THE DIAMOND ROBBERY.

An Omaha Merchant's Severe Loss Yesterday.

SHOW CASE PLUNDERED.

Ten Thousand Dollars the Extent of His Loss-Walked Quietly in. Helped Themselves and Then Left.

How It Was Worked. The Omaha Bee gives the following account of the big jewelry rob-

bery at Omaha on Thursday: "One of the neatest, quietest and most successful jewelry robberies in the history of theivery in Omaha was accomplished yesterday after

The victim was S. Jonasen and the thieves no one knows, for they have disappeared as effectually as if swallowed up by the earth.

Wednesday afternoon a stranger called at Mr. Jonasen's store on Farnam street between Thirteenth and Fourteenth and selected a mantel clock, paid \$1 down and left, saying that he would be back in the morning.

About 10 o'clock yesterday fore noon while most people were at home hiding from the gloominess of the day he returned and asked for his clock. There was no one in the store except the watchmaker, and the stranger on the pretext of looking over the stock led him to the rear end of the store behind a disused elevator shaft and engaged him in conversation. While they were there a confederate entered the store and went through the show case.

The store is nearly 100 feet long, and on the left side of the door is a show case containing nearly all the most valuable stock. There is a narrow passageway next to the door through which a man can squeeze to the rear of the case.

In the center of this case was a semi-circular plush cushion on which was a row of very valuable diamond rings, studs and pins. Outsidd of this was a row of solid gold watches. The door to this case in the rear was not locked and secured only with a bolt.

The thief worked very quickly and very effectively. A dozen or more plush cases containing valuable jewelry lay next his hand as he opened the door of the case, but they were not touched, probably on account of their bulk.

The row of diamond rings was taken, only one of the twenty-seven being left. Fifteen gold watches in the row outside the rings were gathered up and three were taken from another portion of the case. Two diamonds pins and five dia mond studs are also missing. The aggregate value of the stolen property will not fall far short of \$10, 000.

Mr. Banks, of the firm of Carson & Banks, manufacturing jewelers, was entering the store as the robber left, but he only gave him a casual glance and can give no description of the man, who walked out coolly and quietly as any ordinary customer.

Mr. Banks noticed that a lot of case, but there was no confusion and he supposed that Mr. Jonasen had put it away in the safe. In a few minutes after Banks' entrance the watchmaker and the man with the clock came to the front of the store and the latter walked away the clock under his arm.

The jeweler also noticed the vacant places in the show case but had no idea that the store had been robbed until Mr. Jonasen came down, when the police were notified and an alarm sent to all the officers in the city.

A watch has been put on all depots and other approaches to the city, but the thieves had at least an hour's start, and they have probably made good use of their time if long, with a blade eight and one all. Mr. Jonasen has furnished a compelete description of the stolen property, with all private marks and numbers, and an attempt to dispose of any of it will lead to the appre hension of the thieves.

The music boxes were kept in the disused elevator and two of the men got the proprietor behind the door while a third made an attempt on the show case. Knotts-Coon.

Following is the account of the Knotts-Coon wedding as reported by The Bee's Council Bluffs correspondent. L. G Knotts is a brother of A. B. Knotts of THE HERALD.

"An elegant wedding took place last evening in the Broadway Methodist church. Lemuel G. Knotts, one of Council Bluffs' young merchants, and Miss Estelle V. Coon were united in the bonds of matrimony, Rev. H. P. Dudley officiating. A large number of friends of the party assembled to witness the ceremony. At 8 o'clock the organ pealed forth the wedding march at the hands of Miss Luring and the bridal party entered the church. The ushers, Messrs. Walter Luring and Will White, headed the procession and were followed by the flower girls, Misses Marion Tilton and Elsie Pryor. The bride, beautifully attired in white, entered the church by one door, accompanied by her brother, Mr. Otto Coon, and Miss Niles as bridesmaid, while at the other door the groom entered. The party gathered at the front of the church, where Rev. Dudley in an impressive ceremony said the words that made them one. The bride is one of Council Bluffs' most charming young ladies, and the young couple have a host of friends who extend congratulations. They will begin housekeeping at once."

A Peculiar Case.

A rather peculiar accident happened to Julius Pepperberg last Sunday. While sitting at home reading a newspaper last Sunday morning he was bitten on the right had by a fly. Mr. Pepperberg had a slight abrasion on the skin of his right hand. It was a simple injury, not severe enough to break the outer cuticle. While reading he felt a sharp stinging sensation on the injured spot. A common house fly was biting him and he brushed it away with his other hand. Immediately Mr. Pepperberg felt a pain in his hand, but thought nothing of it. By evening, however, the pain and swelling had extended to the wrist. Mr. Pepperberg called on a doctor and had his hand dressed. The hand has been swollen all week and has caused him a good deal of pain, although it is getting along in nice style now.
