

TROTTS A MILE IN 2:04.

Nancy Hanks Breaks All Former Records.

BROTHERS BREAK JAIL.

Henry M. Downing Deserts the Democratic Party—The Democrats are Worried a Good Deal Over Gen. Sickles.

TERRE HAUTE, Ind., Sept. 28.—Six thousand people witnessed the record breaking events of today's races. Nancy Hanks was driven to beat her regulation track record—2:07.

At 4 o'clock, after some preliminary slow goings, she appeared with Bud Doble up, accompanied by Frank Starr behind the runner Abe Lincoln. The track received but little more attention than for the other races, beyond one extra scrape and dragging. The day was fair, not hot, and a light breeze started. Frank Walker gave the word and the mare started at full speed. The first quarter was reached in 0:31, the runner galloping furiously behind her. Her gait was steady as a steam driven piston. The half was reached in 1:02 1/4, the third quarter pole in 1:32 1/2, and the mile was trotted in 2:04 without a break or show of uneasiness or overdriving. The best quarter was twenty-nine and three-quarters seconds, and the last half was in one minute and one and one-quarter seconds. At the close tremendous cheering broke out. The crowd poured on the track. Doble was carried on their shoulders to the judge's stand, happy and smiling to bow his thanks.

President James announced the time 2:04 and the breaking of all kite and regulation track records. Doble was cheered again for keeping his promise to hang the best record over the Terre Haute track.

Another important record fracture was the breaking by Monbars, 2:14 1/4. Don Leather's great 3-year-old, of the 3-year-old stallion record, held by Axtell since 1889.

Monbars is by Eagle Bird, driven by George Starr, to lower his record. He trotted a mile in beautiful style in 2:11 1/4 on the same track trotted by Axtell.

ANOTHER DEMOCRATIC DESERTER.

NEW YORK, Sept. 28.—The Tribune says: Henry M. Downing, the editor of the Messenger, the paper that is published in the interest of the colored men of Brooklyn and elsewhere, who was an official under President Cleveland, is out in a letter declaring his intention to oppose the election of Mr. Cleveland. The letter is addressed to the chairman of the literary bureau of the democratic committee. Mr. Downing has been a life-long democrat and has worked assiduously for the democratic party. In giving his reasons for his action, he refers to "the numerous outrages" on his race in the south and the refusal of the democratic party to protest against them.

IT WORRIES THE DEMOCRATS.

NEW YORK, Sept. 28.—The Herald says: "The defection of Gen. Sickles is causing more concern to the national democratic committee than any fear of treachery from Tammany, because that is regarded as out of the question. Gen. Sickles at Washington praised Harrison for his friendship to the old soldiers and left in the minds of those who heard him no doubt that he wanted them to vote the republican ticket and expected to vote it himself. In a letter to General Collins, written in answer to a request that he would write out his Washington speeches probably so that they could be used as republican campaign literature, General Sickles has said: 'The men heard it and I meant it, and let us be content.' Now, the question arises, does Gen. Sickles intend to bolt Tammany and the Chicago nomination? He was not in the city yesterday so that he could not be seen on the question of all absorbing interest."

BROTHERS BREAK JAIL.

AUBURN, Neb., Sept. 28.—The three Summer brothers broke jail today by crawling up the elevator used to let feed down to the cells from the jailer's room above. The family of the deputy sheriff was at the fair and the sheriff, who was on guard, went across the court house square to the bank and when he returned they were gone. The men are aged twenty-one, twenty-three and twenty-five years, all slimly built, sickly-looking, two of light complexion and smooth shaven. One is dark, with black hair and moustache. The sheriff offers \$50 reward for each. They were in for house burglary and their trial was to be next month in the district court. The only trace known is that three men boarded the Missouri Pacific train at the crossing east of town at about 4 o'clock. They broke jail at 3 o'clock.

DON CARLOS STILL ON EARTH.

LONDON, Sept. 30.—The Standard's Vienna correspondent recounts an interview with Don Carlos, the Spanish pretender, in which the latter said: "No doubt, after the overthrow of Queen Christina Spain will become republican, but she will finally return to Carlist allegiance. I am on good terms with ex-Queen Isabella, whom I recently visited, but I cannot give up my rights. Our principles admit of no reconciliation. I have ordered my adherents to abandon the passive attitude they have hitherto maintained against Queen Christina."

