REPUBLICAN COUNTY TICKET. For County Attorney—A. J. GRAVES. For Senator—J. A. DAVIES.

THE free silver seceders insist that they are not influenced by local considerations, but the fact remains that they all happen to live in states where silver mining is a leading industry.

WHEN Cleveland speaks of "occupying the place of a private in the ranks," he manifests a disposition to do more for his party than he did for his party during the civil war.—Ex.

A PROTECTIVE tariff and sound money is the true republican motto for 1896, and with the experience of the last four years before the people, it goes without saying that it will win a decisive victory.

THE eastern democrats refuse to give up the fight for a sound currency platform at Chicago, and are bucking on their armor for a vigorous fight.

WHY doesn't Plattsmouth have a ratification meeting. The two candidates at the head of the ticket who reside here should see that some interest in republican success was awakened.

SEVERAL political savants in making up sure McKinley states are in the habit of classing Nebraska with the soft money democrats.

A LITTLE CURRENCY CATECHISM. Q. What is the whole body of currency of the United States today?

A. Gold, by means of which all the silver and all the paper are worth 100 cents on the dollar.

Q. What would be the effect if we would abandon the existing gold standard?

A. The entire quantity of silver dollars would be worth their weight in silver per ounce, which varies from week to week like the price of wheat.

Q. What amount of money would be thus withdrawn from the country if the silver standard should be substituted for the gold standard?

A. The \$475,000,000 of paper today worth 100 cents to the dollar on the existing gold standard would at once decline to 50 cents in a dollar on the silver standard.

Q. What would be the effect on the paper in our currency if we should substitute the silver standard for the existing gold standard?

A. The \$475,000,000 of paper today worth 100 cents to the dollar on the existing gold standard would at once decline to 50 cents in a dollar on the silver standard.

Q. By abandoning the existing gold standard for the silver standard, what then would be the first net result?

A. The loss to the country of \$1,154,500,000, every dollar worth 100 cents by reason of the existing gold standard.

Q. How can we keep all the money we have and keep every dollar worth to be worth 100 cents.

A. By preserving the existing gold standard.

Of unusual interest to every reader of this paper is the announcement made elsewhere in this issue by the St. Louis Globe-Democrat, unquestionably the greatest of American newspapers.

The mail subscription price of the Daily and Sunday Globe-Democrat is reduced at one blow, from twelve to six dollars a year, placing it within the reach of all who desire to read any daily paper during the coming great national campaign.

It is made up with special reference to the wants of every member of the family, not only giving all the news, but also a great variety of interesting and instructive reading matter of all kinds.
