Not for Herself.
It gives some women a deep and almost oppressive sense of responsibility to be entrusted with the selection of a pair of gloves or a yard of ribbon for another woman. "It isn't for myself," said an anxious looking customer at the ribbon counter of a large dry goods store one afternoon when the clerks were busiest. "If it was for myself I should know exactly what I wanted and wouldn't waste any time over it. But—"
"Did you say dark or light green ribbon?" asked the clerk.
"She said dark, and yet not too dark, so I don't exactly know what to get. If I were going to use it myself—"
"How would this do?"
"Well, I hardly know. It seems a trifle light to me, and yet maybe it wouldn't be. I don't know just what it's to be used for, which makes the matter all the more perplexing."
"How wide did you want it?"
"She said from two and a half to three inches, which is of course rather indefinite. It's for a friend of mine living in M—, and she simply wrote for a yard of dark green ribbon, from two and a half to three inches wide, at from thirty to forty cents a yard, and I am puzzled to know just what to get. If it were for myself—"
"You didn't want satin ribbon?"
"She didn't say, and I don't know whether to get satin or grosgrain or watered ribbon, or ribbon with a plain, corded or picot edge, or what. Everything is so indefinite about it. If I knew what she wanted it for, or had some little hint to go by, or if it were for myself—but as it is, I'm entirely in the dark."
"I think, on the whole, I'd better write and get more definite information before selecting anything. Yes, that's what I'll do, and then I'll not make any mistake."—Youth's Companion.

A Thought Measuring Machine.
Dr. J. K. McCattorell has constructed an ingenious apparatus by which he can determine, with a considerable degree of accuracy, the time it takes to think, and has experimented with many interesting results. He has shown that to see a piece of white paper and be conscious of the fact takes one-twentieth of a second; to see a picture takes one-tenth of a second; to see a letter of common print, one-eighth of a second; to see a full word, one-seventh of a second; to be able to judge between red and blue, one-thirtieth of a second.
He has also proved that to see some words and letters requires more time than others. By this same machine, with some added pieces of mechanism, the time of remembering can also be accurately measured. According to the learned M. D. and his curious little machine, it takes much less time to remember the name of a familiar word than it does the name of a letter, and we are all supposed to be very well acquainted with the names of the letters of the alphabet. This seems strange, especially when we take into consideration the fact that we can see the letter in less time than we can the word.
The name of the next month to come can be thought of in less time than that of the last. This machine also shows that sensations travel by the nerves to the brain at the rate of one mile per minute, much slower than has been supposed.—St. Louis Republic.

Lincoln's Face and the Artists.
Lincoln's features were the despair of every artist who undertook his portrait. The writer saw nearly a dozen, one after another, soon after the first nomination to the presidency, attempt the task. They put into their pictures the large, rugged features, and strong, prominent lines; they made measurements to obtain exact proportions; they "petrified" some single look, but the picture remained hard and cold. Even before these paintings were finished it was plain to see that they were unsatisfactory to the artists themselves, and much more so to the intimate friends of the man—this was not he who smiled, spoke, laughed, charmed. The picture was to the man as the grain of sand to the mountain, as the lead to the living.
Graphic art was powerless before a face that moved through a thousand delicate gradations of line and contour, light and shade, sparkle of the eyes and curve of the lip, in the long gamut of expression from grave to gay, and back again from the rollicking jollity of laughter to that serious far away look that with prophetic intuitions beheld the awful panorama of war.—J. G. Nicolay in Century.

Cruelty to Lobsters.
It is singular how the cruel practice of boiling lobsters alive continues. Our forefathers—and, indeed, our parents—let calves bleed slowly to death, on the theory that in no other way could white meat be secured, and later on calves were bled one day and killed the next. Now every one knows that a calf can be killed in a humane manner and the veal made just as good. Hogs are largely killed by electricity instead of by the old barbarous method; and, generally speaking, animals killed for food have been put out of the way in a much more humane manner than formerly. But lobsters are still tortured out of existence, the only difference being that, while formerly they were exclusively boiled to death, now some are boiled and some broiled. Which process causes the most agony no one can say.—St. Louis Globe-Democrat.

An Agreeable Dentifrice.
One of the most agreeable of dentifrices is to be found in a few drops of tincture of myrrh in half a glass of water. It not only cleanses the mouth, making it fresh and sweet, but it is an excellent tonic for the gums and arrests decay. It also has the merit of being very inexpensive, as ten cents will buy enough to last a year or more.—New York Tribune.

A compound composed of oxygen and hydrogen has been discovered which will dissolve metals, and when united with mercury and silver it forms a powerful explosive.

INSTRUCTIONS TO VOTERS.

