70c for 5 gallons of the very best gasoline at Gering & Cos.

PERSONAL

Miss Cora Alexander spent the day in Omaha.

The Misses Howland are visitors in Omaha to-day.

Wm. Short and wife were passengers this morning for Manley.

Mrs. A. N. Sullivan with two little daughters will visit in Omaha for a few days.

Mr. and Mrs. Gilmore, and children depart today for Van Meter, Iowa to visit friends.

Mrs. W. H. Johnson and family depart today for McCook, where they will visit friends.

Miss Hattie Holmes, of Rock Bluffs, was a passenger for the metropolis this morning.

Misses Mayne Carmack and Alice Mann departed last evening for Schuyler to visit friends.

Mr. Fred Schrader, the Cedar Creek miller, is in the city to-day with a load of his excellent flour.

Mr. John Quick and family are receiving a visit from a lady friend who arrived on No. 8 last evening.

Mr. and Mrs. Ryan, will conclude their visiting with friends in the city, today and return to their home in Nebraska City.

Geo. Houseworth and family took the 9:25 this morning for an enjoyable trip to Hot Springs, S. D. and intermediate points.

Miss Hattie Bachelor, of La Platte, spent the day yesterday with the Misses Oliver and returned home on No. 3 last evening.

Mr. Ed Thrall, one of the efficient workmen at the round-house, departed for Omaha to-day, where he will be employed next week.

Miss Minnie Rippeth, of Des Moines, Iowa, who is visiting at the home of John Quick in this city, went to Omaha this morning on business.

Fred Latham resumed his summer trip this morning after spending a few days here. He will visit Denver and points of interest on the road.

Mr. W. L. Browne was a passenger this morning for Weeping Water, where he will attend the republican central committee meeting to-day.

Mrs. J. W. Brantner, an efficient teacher in the Institute at Glenwood, came over this morning and will spend her vacation with friends and relatives in this city.

Mr. Adams, a prominent farmer near Louisville, who with his wife has been visiting Mr. Oliver Dover and family, returned home this morning.

Misses Bertha Stewart and Jessie Pearsell who have been visiting with Miss Florence Richardson, returned to their home in Omaha this morning.

Our old friend B. D. H. Baker, father of "Billy" Baker, spent last night in town. He reports "Billy" in a flourishing condition. He went to Omaha this morning, where he will visit his son, Wesley.

A game of ball between the Giants, of Lincoln, and the Beatrice nine resulted in favor of the Giants. Evidently the Giants want the earth. The "Plattsmouths" leave to-day for Lincoln to play the Giants there to-morrow. The boys feel confident of success. So mote it be.

Mr. F. A. Bates and family leave to-day for Weeping Water for the purpose of attending a family reunion. There are eight grown children in the family and they have not all been assembled together for more than thirty years. Mr. P. D. Bates will depart this evening, to be present to-morrow.

From reports throughout the state in regard to the crop yield we conclude that the outlook this year is better than the average. Corn was backward up to August, but the favorable growing weather has brought it nearly up to the average. Near Hazard report says that it is well cared and stalks measure ten and twelve feet in length. The yield of wheat is very large. In some localities there being an insufficient number of machines to thresh from the shock, which necessitates stacking the grain. On the whole the fertile prairies of Nebraska this year will yield bountifully of her richness, and with the prospective good prices farmers and business men should rejoice in the anticipation of a prosperous year.

Always take your prescriptions to Brown & Barrett's.

A leading democratic paper of the state comments upon the action of the democratic independents as follows. "It's all right for these demomrats to go into independent conventions, and anthematize the old parties, but when election day comes the most of them will walk up to the polls and vote the straight democratic ticket, as they always done. Party ties seem to be more binding on demomrats than on republicans and all this talk of demomrats going into independent ranks does not alarm me at all." The result in last fall's election demonstrated plainly that the independent party was being used as a cats paw by the democratic party and concessions of this kind from leading partisan papers show that such is their object. The fact of the matter is, as our friend says "Party ties seem to be more binding on demomrats than on republicans" and past history shows that they will not desert their party, let it become contaminated with the most despicable corruption conceivable; and now it is evident that, if this new party amount to anything when it comes to a vote the following will come from republican ranks. Now if we have grievances from which we wish to seek redress, will the matter not result in a more speedy adjustment by remaining in the republican party than by forming a new organization, which is being engineered in the interests of the democratic party? There was a sufficient number of republicans that left the republican party last fall, that, if their strength had been thrown into the republican nominating convention, could have suggested the remedy for their ills that they wished. Let us, as republicans, watch the snares of the demomrats and work for our interests, not for its success.

Enterprise.

We are glad to notice one industry in Plattsmouth. The enterprising firm (?) of Osborne and Critchfield has taken contracts to furnish booths for use in the new ballot system, which they are manufacturing in large numbers. They furnish a large number of the counties in the state with these booths. It's undoubtedly a fact that two men will be benefited by the Australian ballot system.

