—The fly season is past.

—A new time-table will take effect on the B. & M. tomorrow.

—Men's gospel meeting at 4 p. m. to-morrow, at Y. M. C. A. rooms.

—The last of the winter is not too previous but it is too cold for most people.

—Remember the sociable to be given tonight at the home of Mrs. B. Loverin.

—Mr. Sherman denies the statement that he is the possessor of a scrawny cow.

—The "Long Strike" will be presented by the Standard Theatre Company to-night.

—It was thought last night that the chilly winds were somewhat colder than a stepmother's breath.

—A meeting of the gun club was held at the office of W. S. Wise last night. The proceedings of which will be seen on this page.

—The colored church is now comfortably furnished and all white brethren are cordially invited to attend the meetings tomorrow.

—If the icemen are still unprovided with a sufficient quantity of ice for the coming season, now is their chance to supply the demand.

—While the B. & M. R. R. company is changing its time tables so often, it would be well for Plattsmouth to send in an order for a 9:30 train to Omaha.

—Judge Russell issued a marriage license today to Mr. Schuyler W. Wolfe and Miss Adda G. Toland, also to Peter H. Stuller and Miss Myrtle Toland, all of Greenwood.

—The ladies of St. Luke's Guild will give a masquerade party at Fitzgerald's hall next Wednesday evening, Feb. 27. Admission 25cts, children 15cts. Dance tickets, including admission, \$1. No supper will be served.

—The Young People's Society of Christian Endeavor will give a social at the residence of Mr. B. A. Loverin, Saturday evening, February 23, to celebrate the national society day. All members and their friends are cordially invited to attend.

—The meetings for men only Sunday afternoons, held by the Young Men's Christian Association, are worthy the attendance of all who are able to be there. All are invited to remember tomorrow's meeting and strangers should feel themselves specially welcome.

—Harry Beins, a worthy young man living three miles south of this city, has been very ill with typhoid fever; indeed, he was so low that his friends thought his recovery impossible, but thanks to the skillful treatment given him by Dr. Shipman he is now convalescent. Fred Beins, a younger brother, is also sick with typhoid fever but at present is improving rapidly.

—The C. B. & Q. R. R. company is about to institute a "Relief Department," following the example of the Pennsylvania railroads and some other companies. A Mr. Bartlett, formerly of President Pickens's office in Boston, has been placed in charge and he is now on a tour of the system, preparing for the commencement of work in May or June. Messrs. Hawksworth, Gruesel, Livingston and West attended a meeting at the general superintendent's office in Lincoln, yesterday, and are ready to explain the scheme to any who may wish information. Membership in the association will be voluntarily and assessments will be made on a salary basis. All expenses of any kind will be paid by the railroad company and every dollar of cash paid in by the men will be returned to them in the shape of death or disability benefits. It is estimated that the cost to the C. B. & Q. R. R. will be at least \$50,000 per year and the only return expected is the good will of the employe's. This, the company certainly ought to receive, and we believe the plan will commend itself to a great majority of the men.

**Plattsmouth Gun Club Meeting.**

PLATTSMOUTH, Feb. 22.—1889. Club met at office of W. S. Wise, Sec'y, pursuant to call, with the president, A. W. White, in the chair. Minutes of meeting of Nov. 1, 1888, read and approved. Bill of Sherman & Cutright \$7.30 for printing and supplies was read and approved and secretary ordered to draw order on the treasurer for same. Report of C. W. Sherman, secretary and treasurer, was presented and read as follows:

PLATTSMOUTH, Feb. 22, '89. To the Members of the Sportsmen's Club. GENTLEMEN:—I have the honor to report that I have received the following sums of money, while acting as secretary and treasurer of the club.

Total from members as dues and initiation fees, \$30; Cr. by Anderson's account \$11; Cr. by A. W. White's account \$5; balance due club, \$14, which amount I am ready to account for.

Respectfully Submitted, C. W. SHERMAN.

P. S. Some members have understood that I received a balance due from the former secretary, amounting to some twenty dollars, but the truth is, I did not receive a cent from that source.

C. W. SHERMAN.

On motion the president appointed A. W. White, S. H. Atwood and W. S. Wise a committee to examine and report upon the account of C. W. Sherman as above; which committee after due examination and deliberation submitted the following report:

To the Plattsmouth Sportsmen's Club, GENTLEMEN:—We, your special committee appointed to examine the accounts and report of ex-Secretary and Treasurer C. W. Sherman, would respectfully report that we have made an examination of the same and find the same to be correct as stated in his report to the club and that all books and records have been duly accounted for to the club; we would further report that the books of this club were not in his possession, excepting the record book, and had not been during his term of office, said books having been recently found in the hands of a proper committee of the club.

A. W. WHITE, } Com.  
W. S. WISE, }  
S. H. ATWOOD. }

On motion the report of the committee was received and adopted and same ordered spread upon the records.

The secretary then read report of C. C. Parmele, former secretary and treasurer of the club, showing receipts and expenditures of money made by him, and showing a balance due the club from him of \$20.64.

On motion the report was received and adopted and secretary instructed to have Mr. Parmele pay balance to club.

The president named S. H. Atwood, J. P. Antill and Wm. Weber as finance committee.

On motion W. S. Wise was instructed to complete record by transcribing minutes, etc.

On motion it was decided that all members who pay up their accounts in full shall be credited with their dues for 1889, and secretary was so instructed.

Six dollars were received as receipts for the evening from members. Meeting then adjourned subject to call of president.

