NATIONAL REPUBLICAN TICKET

FOR PRESIDENT, BENJAMIN HARRISON, of Indiana. FOR VICE PRESIDENT, LEVI P. MORTON.

of New York.

"In the front ranks of the fight will be found waving the white plume of Maine's Henry of of Navarre." Such is the promise made by Blaine's friends from Maine and the actions of the "plumed knight" have given the same promise. When the battle becomes warm, the voice of the magnetic statsman will be heard urging the claims of the republican party and its candidates upon the suffrages of the people.-Lincoln Journal.

THE HERALD congratulates Hon, Frank E. White upon his election as president of the Democratic State League. We are always pleased when a Cass county man gets to the front, no matter what his polities are. President White will make an executive officer which the democracy of Nebraska will appreciate. He is a throroughgoing man in all that he undertakes and has no business to be training with the party of reactionary ideas and false pretenses.

"PAUL MORTON says it is Harrison and defeat."-Neb. City Evening Times.

Charles Whopper Sherman will please note this utterance of the Morton family, and while he is blubbering about John M. Thurston, the U. P. attorney, being a republican, remember that Paul Morton is one of his (Sherman's) own dear democratic free-trade locofocos. When Thurston shouts for Harrison it means corporate interferance against the dear people; but when PAUL and his FATHER of Arbor Lodge and Forbes and Strong all democrats of the C. B. & Q., shout for Cleveland it means something elsethat is-with small born democratic editors.

MR. MULHALL of the Royal Society of London in his "Balance Sheet of the the World'says: "It would be impossible to find in history a parallel to the progress of the United States in the last ten years Every day that the sun rises upon the American people it sees an additional two and a half million dollars to the accumulation of wealth in the republic which is equal to one-third of the daily accumulations of all mankind outside of the United States." And yet the party of English ideas, Mr. Cleveland's party, would change the industrial policy of such a country. The statement of the proposition to adopt free-trade in this country ought to, of itself, hurl any party from power.

THE Journal has reiterated its idi otic falsehoods about monopolies and the republican party until such rot ought to drive every decent democrat from its subscription list. For years the attorney of the Uunion Pacific was that prince of democrats, Andrew J. Poppelton, and the management of that road was democratic as it is today. A few months ago Mr. Poppleton resigning, Mr. Thurston was promoted as general attorney for the road (in the west,) and happening to be a delegate in the Chicago convention, the demogogue of the Journal denounces monopolies and the republican party as allies and robbers. If the Journal is not profoundly ignorant (and we will not attempt to prove that its editor is not) he knows Huntington, Vanderbilt, Gould oring to make it a great success, and feel and Adams et al, are riproaring Cleveland | quite confident we can suit all. supporters and that one of the proud boasts of his party's managers is, that Jay Gould contributed \$60,000 to the election of Grover Cleveland in 1884. He knows that VILAS and LAMAR were recognized as railroad tools in Mr. Cleveland's cabinet; that PRESIDENT ADAMS of the U. P. is a democrat: that the PACIFIC railroad interests under Mr. HUNTINGTON'S control compelled the confirmaton of LAMAR and that the biggest railroad lawyer of this continent is JUSTICE FIELD of the Su- the throat and if allowed to continue their preme Court of the United States, who is one of the most zealous Pacific's rail rogue wire pullers in the country; and the fellow who busted the special commision when it recently attempted to compel the officers of the Pacific road to testify as to the manner of conducting the affairs of that corporation. The best thing the lungs or nostrils, obtain a bottle of Boy democratic press of the country can do is shee's German Syrup. It will give you to say nothing about raliroads in politics. immediate relief.

SWALLOWS TAKE TO A SHIP. A rather curious episode in natural history occurred the other day on board the French steamboat, Abd-el-Kader, during the passage from Marteilles to Algiers. Just as the vessell was about two hours out the sky became quite black with swallows. It was then about 6 o'clock in the evening. The birds alighted in thousands on the sails, ropes and yards of the Abd-el-Kader. After pesky survey of the deck from their eminences aloft they descended coolly on deck, hopped about among the sailors and passengers, and eventually found their way into the cabbins both fore and aft, The birds were evidently fatigued, after a long flight, and allowed themselves to be caught by the people of the ship, who gave them a welcome reception and provided them with food, which they enjoyed heartily. The little winged strangers remained all night on the vessel, and in the morning at 7 o'clock the head lookout bird no doubt sighted the Belearic Isles, for the whole flock made for land, after having spent a comfortable and refreshing night on board ship.