Parsons desiring to vote must procure their ballots from a member of the election board.
They must then, without leaving the polling place, proceed to a compartment and prepare their ballots.
Make a cross mark (X) with ink in the right margin of the ballot opposite the name of each person for whom you wish to vote.
Do not make any mark on the ballot, save as above directed, or the ballot will not be counted.
If you spoil a ballot return it to a member of the election board and obtain from him a new ballot. Take this to a compartment and mark it properly.
Having marked the ballot, fold it so as to conceal the names and marks on the face, and to expose the names on the back.
Take it to the judge of election before leaving the enclosure, and see it deposited in the box.
Immediately leave the folded enclosure.
If you wish to vote for any person whose name does not appear upon the ballot, write or insert his full name in the blank space on the ballot under the proper office you wish him to hold, and make a cross mark in the proper margin opposite the same.
Do not take any ballot from the polling place; you thereby forfeit the right to vote.

Mexican Mustang Liniment.
A Cure for the Ailments of Man and Beast.
A long-tested pain reliever.
Its use is almost universal by the Housewife, the Farmer, the Stock Raiser, and by every one requiring an effective liniment.
No other application compares with it in efficacy.
This well-known remedy has stood the test of years, almost generations.
No medicine chest is complete without a bottle of MUSTANG LINIMENT.
Occasions arise for its use almost every day.
All druggists and dealers have it.

Wonderful.
E. W. Sawyer, of Rochester, Wis., a prominent dealer in general merchandise, and who runs several peddling wagons, had one of his horses badly cut and burned with a lariat. The wound refused to heal. The horse became lame and stiff notwithstanding careful attention and the application of remedies. A friend handed Sawyer some of Haller's Barb-Wire Liniment, the most wonderful thing ever saw to heal such wounds. It applied it only three times and the sore was completely healed. Equally good for all sores, cuts, bruises, and wounds. For sale by all druggists.

Cure for Paralysis.
Frank Cornelius, of Purcell, Ind. Ter., says: "I induced Mr. Pinson, whose wife had paralysis in the face to buy a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side; but the Pain Balm relieved all pain and stiffness, and the mouth assumed its natural shape." It is also a certain cure for rheumatism, lame back, sprains, swellings and lameness. 50 cent bottles for sale by F. G. Fricke & Co., Druggists.

Strength and Health.
If you are not feeling strong and healthy try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on Liver, Stomach and Kidneys, gently aiding those organs to perform their functions. If you are afflicted with Sick Headache, you will find speedy and permanent relief by taking Electric Bitter. One trial will convince you that this is the remedy you need. Large bottles only 50c. For sale by F. G. Fricke & Co.

Some of the most startling, interesting discoveries of the life and customs of buried Egypt are now being made through extensive excavations. These discoveries are exciting a great interest. Many discoveries are, however, being made in our country that are remarkable, among which we may mention that of Haller's Pain Paralyzer which effects entire relief, and in many cases a complete cure of that terrible disease rheumatism, and which also relieves pain of all kinds. For sale by all druggists.

Restoration of Sight in a Day.
"Mystic Cure" for rheumatism and neuralgia radically cured in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75c Sold by F. G. Fricke, Druggist, wt

The Greatest Strike
Among the great strikes that of Dr. Miles in discovering his New Heart Cure has proven itself to be one of the most important. The demand for it has become astonishing. Already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arm, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heart drop. Dr. Miles' book on Heart and Nerve Diseases, free. The unequalled New Heart Cure is sold and guaranteed by F. G. Fricke & Co., also his Restorative Nerve for headache, fits, sprains, hot flashes, nervous chills, opium habit, etc.

Reduced Rates.
The B. & M. will sell tickets on the certificate plan at the rate of one and one-third fare for the round trip, as follows:

Mt. Pleasant, Ia., Oct. 23-25, annual meeting of the Y. M. C. A.
St. Louis, Mo., Oct. 22-25, annual meeting Brotherhood of St. Andrew.
Waverly, Ia., Nov. 10-12, annual convention Iowa Butter and Egg Association.
Des Moines, Ia., annual convention Iowa State Farmers' Alliance.

For many years Mr. B. F. Thompson, of Des Moines, Iowa, was severely afflicted with chronic diarrhoea. He says: "At times it was very severe; so much so, that I feared it would end my life. About seven years ago I chanced to procure a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It gave me prompt relief and I believe cured me permanently, as I now eat or drink without harm anything I please. I have also used it in my family with the best results. For sale by F. G. Fricke & Co."

Wonderful Success.
Two years ago the Haller Prop. Co. ordered their bottles by the box—now they buy by the carload. Among the popular and successful remedies they prepare is Haller's Sarsaparilla & Burdock which is the most wonderful blood purifier known. No druggist hesitates to recommend this remedy.
For sale by druggist.