—The Journal's announcement that E. F. Miller and an able vocalist, Mr. Potter, the popular evangelist's assistant, had been engaged for a series of meetings in this city, is a little premature. Rev. W. B. Alexander, pastor of the M. E. church, has attended the revival services which have been held in Omaha during the past weeks, and he insisted that the two evangelists should visit Plattsmouth after leaving Omaha. As Mr. Potter was obliged to return to his home at Chicago, he informed Mr. Alexander that he would be unable to visit Plattsmouth, but said he would prevail upon Mr. Miller to come. Mr. Miller has agreed to hold a series of meetings week after next, providing the methodist congregation here sanction Rev. Alexander's action tomorrow when he will leave it to their option.

—A lady who has been peddling articles through the city which are better known by the refined term "beautifiers," entered a certain house the other day which is occupied by young men for lodging purposes, and found a number of the bachelors at the house. The young lady, after understanding her predicament became much embarrassed, and had some difficulty in making her wants known. Not wishing to introduce the articles she had for sale, asked the young men if they wished to purchase any suspenders. She was greatly relieved when the reply came which informed her they were supplied.

—We were pleased to notice by the city register that the epidemic which has been raging in our midst is at present on the decline, and only two cases have been reported since Wednesday. The following cases have been reported during the past two days: Handenbo, F., cor. Main and 14th streets; McGlynn, cor. 7th and Walnut.

—It is rumored that the \$50,000 which will be expended on the Missouri river at this point in the near future, have been taken advantage of by the railroad company, and it is thought the yards will be extended far to the east of where the depot now stands, and a new and handsome depot erected.

**PERSONALS.**

Mr. W. Adams, of Greenwood, is the guest of Mr. J. M. Craig, today.

Master Gordon Knotts, who is attending school in Council Bluffs, is in the city on a visit to his brothers.

Hon. F. E. White, who returned from the legislature Thursday night, will spend a few days at his home here before returning to Lincoln.

T. H. Thresher, a striker, was called to Council Bluffs last night where he has secured a permanent situation as switchman in the Rock Island yards.

Mrs. C. M. Holmes and daughter, Mrs. Sam Hinkle, who have been visiting relatives at Beaver City for the past two days, returned home this morning.

Dr. P. Janss, president of the Nebraska State medical and surgical institute does not pretend to be a cure all, but claims to have better success than the general practitioner in chronic diseases on account of his devoting his total time to such diseases and the large number he treats. He has with him about three thousand dollars worth of instruments for all kinds of examinations and operations; among them is a microscope costing \$350 in Europe. Consultation free at the Riddle House, Tuesday, February 26.

Try Merges for your winter's footwear.

Mrs. L. E. Karnes, a teacher of long experience, would like a class in music, and will be pleased to state terms to any on calling at her residence on Granite street, between 5th and 6th.

Be wise and buy your overshoes of Merges.

—The banks of the city were the only business houses closed yesterday in memory of Washington's birthday, but the flags displayed over the majority of business places was a manifestation of loyalty.

—The Journal made another mistake, as usual, last night. It said Mr. Drummond had brought suit against this paper for \$15,000. We have had no notice served on us, and there are no papers filed in our courts. We object to the Journal or any of its friends holding a "Star Route Court", and getting a judgment against us for \$15,000, without our knowing it. If we are to be sued we want it tried in the courts of the county, before a jury of our countrymen, where we can make our defense.

Do not fail to consult Dr. Janss the celebrated German specialist "late of Berlin" at the Riddle House, Tuesday, Feb. 26.

—The three tramps who were arrested yesterday by Officer Fitzpatrick and lodged in jail after he had experienced a rough and tumble fight with the gang, were arraigned before Judge Clifford this morning. As the city has already harbored too many tramps by jailing them, the judge thought in more advice to give two hours to leave the city. A whipping post would serve the purpose for dealing justly with tramps who make a practice of meddling over the best section of country and making themselves a miserable nuisance.

Dr. P. Janss, the celebrated German physician will be in Plattsmouth at the Riddle house Tuesday, Feb. 23. If you are suffering with a chronic disease you should not fail to consult him. Consultation free.

A first-class second-hand pair of boots has been in use for seven years, can be bought for \$15. Is in first-class condition. Best New York make. Apply at this office.

If you consult your own interests you will buy your foot-wear of Merges.

Plenty of feed, flour, graham and meal at Heisel's mill.

When the Queen's Head Was Cut Off.

Appropos of the recent articles on the amount of feeling experienced by a victim of decapitation, the following extract describing the execution of the Queen of Scots from the bulky catalogue will interest scientists: At last, while one of the executioners held her straightly with one of his hands, the other gave two strokes with an axe before he did cut (off) her head, and yet left a little gristle behind. She made a very small noise, no part stirred from the place where she lay. The executioners lifted up the head, and bade God save the queen. Then her dressings of laune fell from her head, which appeared as graye as if shee had been three-score and ten yeares olde, powdered very short. Her face much altdred, her lipps stired up and downe almost a quarter of an hower after her head was cut off.—Fall Mall Gazette.

Telephonic Amusement.

A novelty is reported from Hastings in connection with the performance of "The Yeoman of the Guard" at the theatre. The stage has been connected by telephone with various private houses and hotels, so that numbers of people are nightly hearing the opera without seeing it. We are not aware that this has ever been tried except in isolated cases as an experiment. Hastings may, therefore, be congratulated on being in the van of progress.—London Globe.
