

John E. Marshall spent Sunday in Council Bluffs.

M. D. Polk is now connected with the Evening News.

B. K. Windham, of Greenwood, is in the city to-day.

Fred Herrmann was an Omaha passenger this morning.

Dr. T. P. Livingston returned yesterday morning from Chicago.

Mrs. B. S. Ramsey was a passenger this morning on No. 5 for Omaha.

Chas. L. Coleman, of Omaha, spent Sunday with his parents in this city.

Mrs. J. G. Richey is reported to be very sick at Excelsior Springs, Missouri.

The young ladies' of St. Agnes Guild give a leap year ball at Rockwood hall to-night.

H. M. Gault has been on the sick list for two or three days reported better to-day.

Register of Deed, C. C. Parmele, is reported on the sick list and unable to be at his office.

The adjourned meeting of the city council will be held at the council chamber this evening.

Bert Pollock is confined to his bed on account of sickness. He is reported better today.

J. C. Coleman and daughter, Miss Anna, were passengers on No. 5 for Omaha this morning.

CHOPPED FEED—Ground corn and oats in any quantity not less than 100 pounds at P. J. Hansen's grocery, one door north of post office.

H. C. McMaken returned this morning from Kansas City and reports that the farmers are busy plowing and sowing small grain.

W. I. Case, of Weeping Water, was a Missouri Pacific passenger yesterday for western Nebraska, but upon reaching Lincoln he was summoned to return home because of the sudden illness or some unknown accident that had befallen his wife.—Lincoln Call.

Phil Spencer, well known in this city, but now of Colorado, received notice through his agent, James Matthews, of this city, that he had been granted a pension of \$12 per month. Mr. Matthews is building up a good pension business, by the courteous manner applicants are treated at his hands, and a man does not have to wait a life time for his pension by placing the matter in Mr. Matthews hands.

The proprietor of the Greenwood corn cob pipe factory has offered to remove his plant to York if he can sell some stock so as to increase his working capital. What's the matter of the board of trade looking after this proposition; there is no use of a manufacturing plant moving out of the county, if the proprietor has to move, why not move to Plattsmouth?

The young men around town are having a good laugh at the expense of one of their associates. A certain young man, no names mentioned left last evening on the flyer for Pacific Junction for the purpose of meeting a lady friend expecting to catch the K. C. train and come back. But his anticipations were greater than his realizations. The flyer met the K. C. on the side track between here and Pacific Junction and he was carried on to the Junction. The young man had to wait in Pacific Junction two or three long and weary hours for No. 3 which was late. He finally arrived in Plattsmouth only to find another fellow had gone to church with his girl.

F. F. Rexford, has recently been experimenting with cooked corn meal as feed for hogs. He weighed four young hogs that tipped the beam at 655 pounds, shut them in a pen by themselves, weighed the meal and cooked it. In four weeks she had fed just sixteen bushel of corn, and on weighing the hogs again he found they had taken on 200 pounds of flesh, an average of 12½ pounds for each bushel of corn fed. This time included the coldest weather of the season, too, which would require more feed to keep up the animal heat. Corn is worth 27 cents per bushel in this market, and hogs are worth \$4.15 per cwt. Thus it will be seen that Mr. Rexford realized more than 50 cents per bushel for his corn. He will now try feeding corn meal raw and see if it gives as good results.—Weeping Water Republican.

Attention Committeemen. The republican city central committee is hereby called to meet at the office A. N. Sullivan Saturday evening, March 5, at 8 o'clock.

The Wedding of Two Prominent People of Cass County Occurred Yesterday.

A very pleasant wedding occurred yesterday at the residence of Wm. Barker at Eight Mile Grove, the contracting parties being Mr. Wm. Wetenkamp and Mrs. Martha M. Howard, Rev. Williams, of Mt. Pleasant, officiating.

Mr. Wetenkamp is an old and respected resident, of Cass county, while the bride is the daughter of Hon Samuel Barker. THE HERALD along with the many friends of the contracting parties extend congratulations.

Will Raise Tobacco. A dispatch from the Omaha Bee dated Columbus, Neb., says:

Some sixty or seventy of the farmers near here have expressed their intention of raising tobacco this season. The acreage each will plant will be small probably between fifty and seventy-five acres all told, and will be cultivated somewhat as an experiment, although the farmers are generally satisfied that the culture of tobacco is entirely practicable in this valley. Few of them, however, know how to raise the weed, and it is this knowledge they seek to obtain, and hence each will plant but a limited area.