"It Might Have Been"

This morning there occurred what might have been a serious accident. The team driven by Mr Smith was drawing a load of coal up Main street when Dr. Hall drove by, his buggy wheel catching the tongue of Mr. Smith's wagon, breaking it off close up to the place of attachment, causing the team to become frightened and run. However a halt was soon called and no other damage resulted. Had the team been allowed to proceed there would undoubtedly have been a "smash up" there being no means of steering the wagon. Things were fixed up and still the work goes on. Dr. Hall's buggy came near being turned over. Caution should be taken to prevent such accidents.

Indications are that the price of all breadstuffs will be greatly enhanced next year, as Europe will be compelled to draw largely on the American product, owing to the deficiency in production in those countries whence Europe's support chiefly comes. It is estimated by good authorities that America will be called upon for 248,000,000 bushels of wheat, and probably more. It appears that next year is to be an "inning" for the farmer, and there is no reason why he should not have his turn. In the event of a good crop, however, and good prices, it will be a bad year for these oily-tongued demagogues that expect to attain distinction through the insincerity of the independent party.

Another New Church

For some time German Lutheran people of Elmwood and surrounding country have been considering the erection of a church building there. A conclusion has been arrived at and the committees appointed, and Elmwood will be blessed with another fine church edifice. The ground has been purchased just south of John Clements residence on Gospel Hill and preparations are in progress. The building is to be 26x40 and cost \$1,200. With this Elmwood will have five tabernacles of worship, a showing of which not many towns of three hundred inhabitants can boast.

Base Ball Notes.

After all, Plattsmouth, Fremont and Hastings appear to be the only live towns in the state. They are all hustlers and all have good ball teams.

Nebraska City's crack team seems to have faded like the due before the morning sun. The poor old town can't afford a ball club it seems.

We want to inform the dear public that if the team wins a majority of their games, their return will witness blue-fire and brinestone. The town will be theirs.

At Fremont Thursday the home team defeated Missouri Valley by 7 to 5. Adams, our old second baseman, managed to run in a few errors but not enough to lose the game.

Hastings, defeated Kearney at Hastings by the score of 10 to 4. Conners, who pitched the second game for Blair here, pitched for Hastings and seems to have done good work.

At Beatrice yesterday the Lincoln Giants defeated the home club by the score of 10 to 7. From all accounts we imagine that the visitors had to fight the crowd and umpire to win—but they did it.

It looks now as if the Lincoln Giants will disband after to-morrow's game at Lincoln. They have played fine ball but Lincoln is too small a town to keep up a western association team and a crack amateur team.

And, by way of remark, we will say right here that Yapp and Creighton have come as near being gentlemen, and good, hard effective ball players, as anybody our local team has had this year. Our people realize this and they wont forget it.

The team will probably be made up as follows: Creighton and Maupin, catchers; Yapp and Sam Patterson, pitchers; Dunn, first base; John Patterson, second base; Miller, third base; Tom Patterson, short; Clyde, left field; Schulhoff, center field; Perrine, right field. It is an aggregation of talent second to none in the state and ought to be a winner.

The B. & M's, start on their trip to the Black Hills to-morrow morning at 9:25. They have made arrangements to play ten games, all of them with strong clubs. If they win six of the ten they will do themselves great honor. They play in Lincoln with the Lincoln Giants to-morrow and will make a great effort to redeem themselves from the ignominy of their three defeats. They will present Yapp and Creighton as a battery probably, and it goes without saying that, so far as battery work is concerned, they will be in it.

E. A. Stopher of Elmwood, is enjoying a pleasure trip up in Canada and he writes back that Nebraska knows nothing about kickers against the McKinley bill. He says the Canadians up there go wild in denouncing the bill as being ruinous to their trade. What is ruinous to foreign trade is advantageous to American trade. This is what the McKinley bill is for. It protects American products against free importation of foreign competition of pauper made goods.

Accidents on the B. & M.

A freight train struck a hand car near Louisville this morning, demolishing the car, and breaking the leg of the foreman, Joseph Galtzic. Aside from this no one was seriously hurt.

This morning as the Schuyler train was pulling out of Ashland at 8:30 Mr. H. C. Henry, who was walking on the back, apparently not aware of the approaching train, was struck and instantly killed. Mr. Moore, the engineer in charge, says that there was a construction train on the maintrack near Schuyler road, and in all probability Mr. Henry thought the noise was from the construction train. We are informed by Mr. Hackney that Mr. Henry has been in the employ of the B. & M. for about 15 years and is very highly esteemed by all who know him. Mr. Henry leaves a large family—wife and seven children, who will bare the sympathy of all.

Now is the time to get a first class single or light double harness below cost at W. G. Keefer, who is selling out all his light goods to reduce his mammoth stock.

Additional local on fourth page.