A Curious Watch Diai. A watch dial now being made in the Waltham works contains, instead of the usual numerals, twelve small but distinct silhouette figures representing a woman with a very young child in her arms. At 1 o'clock the lady and her little baby are clearly depicted, the infant being in long clothes. At 2 o'clock the same figures appear, but the child is a little larger. At 3 o'clock mamma is still there, but the infant is in short clothes. At 4 o'clock and so on up to 8 o'clock, when he goes to school for the first time. At 9 o'clock he may be seen with his college gown and mortar board, and the happy smile of the now elderly but happy mother. At 10 o'clock the death bed scene, where he parts with his beloved mother. At 11 o'clock he is a middle aged man, over whom the snows of many winters have passed. At 12 o'clock, an old and decrepit specimen of humanity praying for a better land.— New York Mail and Express.

Genuine Arabs, After All. "Now, Allah be praised, here are old friends," said Representative S. S. Cox as he caught sight of P. T. Barnum's Arabs on Pennsylvania avenue, Washington, one morning. Representative Amos Cummings, who was with him, was skeptical, and said the Orientals were Georgetown darkies and that he had seen them fishing off a wharf last Sunday, Mr. Cox thereupon put Barnum's attractions to the test. "Salaam Aleikoum!" he shouted, with a how d'ye do inflection in his voice. The dusky Arabs started in surprise, and with one accord cried out:
"Aleikoum Salaam." The cynical Cummings was overwhelmed with remorse.— New York World.

A Ship That Will Not Sink, "One condition laid down in the contract by the company was that the new liner should be unsinkable," This is a brave guarantee on the part of the builders of a great ocean steamer, even in this extremely scientific age. The ship thus warranted is the City of New York, a new ocean logs of the huge capacity of 10,500 tons, built by Messrs. Thomson, Clydehank, Glasgow, to the order of the Inman company.—London Telegraph.

Poisonous Kinds of Fish. The exhibition of fish, recently opened at Havre, France, includes many poison-ous varieties, some of which are poisonous when eaten, others merely venomous. In the Japan sea is found one of the former class, which is sometimes used as a means of suicide. It brings on sensations like those produced by morphine, and then death. - San Francisco Chron-

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from disease of the hroat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in ravages they extend to the lungs producing Consumption and to the head, caus-ing Catarrh. Now all this is dangerous and if allowed to continue will in time cause death. At the onset you must not with promptness; allowing a cold to go without attention is dangerous and may loose you your life. As soon as you feel

cans of the United States, assem-deligates in national convention

The republicans of the United States, assembled by their deligates in national conveation, pause on the threshold of their proceedings to honor the memory of their first great leader and immortal champion of liberty and the rights of the people, Abraham Lincoln, and to cover also with wreaths of imperishable remembrance and gratitude the heroic names of our later leaders who have been more recently called away from our councils, Grant, Garfield, Arthur, Logan and Conkling. May their memories be faithfully cherished. We also recall with our greetings and prayer for his recovery the name of one of our living hero-s whose memory will be treasured in the history both of republicans and of the republic. The name is that of the noble soldier and favorite child of victory, Philip H. Sheridan.

In the spirit of those great leaders and of our devotion to human liberty, and with that hostility to all forms of despotism and oppression which is the fundamental idea of the republican party. We send fraternal congratulations to our fellow Americans of Brazil upon their great act of emancipation which completed the abolition of slavery throuhout the two American continents. We earnestly hope we may soon congratulate our fellow citizens of Irish birth upon the peaceful recovery of home rule for Ireland.

WE AFFIRM OUR UNSWERVING DEVOTION to the national constitution and to the indissoluble union of states to the autoomny reserved to the states under the constitution, to the personal rights and liberties of citizens in all states and territories in the union and especially to the sup eme and sovereign right of every citizen, rich or poor, native or foreign born, white or black, to cast one free ballot in the public elections and to have that ballot duly counted. We hold a free and honest popular baliot and just and edual representation of all people to be the foundation of our republican government and demand effective legislation to secure the integrity and purity of elections which are the foundation of all public authority.

of Europe
we Will support Interests of America.
We accept the issue, and confidently appeal to
the people for their judgment. The protective
system must be maintained. Its abandonment
has always been followed by general disaster
to all interests except those of the unsurer
and sheriff

and sheriff. we denounce the Mills' bill as destructive to general business, labor, and the farming inter-ests of the country, and we heartly endorse the consistent and patriotic action of the republican representatives in congress in oppos-ing its passage. We condemn the proposition of the democratic party to place wool on the free list and insist that the duties thereon shall be adjusted and maintained so as to fur-nish full and adequate protection to that in-

nish fuil and adequate protection to that industry.