World's Fair Notes. The main world fair buildings, exclusive of what will be necessary for their roofs and for their interior finishing, require 250,000 panes of glass and about 250 tons of paint. An expenditure of almost \$500,000 is necessary for these items. The great manufactures building requires 50 tons of paint and 30,000 panes of glass of 26 different sizes, the average size being 27x44 inches. In the transportation building will be 112 circular sashes, 12 feet in diameter each containing 37 lights; and 68 semi-circular sashes, 22 feet in diameter, having 60 lights each.

In the electricity building there will be 40,000 panes of glass, or more than in any other exposition structure. This building will be especially conspicuous at night as, owing to its extensive glass surface the brilliancy of its electrical exhibit will be strikingly visible from the outside.

The administrator building requires only 4,500 lights of glass, yet it will present finer artistic effects in glazing than will any other structure. The climax of ornamental glazing will be seen in a great ceiling sash in the mammoth dome, 300 feet above the floor of the rotunda. This will have 150 lights of many different sizes and of beautifully contrasted colors.

Platte Bridges Wrecked by Ice. FREMONT, Neb., Feb. 23.—The ice in the Platte river is breaking up with its usual destruction to bridges. Three spans of the wagon bridge at this place have gone out and communication with Saunders county will be cut off for a few days. The bridge at North Bend has likewise been damaged so that no crossings can be made. Saunders county farmers who were in Fremont when the bridge went out drove to North Bend to cross there only to find that bridge gone also. They then returned to Fremont and shipped their teams and wagons to Cedar Bluffs, on the Elkhorn road, thence driving home.

Mixed his Liquors. H. A. Dugay, the good natured conductor on the Omaha Southern relates an amusing incident that came near proving serious at his home in Plattsmouth Tuesday evening. The two cans in which he keeps kerosene and gasoline are alike in their appearance, and the man who engineers the oil wagon reversed the operation and filled the kerosene can with gasoline. In the evening our friend Dugay proceeded to fill the parlor lamp from the oil can, unintentionally using gasoline for a change. He discovered the mistake soon after lighting the lamp and was not long whistling for "down brakes." Luckily he succeeded in getting the flames extinguished, and the only damage was a broken lamp, a few burned fingers and a left handed blessing for the oil wagon.—Union Ledger.

A Victim of Christian Science. Mrs. Shadrack Cole, a long-time resident in this county, and living a few miles south of town, died last Tuesday morning from the result of a fall received a few days before. The old lady absolutely refused to have a physician called, being a disciple of the Christian science treatment, and died from internal hemorrhage. She was the wife of Shadrack Cole, deceased.

Gentlemen would not use "Blush of Roses" if it was a paint or powder, of course not. It is clear as water, no sediment to fill the pores of the skin. Its mission is to heal, cleanse and purify the complexion of every imperfection, and insures every lady and gentleman a clean, smooth complexion. Sold by O. H. Snyder. Price 75 cents.

Faith and Abstinence Dispensed With This Year in This Diocese, and the More Zealous Piety Urged.

Lincoln Journal: The following Lenten announcements were made in St. Theresa's pro-cathedral yesterday:

The Lenten season begins on Wednesday. The impressive ceremony of "Blessing the Ashes" will take place at 8 o'clock Wednesday morning.

Special Lenten services will be held every Wednesday and Friday evening at 8 o'clock in the pro-cathedral.

It will appear from the accompanying letter that the fast of Lent is dispensed with in this diocese for this year:

LINCOLN, Neb., Feb. 25, 1892.—Reverend and Dear Sir: You will please make known to the faithful committed to your charge that, on account of the prevailing sickness called influenza, they are dispensed by papal indulgent from all obligation of fast and abstinence during the approaching Lent. The use of fresh meat on Friday is forbidden. The customary Lenten devotions will be held in all the churches having resident rectors; and, in view of the unusual dispensation granted by the supreme pontiff, the faithful are exhorted to show themselves the more zealous in works of piety, in frequenting the sacraments, and in assisting in the divine offices of the church. By order of the right rev. bishop,

F. L. LOUGHRAN, Secretary.

Bitten by a Wolf. Fred Clugey is carrying his left arm in a sling as the result of the vicious nature of one of his pets. Fred has a great liking for curiosities and in his collection has a pair of wolves. On Thursday morning he was fastening a collar on one of them when it seized him by the arm and it required the assistance of his wife with a club to make the animal release him. His arm was badly lacerated and Fred will not feel disposed to lavish his affections upon the little pet for some time. He came to town Thursday and Dr. Wallace dressed his wounds.—Union Ledger.

Kleptomaniacs in New York.

