WEDNESDAY, OCTOBER 20, 1901

STATE TICKET.

For Associate Justice of the Supreme Court A. M. POST of Platt.

REPUBLICAN COUNTY TICKET.

For Clerk of the District Court: A. SALISBURY. For Treasurer: L. C. EICKHOFF.

THE REPUBLICAN PLATFORM.

The republican party of the state of Nebraska gives renewed expression of its devotion to the principles of the republican party and declares that those principles, as expressed by the national republican convention, should be the strong point of union between all republicans in the state of Nebraska.

We congratulate the people upon the marvelous prosperity attending the development and growth of the state of Nebraska during its twenty-four years of statehood under republican administration, and which has brought us to the front rank among the leading states of the union; and we can fearlessly assert that no state which has been controlled by democratic power, during any considerable time of the same period, can compare with us in the economical management of public affairs, in the rapid ratio of increase in population, wealth and general prosperity, notwithstanding the fact that there are within the borders of the state a number of dissatisfied persons who look advantage of the general financial depression which swept over the entire country to pave their way into temporary prominence by declaiming against the welfare of our people and slandering the fair name of our state.

We congratulate President Harrison upon his eminently wise, loyal and courageous administration, and declare our absolute confidence in his integrity, ability and patriotism, and pledge him our cordial support in the discharge of the duties devolving upon him as the chief magistrate of the nation.

We rejoice in the restoration of dignity, vigor and statesmanship in the conduct of our foreign affairs under the guiding hand of America's favorite son, James G. Blaine.

We approve of the silver coinage act of the present administration, by which the entire product of the silver mines of the United States is added to the currency of the people, but we denounce the democratic doctrine of free and unlimited coinage of silver as a financial policy liable to precipitate the people of every city and every state in the Union in a prolonged and disastrous depression, and delay the revival of business enterprise and prosperity so ardently desired and now so apparently near. The free and unlimited coinage of silver would tend to the hoarding of gold and to force the use of cheap money in the payment of wages in every workshop, mill, factory, store and farm, and tend to the scaling down of the wages of the toilers and weakening the purchasing power of the dollar which would be used to purchase the products of the farmer.

We demand the maintenance of the American system of protection to American industry and labor, the policy that has been identified with every period of our national prosperity.

We admire the genius of that heroic statesman, William McKinley, Jr., whom the people of Ohio will make their next governor as a recognition of his magnificent services to the country. We also commend and endorse that policy of reciprocity by which the Central and South American nations and the Spanish Indies are being opened up to our trade upon favorable terms and by which all the surplus products of our country may find a market and by which all our people shall receive in exchange therefore a long line of products which do not produce ruinous competition

among our own people nor destroy the developing industries of our country.

We are heartily in favor of the general provisions of the interstate commerce act, and we demand the regulation of all railway and transportation lines in such a manner as to insure fair and reasonable rates to the producers and consumers of the country.

We favor such legislation as will prevent all illegal combinations and unjust exactions by aggregated capital and corporate powers. We insist upon the suppression of all trusts, combines and schemes designed to artificially increase the price of the necessities of life.

We regard the world's Columbian exposition as an important event in the world's history, and we are in hearty sympathy with every effort to make it a success. We should make a creditable exhibit of Nebraska's products, and we favor an additional appropriation by the next legislature for this purpose, that our prosperity and greatness may be fully exemplified. We take pride in this state. We recognize that its growth and power, its prosperity and good name have been the fruits of its industrial people, and we believe in such policies, state and national, as will promote justice and widen the opportunities among these classes. To their support in the future, as in the past, we pledge our most intelligent judgment and most sincere endeavor.