DISPERSED MINERS STILL LIVE.

IRONWOOD, Mich., Sept. 30.—Two thousand miners worked all night taking turns in the Norrie iron mine seeking to rescue the men buried in the shaft by the fall of ground yesterday. Late at night signals were given and answered on an iron pillar which extends down into the drift where the men are entombed, showing at least that some of them are still alive. The scenes about the mouth of the pit are most harrowing. Abraham Thompson, one of the men in the mine, was rescued this morning. It is believed the other ten will perish before they can be rescued.

OLD, BUT WORKED WELL.

BEATRICE, Neb., Sept. 29.—A man giving the name of W. Strong put in an appearance in this city Tuesday evening and struck one of the down town groceries for a small bill of goods and offered in payment therefor a \$30 check, with George R. Scott's name signed thereto. The man was a perfect stranger and professed to have just sold a load of wheat to Scott, who operates a big elevator here, and George had hurriedly gave him this check. The grocer, knowing Scott's signature and form of checks, declined to accept it on the plea that he hadn't sufficient money on hand to cash the balance, but if Mr. Strong would wait a few moments he would go out and borrow sufficient money from a fellow merchant.

The fellow grew a trifle suspicious and concluded he would come in in the morning. Later he tried the same game on a butcher and others, but with poor success. In the meanwhile Scott had been notified and parties started out on the trail of the forger. Nothing was heard of him until today, when it was learned that he had succeeded in passing the check on U. S. Miller, a jeweler, in payment for \$2 repairs on a watch, Miller giving him \$28 change. The check was given on the American bank and his fraudulent was only discovered today when G. L. Miller undertook to deposit it. Strong has disappeared and Miller holds the check.

DISPUTED PATERNITY.

PLAINVIEW, Neb., Sept. 28.—Charles Gate was brought back from Cedar Bluffs yesterday. He is charged by Louisa Johnson with being the father of her illegitimate child. He was bound over to the district court in the sum of \$3,000 in default of which he went to jail.

CLEVELAND, O., Sept. 30.—Senator John Sherman spoke at North Fairfield, Huron county, today. It was his opening speech in this campaign.

paigned and he went into the Fourteenth congressional district, where there is a bitter fight with Congressman Harter, democrat, on one side and E. G. Johnson, republican, on the other. About 5,000 persons were present. Senator Sherman first reviewed the material progress of the United States and a protective tariff since 1861, claiming that all the prosperity was due to the republican policy. Then he said: "We stand by this policy. We maintain and defend it as constitutional and right, as beneficial to all classes of our people and as one of the best results of republican policy."

He reviewed the tariff planks of republican and democratic parties and denied the democratic charge that protection was a fraud upon the laborer for the benefit of the few. Since the protective tariff had become the settled policy of the country the laborer in the United States was confessedly better off than in any other country in the world at any time. This was shown in wages; in the enjoyment of civil and political rights; in the education of children; in social standing, and in the possibilities for the future. Protection was not fraud upon labor. Neither was it for the benefit of the few. No discrimination was made in the protective tariff in favor of the employer against the laborer. There might be differences of opinion as to wages, but the laborer was as free to choose his made of employment as was the employer.

Senator Sherman then discussed the constitutionality of protection and quoted Jefferson, Madison, Monroe and Jackson, who, he said, were all in favor of protection. Calhoun, he continued, first promulgated the idea that protection was unconstitutional in the days of nullification in 1833, and General Jackson said that if he tried to carry out his ideas he would hang him as high as Haman.

In conclusion the senator said it was for his hearers to choose whether they would carry out the idea of the confederate states and the free trade notions of commercial cities and of professional dukes whose only idea was that "it is English, you know."

OPPOSED TO FUSION.

TOPEKA, Kas., Sept. 30.—After a consultation lasting from 3 o'clock yesterday afternoon until 1 this morning, the leaders of the stalwart democrats prepared a statement for publication declaring for Grover Cleveland and appointing a committee to arrange for a mass convention to be held here on October 7th. This bold stand taken by the anti-fusionists has brought to a direct issue the fight between them and the fusionists. It has been virtually decided not to put a ticket in the field, but to defeat the old time democratic leaders by defeating the combination electoral ticket.
