The jury now is seated, giving out the sentence: To each criminal is meted His term for repentance.

J. R. Cox is on the sick list. Fine percale shirts reduced from \$1.50 to \$1 at S. & C. Mayer's. Considering the rough roads, quite a number of farmers were in town to-day. An entertainment in Lincoln the other day for the benefit of the poor, realized \$410.40. The Bon Ton bakery will receive orders for fancy cakes from this on. Fine wedding cakes a specialty. Parties attending court should bear in mind that they can get a good square meal at the restaurant of J. P. Antill.

The revival meetings at the M. E. church continue this week with growing interest. The public are cordially invited to attend.

Bird Critchfield, county clerk elect, and county superintendent Maynard Spink, came down from Weeping Water this morning.

The report of Saturday's meeting of the Cass county agricultural society was omitted in last evening's issue of THE HERALD but we publish it to-day.

Y. W. C. T. U. will meet in regular session on Thursday, 8th inst. in Miss Cranmer's rooms, at 4 o'clock p. m.

On our rounds to-day we stepped into the Bon Ton bakery and saw some of the finest bread we have ever seen. They use the finest Minnesota flour in the market.

L. B. Brown, from near Rock Bluff, was in town to-day, telling a real Nebraska hog story. He says that yesterday he killed a hog which weighed 621 pounds after being dressed.

We called on Angus Beck this morning who is one of the leading merchants of east Main street, he has been in business five years in Plattsmouth and is enjoying a good trade.

C. B. Wilson will assist us in gathering in the locals. We are determined to make the HERALD equal to any daily along the big muddy, and all we ask is our share of the patronage.

W. H. Pool, our new county record-keeper, arrived in the city with his family this morning and will take up his abode among the Plattsmouth people. He has secured a house on Locust street, just west of the Christian church.

Just before noon M. McElwain was taken quite sick and had to be helped home. His ailment seemed to be a form of paralysis, and since then he has had no control over his body being compelled to lie down, although he feels no pain.

C. B. Wilson of Villisca, Ia., an old friend of ours is now in the city working in the interests of the DAILY HERALD. Mr. Wilson is an experienced newspaper worker and we feel confident the HERALD will be rewarded by his efforts in our behalf.

Nebraska City is supporting an electric light plant, and has been for some time, and it has been so successful that a larger dynamo had to be introduced to supply the increased demand. THE HERALD would predict equal success for a plant established in Plattsmouth.

The return of the Lincoln city council had an exceedingly strange effect on that city. Only one drunk man was arrested during the next 48 hours! The fashionable programme after such an occasion is to fill every body and then fill the cooler, but Lincoln seems bound to be contrary.

A man named John Hammel died in Hastings Saturday of exposure and injuries on the head received in a drunken brawl at the Queen City hotel. The matter is being investigated and it appears as though somebody would be held to answer for the man's death. Hammel was a stranger in the city and was a German.

The case of the State of Nebraska vs. Herman Strate occupied the greater part of the day in court. He is charged with assault and battery, and quite a number of witnesses were up from Louisville to testify in the case. This afternoon the case of Floyd vs. Reynolds was called and the jury sworn in.

On our first page will be found the latest decision of the United States supreme court relating to prohibition. The subject came before them in an appeal from Kansas, in which the prohibition laws of that state affect the rights of individuals to manufacture intoxicating liquors for private use and export; also as to the question of remuneration for the property used in the manufacture of such liquors. The decision is another victory for prohibition.

AGRICULTURAL SOCIETY.

Officers Elected for the Coming Year—The Last Fair a Success. Saturday afternoon the Cass county agricultural society held their annual meeting at the county judge's office at 2 o'clock as per announcement. There was a full meeting, about thirty-five being present. The audited accounts of the society for '87 were reported by the auditor committee and were accepted.

Officers for the coming year were elected as follows: F. Gorder, president; A. B. Todd, vice-president; H. C. Ritchie, secretary; John F. Vallery, treasurer; W. Wettenkamp, general superintendent; J. C. Eikenbary, chief of police. By ballot the following board of directors was elected: J. V. Weckbach, Levi Churchill, M. B. Murphy, W. J. Hessler, J. Vallery, jr., J. H. Becker and W. D. Jones. R. B. Windham made a suggestion favoring the appointing of an executive committee to assist the president and secretary in their endeavors to make the next and all future fairs a success, and moved that such a committee be appointed. His motion was carried and the following executive board for 1888 was appointed: R. B. Windham, S. Waugh, F. M. Richey, Wm. Westlake, of Weeping Water, and J. C. Gilmore.