We denounce the Grand Island platform of the democratic party as framed with the deliberate purpose to mislead and deceive; wherein sympathy is expressed where none is felt; wherein help is proposed where none is rendered; wherein purposes are avowed which are not entertained. In support of this indictment we point to the pretended friendship for the soldier, while at the same time the democratic party has always proclaimed against the granting of liberal pensions; to the free silver plank, intended to deceive the supporters of free and unlimited coinage of silver, when it is known that many of the leaders of the party are opposed to the doctrine; to the failure to give the relief from exorbitant freight rates while it was afraid to either approve or censure the action of its acting alien governor for vetoing the Newberry bill.

We denounce the democratic party for its insinuations against the integrity of the supreme court of the state as an effort to make the judicial powers subordinate to political parties and as disgraceful to a political organization.

We denounce the democratic party for its double dealing with the civil and political rights of the people, wherein it appears to favor free and untrammelled elections in the state of Nebraska, but never raises its voice against the political outrages practiced against the republican voters, white and black, throughout the democratic states of the south.

We arraign the democratic party as the enemy of labor, scheming to break down the defense of protective laws, to block the wheels of home industry, and to degrade the masses of the people—a party controlled by aristocratic and sectional tendencies, the legacy of slavery.

The republican party of Nebraska appeals to the intelligence and to the integrity of the people of this state and from all good citizens we invite support.

PREPARE for the great republican landslide that will sweep the country two weeks hence.

THE friends of Gov. Campbell are now wishing that gentleman had declined nomination.

THE democrats throughout the country are scared worse this year than they have been since the year of the draft.

SENATOR VOORHEES thinks the democrats are making a mistake in dodging a discussion of the silver question in Ohio. Wonder what he thinks about his party in New York, Massachusetts, Iowa and Nebraska.

WE rarely hear a republican say that he will scratch his ticket. The republicans realize the importance of showing their full strength this year and will be governed accordingly.

LAST year the opponents of the McKinley bill made a great howl about the general rise in prices that was certain to result from its passage and the friends of the bill could only deny the charge; but this year after the bill has been tested these yelpers have not only been silenced, but the honest voters throughout the country are convinced of the dishonest motives that prompted the democratic party to abuse the bill.

AN EMPHATIC DENIAL. Judge Post has sent the following letter to the World-Herald, and it ought to satisfy that professional mud slinger.

OMAHA, Oct. 20. To G. M. Hitchcock.—Dear Sir: I notice by your editorial in to-day's World-Herald that you think my denial of the charge of seduction is not sufficiently specific. My own opinion was that the necessary inference from the facts stated by me amounted to a denial, quite as emphatic as if I had said so in express terms. I wish now to say in the most emphatic terms that I was not guilty of the charge. That although the grand jury is a secret body and I had no chance to defend myself, and made no attempts

to do so, it was dismissed not on account of any technical ability or favoritism for me but because the charge was not true and could not be sustained by proof.

I was never expelled from the Masonic lodge in Leon or elsewhere, and could never have been reinstated had I been expelled for the reason stated by your correspondent.

I believe I enjoy the respect of the people of Leon, where I lived for so many years and where I frequently go to visit relatives. I am absolutely certain the charge of twenty years ago would never have been revived had I continued to reside in Leon, where I have been known ever since my boyhood.

I trust you will give this denial equal prominence with the accusation. Respectfully yours, A. M. POST.

CANADA GIVES IOWA A HINT.

The "Canadian Manufacturer" has this to say concerning a flourishing city of Iowa:

"A factory in Ottumwa, Iowa, has increased five-fold its facilities for the manufacture of cutlery, and the number of hands employed by it from 100 to 500, entirely because of the new tariff. The Ottumwa Courier explains that the enlarged works will compete with foreigners in the production of a class of cutlery which the United States was not able to manufacture with success under former duties in competition with makers of other countries. At the same time that journal states that the prices of cutlery are no higher in Ottumwa than they were before the new duties were imposed. These are interesting facts, and they accord precisely with what is known of the trade in eastern states. Protection does it!"

