FRIDAY, NOVEMBER 20, 1890

SOME far seeing and astute democratic

editors are assuring the republican lead

ers that it is perfectly useless for them

to lecture the stay at home republicans

who give the democrats a chance in off

years of carry the country. They assure

us that the republicans stay at home pur

pose to "rebuke" the policy of the re

publican party.

There is a grain of truth in these re

proaches. The republican party is made

up of many elements. It has the fastid

ious, the over conscientious, the stop

and-thinks, the hair splitters and the

hair balancers in great numbers. These

are excellent people in their way and so

upright that they actually bend back

wards six days out of the seven. They

are very difficult members of the family

and they are the casting vote.

Every time the robust and stalwart

element in the republican party, always

the rallying element, makes a stride in ad

vance as they always do after a national

victory, these finely adjusted natures

don't know for certain whether it is

right or not, but think probably it isn't

right, and they poll back in their traces.

The democratic party is not hampered

with any of these doubtful elements. It

is always on hand, rain or shine to vote

straight and nothing ever turns its stom

ach. It is constantly reinforced by a

large majority of the newly arrived im

migrants from Europe who vote without

question or squeamishness for the whole

ticket. In the end the fine haired

of the republican party get

back into line and save the country for

the bourgeois, but they are out of line or

at home on an average about half of the

time. But it is never safe to depend on

their absence from voting for any

great length of time. At bottom they

are all right and vote right on great oc

casions.—State Journal.

FOR DYSPEPSIA,

Ayer's Sarsaparilla

Is an effective remedy, as numerous testimo

nials conclusively prove. "For two years

I was a constant sufferer from dyspepsia

and liver complaint. I doctored a long

time and the medicines prescribed, in nearly

every case, only aggravated the disease.

An apothecary advised me to use Ayer's

Sarsaparilla. I did so, and was cured

at a cost of \$3. Show that time it has

been my family medicine, and sickness has

become a stranger to our household. I

believe it to be the best medicine on earth."

—F. McNeely, Hackman, 25 Summer st., Lowell, Mass.

FOR DEBILITY,

Ayer's Sarsaparilla

Is a certain cure, when the complaint origi

nates in impoverished blood. "I was a

great sufferer from a low condition of the

blood and general debility, becoming finally,

so reduced that I was unfit for work. Not

ing that I did for the complaint helped me

so much as Ayer's Sarsaparilla, a few bottles

of which restored me to health and strength.

I take every opportunity to recommend this

medicine in similar cases."—C. Elyck, 14 E. Main st., Chillicothe, Ohio.

THE FIGURE 9.

"The Figure 9 in our dates will make a long stay

to man or woman now living will ever date

document without using the Figure 9. It stands

in the third place in 1890, when it will remain ten

years and then move up to second place in 1900

where it will rest for one hundred years.

There is another "9" which has also come to stay.

It is unlike the Figure 9 in our dates in the respect

that it has already moved up to first place, where

it will permanently remain. It is called the "No. 2"

High Arm Wheeler & Wilson Sewing Machine.

The "No. 2" was endorsed for first place by the

reports of the press at the Paris Exposition of 1889.

After receiving medals with the highest hon

ors of the world, it was awarded the only

Grand Prize given to family sewing machines, all

others on exhibit having received lesser awards

of gold medals, etc. The French Government

has recognized its superiority by the decoration of

Mr. Nathaniel Wheeler, President of the company,

with the Cross of the Legion of Honor.

The "No. 2" is not an old machine improved

upon, but is an entirely new machine, and the

Grand Prize at Paris was awarded it as the grand

est evidence in sewing machine mechanism of the

age. Those who buy it in 1890 secured, there

fore, the benefit of the very best and best.