The republican party would effect all needed reduction of the national revenue by repealing the taxes on tobacco, which are an arrogance and burden to agriculture, and the tax upon spirits used in the arts and for mechanical purposes, and by such revision of the tariff laws as will tend to check imports of such articles as are produced by our peorie, the production of which gives employment to our labor, and release from import duties these articles of foreign production, except luxuries, the like of which cappot be produced at home, there shall still remain a larger regenue than is requisite for the wants of government, of internal laxes rather than surrender any part of our protective system at the joint behist of the whisky ring and agents of foreign manufacturers.

AGAINST PAUPER AND LABOR TRUSIS.

AGAINST PAUPER AND LABOR TRUSTS.

AGAINST PAUPER AND LABOR TRUSIS.

We declare hostility to the introduction into this country of foreign contract labor and of Chinese labor alien to our similization and our constitution, and we demand the rigid enforcement of existing laws against it and fayor such immediate legislation as will exclude such labor from our shores.

We declare our opposition to all combinations of capital organized in trusts or otherwise to control arbitrarily the condition of trade among our citizens and we recommend to congress and the state legislation as will prevent the execution of all schemes to oppress the peciple by undue charges on their supplies or by unjust rates for the transportation of their products to market.

We approved spiss to market.

We approved spiss to burdens and unfair descrimination between states.

PUBLIC LAND LEGISLATION.

We reaffirm the policy of appropriating the public lands of the Uhited States to be homesteads for American citizens and settlers not aliens, which the republican party established in 1802 against the persistent opposition of the demograts in congress, which has brought our great western domain into magnificent developement. The restoration of unearned land grants to the public domain for the use of actual settlers, which was begun under the administration of President Arthur should be continued. We deny that the democratic party has ever restored one acre to the people, but declare that by the joint action of republicahs and democrats about fifty million acres of unearned lands, onlyingly granted for the construction of railroads, have occur restored to the public domain in pursuance of conditions inserted by the republican party in the original grants. We charge the democratic administration with failure to execute laws securing to settlers title to their homesteads and with using appropriations made for that purpose to harrass innocent settlers with sples and presecutions under the faise pretense of exposing frauds and vindicating the law.

Addition of the construction of the present of the present of the construction under the faise pretense of exposing frauds and vindicating the law. PUBLIC LAND LEGISLATION. ADMISSION OF TERRITORIES,

The government by congress of the territories is based upon necessity only to the end that they may become states in the union: therefore, whenever the conditions of population, material resources, public intelligence and morality are such as to insure stable local government therein the people of such territories should be permitted, a right inherent in them, to form for themselves constitutions and state governments and be adwitted into the union. Pending preparation for statebood all officers thereof should be selected from bona fide residents and citizens of the territory wherein they are to serve. South Dakota should of right be immediately admitted as a state in the union under the constitution framed and adopted by her people, and we heartily endorse the action of the republican senate in twice passing bills for her admission. The refusal of the demogratic house of representatives, for partisan purpesses, to favorably consider these bills is a willful violation of the sacred American principle of local self-government, and merits the condemnation of all just men. The pending bills in the senate for acts to enable the people of Wishington, North Dakota and Montanna territories to form constitutions and establish state governments should be passed without unneces ary delay. The republican party pledges inself to do all in its power to facilitate the alimission of the territories of New Mexico, Wyoming, Idabo and Arizona to the enjoyment of self-government as states. Such of them as are now qualified as soon as possible and others as soon as they may become so.

The patitical power of the Mormon caurch in the territories as exercised in the past is a menance to free institutions too dangerous to be long suffered. Therefore we p edge the republican party to appropriate legislation, asserting the sovereignty of the nation in all the territories where the same is questioned, and in furtherance of that end to place upon the statute book legislation stringent enough to divorce political from ecclesiastical power, and thus stamp out the attendant wickedness of polygamy.

The republican party is in favor of the use of both gold and silver as money, and condemns the policy of the demogratic administration in its efforts to demonetize silver.

We demand the reduction of letter postage to 1 c ont per cance. THE MORMON QUESTION.

We demand the reduction of letter postage to 1 c at per cunce.