The following vice-presidents were elected: Plattsmouth, first ward, E. B. Lewis; third ward, J. M. Schnellbacher; second ward, F. M. Richey; fourth ward, F. D. Lehnhoff; Liberty, J. M. Lloyd; Avoca, John Marguardt; Weeping Water, Geo. Adams; Stove Creek, John Clements; Greenwood, B. McNurlin; Elmwood, J. H. McKinnon; Center, Geo. Hanson; Mt. Pleasant, James Hall; Rock Bluffs, J. R. Vallery; Plattsmouth precinct, H. Eikenbary; Eight Mile grove, J. B. Meisinger; Louisville, Ed Fitzgerald; South Bend, Silas Patterson; Salt Creek, John Sheffer; Tipton, J. M. Higgins.

The reports of the secretary and treasurer spoke very well for the success of the society during '87. An indebtedness of \$600 from last year's fair was paid off and premiums were paid in full, but the indebtedness of the last fair only amounted to \$200 and the society virtually cleared \$400, which speaks well for the enterprise and is very encouraging for the fair of '88 which the society will endeavor to make a grand success—one which will be remembered as such, and which will be second to no county fair in the state.

The society then adjourned to meet at the same place the first Saturday in February, at 3 p. m., which is Feb. 4, '88.

Council Doings.

City council met in regular adjourned session last night. All councilmen were present, in the absence of the mayor President McCallen presided. Minutes of last meeting were read and approved. An inquiry from W. E. Wise asking why a road had been opened across the west half of block 11 in Thompson's addition was referred to the committee on streets, alleys and bridges.

A petition signed by twenty-one persons asking the extension of water mains on west Main from their termination on 11th and Main street westward 3,004 feet to the intersection of 19 and Main streets. On motion the petition was referred to the committee on fire and water.

A letter from C. D. Jones, of Independence, Iowa, in response to an inquiry from A. W. White, stated that forty-two street lamps would be burned for \$100 per month, which would be eleven more lamps than the city now has, and would virtually give the city two lamps. Mr. Murphy moved that the councilmen of various wards be authorized to locate three lamps for their respective wards. Mr. White amended that the fourth ward receive two lamps, first and third wards three lamps, and fourth ward four lamps. Motion passed as amended. A five minute recess was then taken to locate the lamps. The first ward aldermen located their three lamps on the corners of Courtland and Sixth, and Fifth and Oak streets. The second ward aldermen located their four lamps on the corners of Tenth and Washington Ave., Elm and Ninth, Seventh and Oak, and Seventh and Elm. The third ward aldermen located their three lamps on the corners of Marble and Eleventh, Chicago Ave. and Ninth, and Marble and Tenth streets. The fourth ward aldermen located their street lamps on the corners of Marble and Third, and Fourth and Rock streets. On motion of Mr. Murphy the locations of the street lamps were adopted as recommended.

On motion of Mr. Grousel the two lamps at the corner of Main and Second streets were ordered removed to Winter-steen hill on Fifth street.

A petition signed by several citizens to declare the corn-crib of J. A. Connor on lot 2, block 20, was referred to the hospital committee.

The report of the street commissioner from June 27th to Nov. 28th, '87, was referred to the finance committee.

Mr. Murphy moved that the chief of the fire department be requested to fill the cisterns of the citizens who live on the bluffs and are without water, provided the people pay for the water and all expenses. Motion passed.

Mr. Grousel stated the B. & M. Co had completed the walk along the shops as required and that private parties on Holdridge street wished to extend the walk but the fence in places was ten feet over the line. American Growing Larger.

Edward Atkinson has been examining the records in ready made clothing establishments to discover whether the white man in the United States is deteriorating in size and weight. The general result is that the average height of New Englanders is found to be 5 feet 8 1/4 inches, and of southerners 5 feet 10 inches. The average weight of Americans is between 155 and 160 pounds. Mr. Atkinson also discovered that the average height and weight of men in this country have increased perceptibly since the war. He is convinced that Americans are increasing rather than decreasing in size.—New York World.

A Zoological Loss.

A famous sea anemone—a specimen of Actinia mesembryanthemum—has just succumbed to parasitic disease in the Royal Botanical gardens of Edinburgh, after sixty years of captivity. From its great age, and its more than 600 immediate offspring, it had become familiarly known as "Granny." This interesting creature is pictured in several scientific works, and was visited by many eminent scientific men and travelers in addition to the usual sight-seer. It was fed regularly once a fortnight with half a mussel, and was supplied with fresh water after each of these meals.—Arkansas Traveler.