The democratic policy is opposed to all this. There was nothing in the Mills bill that would have increased the number of men employed in one factory of one city in Iowa by 400, and an increase of 400 adult operatives, represents an increase of 2,000 in the number of mouths to be filled with farm products, bodies to be clothed, minds to be instructed. The enlargement of the home markets by this 2,000 who require school books, newspapers, houses, furniture, artificial light, coal, groceries, and clothes necessarily is considerable. But this case of increase is but one out of many that are evident in Iowa, and those that are now evident are but prognostications of the many that will be evident a year hence. For the operation of the McKinley bill is as yet but in an early and incomplete stage.

If the people of Iowa are wise they will cast a large majority of votes in favor of the party that insures protection and prosperity to home industries. If they are foolish they will cast a majority for the party that believes it to be the eternal destiny of the northern states to produce cheap grain and meat for the cheap laborers in European factories, and for the yet cheaper laborers that toil in the cotton fields of the southern oligarchs.—Inter Ocean.

Capt. W. A. Abbett, who has long been with Messrs. Precival and Hutton, Real Estate and Insurance Brokers, Des Moines, Iowa and is one of the best known and most respected business men in that city says: "I can testify to the good qualities of Chamberlain's Cough Remedy. Having used it in my family for the past eight years, I can safely say it has no equal for either colds or croup." 50 cent bottles for sale by F. G. Fricke & Co., Druggists.

I have not used all of one bottle yet. I suffered from catarrh for twelve years, experiencing the nauseating droppings in the throat peculiar to that disease, and nose bleed almost daily. I tried various remedies without benefit until last April, when I saw Ely's Cream Balm advertised in the Boston Budget. I procured a bottle, and since the first day's use have had no more bleeding—the soreness is entirely gone.—D. G. Davidson, with the Boston Budget, formerly with the Boston Journal.

We have sold Ely's Cream Balm about three years, and have recommended its use in more than a hundred special cases of catarrh. The unanimous answer to our inquiries is, "It's the best remedy that I have ever used." Our experience is, that where parties continued its use, it never fails to cure.—J. H. Montgomery, & Co., Druggists, DeCora, Iowa.

When I began using Ely's Cream Balm my catarrh was so bad I had headache the whole time and discharged a large amount of filthy matter. That has almost entirely disappeared and have not had headache since.—J. Sommers, Stephney, Conn.

Mr. C. B. Jones, of Spring Hill Iowa, says: "I have used Chamberlain's Pain Balm for severe and painful burns with better effect than anything I have ever tried. It relieves the pain instantly and cures without leaving a scar." Pain Balm is one of the most useful medicines that any families can be provided with, especially for rheumatism, lame back, sprains, bruises, toothache, ear ache and like ailments. One application will relieve the pain and a fair trial insure a cure. 50 cent bottles for sale by F. G. Fricke & Co. Druggists.

Wonderful. E. W. Sawyer, of Rochester, Wis., a prominent dealer in general merchandise, and who runs several peddling wagons, had one of his horses badly cut and burned with a lariat. The wound refused to heal. The horse became lame and stiff notwithstanding careful attention and the application of remedies. A friend handed Sawyer some of Haller's Barb Wire Lament, the most wonderful thing ever saw to heal such wounds. He applied it only three times and the sore was completely healed. Equally good for all sores, cuts, bruises, and wounds. For sale by all druggists.

A Cure for Paralysis. Frank Cornelius, of Purcell, Ind. Ter., says: "I induced Mr. Pinson, whose wife had paralysis in the face to buy a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side; but the Pain Balm relieved all pain and soreness, and the mouth assumed its natural shape." It is also a certain cure for rheumatism lame back, sprains swellings and lameness. 50 cent bottles for sale by F. G. Fricke & Co., Druggists.

Reduced Rates. The B. & M. will sell tickets to the certificate plan at the rate of one and one-third fare for the round trip, as follows:

To Kansas City, Mo., Oct. 20-23, on account of the annual meeting of the American Public Health Association.