In a republic like ours, where the citizens is the sovereign and the official the servant, where no power is exercised except by the will of the people, it is important that the sovereign recopic should possess intelligence. The free school is the promoter of that intelligence which is to preserve us a free nation. Therefore, the state or nation, or both combined, should support free institutions of learning sufficient to afford to every child growing up in the land the opportunity of a good commonschool education,

OUR MERCHANT MARINE,

We earnestly recommend that prompt action be taken in congress in the eractment of such legislation as will best secure the rebabilitation of our American merchant marine, and we protest against the passage by congress of a free ship bill as calculated to work injustice to labor by lessening the wages of those engaged in preparing materials as well as those directly employed in our shipyards. We demand appropriations for the early rebuilding of our navy, for the construction of coast fortifications and modern ordinance and other approved modern means of defense for the protection of our defenseless harbors and cities, for the payment of just persions to our soldiers, for necessary works of national importance in the improvement of the harbors and channels of internal, coastwiser and fore gn commerce, for the encouragement of the shipping interests of the Atlantic, Gulf

and Pacific states as well as for the payment of the maturing public debt. This policy will give employment to our labor, activity to our various industries, increased security to our country, promote trade, open new and direct markets for our products and cheap in the cost of transportation. We affirm this to be far better for our country than the democratic policy of loaning the government's money without interest to "pet banks."

FORMIGN RELATIONS.

FOREIGN RELATIONS.

The conduct of foreign affairs by the present administration has been distinguished by inefficiency and cowardice. Having withdrawn from the senate all pending treatles effected by republican administrations for the removal of foreign burdens and restrictions upon our commerce and for its extension into a better market, it has neither affected nor proposed any others in their stead. Professing adherence to the Monroe doctrine, it has seen with idle complacency the extension of foreign influence in Central America and of foreign trade everywhere among our neighbors. It has refused to charter, sanction or encourage any American organizytion for constructing the Nicaragua canal, a work of vtal importance to the maintenance of the Monroe doctrine and of our national influence in Central and South America, and necessary for the development of trade with our Pacific territory, with South America, and with the further coasts of the Pacific Ocean. FOREIGN RELATIONS.

FISHERIES QUESTION. We arraign the present democratic administration for its weak and unpatriotic treatment of the fisheries question, and its pusillanimous surrender of all privileges to which our fishery vessels are entitled in Canadian ports under the treaty of 1818, the reciprocate marintine legislation of 1830 and comity of nations, and which Canadian fishing vessels receive in the ports of the United States. We condemn the policy of the present administration and the democratic majority in congress towards our fisheries as unfriendly and conspiciously unpatriotic and as tending to destroy a valuable national industry and an indispensible resource of defense against foreign enemy.

The name of American applies alike to all cilizens of the republic, and imposes upon men alike the same obligation of obedience to the laws. At the same time cirizenship is and must be the panoply and safeguard of him who wears it, should shield and protect him whether high or low, rich or poor, in all his civil rights. It should and must afford him protection at home and follow and protect him abroad in whatever land he may be on a lawful errand.

CIVIL SERVICE REFORM. We arraign the present democratic adminis-

CIVIL SERVICE REFORM. The men who abandoned the republican par-ty in 1884 and continue to adhere to the demoty in 1884 and continue to adhere to the demoeratic party have deserted not only the cause
of honest government, but of sound finance, of
freedom [and purity of the ballot, but especially have deserted the cause of reform in the
civil service. We will not fail to keep our
pledges because they have broken theirs, or
because their candidate has broken his. We
therefore repear our declaration of 1884, towit:
The reform of givil service auspiciously begun
under republican administration should be
completed by a further extension of the reform
system already established by law to all grades
of the service to which it is applied. The spirit and purpose of reform should be observed in
all executive appointments, and all laws at
varience with the object of existing reform legislation should be repealed, and that the dangers to free institutions which lurk in the power of official patronage may be wisely and ef-

gers to free institutions which lurk in the power of official patronage may be wisely and effectively avoided.

The gratitude of the nation to the defenders of the union cannot be assured except by laws. The legislation of congress should conform to the pledges made by a loyal people, and be so enlarged and extended as to provide against the possibility that any man who honorably wore the federal puttorn shall become an inmate of an almshouse or dependent on trivate charity. In the presence of an overflowing treasury it would be a public scandal to do less for those whose valorous service preserved the treasury it would be a public seandal to do less for those whose valorous service preserved the government. We denounce the hostile spirit shown by President Cleveland in his numerous yetoes of measures for pension relief, and the action of the democratic house of representatives in refissing even consideration of general pension legislation.

In support of the principles herewith enunciated, we invite the co-operation of patriotic men of all parties, especially of all workingmen whose prosperity is seriously threatened by the free trade policy of the present administration.
