COL. BRYAN is not in touch with the New York Journal and actually counsels moderation, and says we must have a report from the board of enquiry before passing on the Spanish Cuban war.

PHIL ARMOUR says we will have 60-cent corn before the end of the year, and here's hoping Phil's head has not lost its usual perpendicularity. Nebraska farmers would wear diamonds with corn at 60 cents.

J. STEELING MORTON'S new paper, The Dynamo, will be issued weekly and will no doubt take front rank in its class. The ex-secretary cannot brook the thought of being idle, and the Dynamo is supposed to furnish him all the amusement and recreation he will need with plenty of work for good measure.

THE clearing house show an increase last week of 54 per cent over the report for the same week one year ago. The increase is remarkable from the fact that each week shows the same handsome return of prosperity. McKinley and the tariff, with a settled financial question in favor of honest money, is what does the business and the people can't help noticing the change.

INFORMATION AND OPINIONS.

It cost \$26 to place on record the mortgage recently recorded in this county for the Rock Island railway. It was for \$100,000,000, and draws 3 per cent interest.

In Plattsmouth you can buy nineteen pounds of granulated sugar for a dollar, while in neighboring towns the ruling price is fifteen pounds. Good coffee is 10 cents per pound here and other groceries equally cheap. Eggs and butter are worth considerably more here than in other towns, consequently farmers can afford to drive fifteen and twenty miles to trade in this city.

Another Depot for Omaha.

President Horace G. Burt of the Union Pacific has another depot scheme on foot, says the Bee. It provides for the concentration of the terminals of all the railroads entering Omaha in the near vicinity of the site at present occupied by the union depot sheds. Plans are under consideration for the use of the Union Pacific's proposed permanent depot between Eighth and Tenth streets and Mason and Leavenworth streets by the Missouri Pacific, the Fremont, Elkhorn & Missouri Valley, the Sioux City & Pacific and the Chicago, St. Paul, Minneapolis & Omaha railroads, all of which are now using the depot at Fifteenth and Webster streets.

When these plans shall be finally carried out all the railroads entering and leaving Omaha will use the Union Pacific's permanent depot, except the Burlington's new depot to the location chosen for the Union Pacific's permanent structure will facilitate the transfer of passengers and baggage among all the lines entering the city and many of the advantages of a union depot will be secured to the traveling public, although the union depot will be located under two separate roofs.

Mr. Ward L. Smith, of Fredericktown, Mo., was troubled with chronic diarrhea for over thirty years. He had become fully satisfied that it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and its continued use cured him. For sale by all druggists.

DR. BLACK'S RHEUMATIC CURE.

..READ WHAT..

THE UNSOLICITED TESTIMONIAL SAYS.

LINCOLN, NEB., Dec. 28, 1897.—MESSRS. SMITH & PARMELE, Plattsmouth, Neb.—Dear Sirs: Find enclosed \$1 for which please send two boxes of Dr. Black's RHEUMATIC CURE. This is a case of long standing. The cure is proving very satisfactory. I think two more boxes will establish a cure. I could sell a number of boxes in this city.

Yours Truly,
CHARLES DEAN.

The above came to us unsolicited and goes to prove that DR. BLACK'S RHEUMATIC CURE is still at the head of the procession. We are preparing it in pill form, which makes it more pleasant to take than as formerly made in liquid form.

"Bob" Druedson, who is now in the city, is not here altogether on business. He mixes a little pleasure with his visit. Yesterday he was soon strolling about the western part of the city viewing the landscape and keeping his weather eye open for some other fellow's girl. "Bob" is all right, only he needs a little fixing.

A lady in this city is suspicious of having stolen a few quilt patches from a neighbor lady with whom she had disagreed and now a search warrant and a long siege of litigation is promised. The lawyers and justices, with faces long enough to eat out of a churn, look solemn and tremble for the outcome of so serious a travesty. When women fall out there is sure to be trouble.

The commissioners have been asked to turn over a warrant to the Missouri Pacific refunding the high school tax erroneously collected from that company some time ago. Since the county has been called upon to pay two prices for a town clock, the commissioners are loth to let loose of the warrant asked for. In this case they are operating upon the theory, "Be sure you're right, then go ahead."