"Do you know," said a member of one of the big dry goods firms recently, "that the weakness for priggish small articles of portable property, known as kleptomaniacs, has increased to such an extent among our customers that we now have a list of twenty-three women who rob us every time they come into the store. As they are all steady patrons of our house, and their annual bills mount up to a big sum in the aggregate, we let them freely indulge their shoplifting fancies. Afterward a clerk is sent to their homes, and the missing goods are returned either by the kleptomaniac herself or her relatives. Nearly every one of them is fond of taking some particular article, and the remainder are liable to lay hands on anything from a handkerchief to a box of gloves. The only drawback to this little system is that when we light on a bona fide shoplifter she invariably tries the kleptomaniac lay, and it is hard work to select the real article."—N. Y. Advertiser.

The Gulf Stream.

Three miles an hour is about the average of the gulf stream, though at certain places it attains a speed of fifty-four miles. In the Yucatan channel, for instance, where it is 90 miles wide and 1,000 fathoms deep, the current is not over a quarter of a mile an hour. In the Straits of Bimini the current is so rapid as to give the surface of the water the appearance of being a sheet of fire.

BELIEVE IN SIGNS. Current Superstitions in Various Parts of the United States.

In Mansfield, O., many years ago, it was generally believed that the seeds "Job's tears," worn around the neck, would cure goitre, as would amber or gold beads. Up through New England teaching children were presented with the same charm, which were kept at the drug stores to ward off sore throat and diphtheria.

In Michigan a double cedar knot is carried in the pocket to cure rheumatism, and in New Hampshire a man carried a gall from the stems of golden-rod for the same disease. A small white grub is in the gall, and he thought as long as the grub remained alive no rheumatism could get hold of him.

Hickory nuts, the buckeye and its cousin, the horse chestnut, which brings good luck in New Jersey, are foes to rheumatism in different localities. Some people wear a strange ring made of a potato, with a hole bored through it, for rheumatism, and carry a plain potato in the pocket. The charm is more potent if the potato has been stolen. Almost everything seems to have rheumatism-fighting properties, for in Southern Michigan a pebble in the pocket serves to ward it off.

A New Hampshire cure for sore throat is to wear about the neck a stocking, in the toe of which a potato has been tied. According to a Maine belief a nutmeg pierced and hung on a string around the neck prevents boils, croup and neuralgia. The effect of a Connecticut wooden nutmeg is unknown.

Among the negroes the most striking remedies are to be found. Witness the combination of cure and spell, described under the name of "conjuring a tooth," in Alabama. Go into a lonely part of the woods with one of the opposite sex, who is to carry an ax. The bearer of the ax chops around the roots of a white oak, cuts off with a large jackknife nine splinters from the roots of a tree, then cuts around the roots of the aching tooth with the knife, dips each of the nine splinters in the blood flowing from the cuts, and finally buries the splinters at the foot of the tree from which they came. While doing this the operator repeats something you don't understand, which is a charm.

From the same locality comes a curious remedy for chills and fever. Take the skin from the inside of an eggshell, go to a young persimmon tree three days in succession, and tie a knot in the skin each day.

On the eastern shore of Maryland biliousness is cured by boring three holes in a carefully selected tree and walking three times around it, saying: "Go away, bilious."

In parts of Massachusetts it is thought that if a girl puts a piece of Southern wood down her back, the first boy she meets will be her husband. In Boston if a marriageable woman puts a bit of Southern wood under her pillow on retiring, the first man she sees in the morning will, so says the superstition, be the one whom she is to marry.—Washington Star.

Murdered in Song.

"Say, Danny, it's tough on youse tea-ter blokes, an' it?" was the greeting which recently met a loudly uttered member of the variety "profess" as he supplemented his morning "draw one" and "stack of wheats" with a classic pose on the Bower house corner. "What's eaten yer, my funny friend?" was the haughty response. "Come, now yer don't mean to say yer haven't heard de news? Why, the Grand army men all over the country have signed der pledge to give variety shows der cold shake." "Say, is this on der dead level?" gasped the utterer. "Yer bet it be." "But why?" "Oh on account of 'Comrades' bein' murdered every night see?" He saw.—N. Y. Herald.

I feel it my duty to say a few words in regard to Ely's Cream Balm, and I do so entirely without solicitation. I have used it more or less half a year, and have found it to be most admirable. I have suffered from catarrh of the worst kind ever since I was a little boy and I never hoped for cure, but Cream Balm seems to do even that. Many of my acquaintances have used it with excellent results.—Oscar Ostum, 45 Warren Ave., Chicago, Ill.
