passage of bills which failed to pass, as in the case of the "backbone" land grant bill. There is a hurly-burly in Congress to get through and enable the democratic politicians to come to Chicago and watch their personal interests next week. But what a comment all this is on democratic alms and purposes! The party in control of the House has exhibited utter indifference to public affairs, and has neglected urgent mat ters of legislation for seven months, but scrambles for a precipitate adjournment in order to take part in a party conclave. Is a party which has no higher appreciation of its duties and responsibilities to be intrusted with the full control of the Nation's affairs?-Chicago Tribune.

Money saved by buying hand made

I was talking to a Kentuckian yesterday, who said to me: "I believe Henry Watterson wants Blaine elected president, Indeed, all through the South there is a happy feeling toward Blaine. He is so easy to get acquainted with, so generous to see in necessity, so fond of his manly enemies, that if he should be elected there would be a wonderful movement and procession from the South around his inauguration. We do not forget that he came
