SPANIARDS MUST MOVE

Under Neutrality Laws Their Fleet Must Get Out AND LEAVE VERDE ISLANDS

And Seek Other Quarters—We May Have a Chance to Get at Them—Must Now Fight Our Navy or Run Away.

WASHINGTON, D. C., April 26, 3:30 p. m.—[Special to the News]—The Spanish bank at St. Thomas, West Indies, has collapsed as a result of the war difficulties with the United States.

The American torpedo boat Somers is tied up in English waters under the neutrality laws and cannot, therefore be brought into service.

The Spanish ship Panama, which left New York, April 20th, was today captured in Cuban waters by the American war ship Mangrove.

The neutrality laws compels the Spanish fleet to sail from Cape Verde islands tomorrow. It is doubtful if they will come out to meet the American navy.

The capture of a Spanish torpedo boat with 900 men on board reported.

When the Spanish fleet leaves the Verde islands it is believed here and hoped that the American fleet can get at her and try our mettle upon the seas.

Spain has concluded to recognize privateering.

General Blanco cables Madrid that he can defend Havana without the aid of Spanish warships.

Commander of the Spanish fleet at Verde islands says he will sail against the American squadron tomorrow, order or no order.

London, April 26.—An extraordinary issue of the London Gazette, issued this morning, contained the customary royal proclamation of neutrality, defending the attitude of British officials and British subjects during the war between Spain and the United States. It is identical with the proclamation issued at the time of the China-Japanese war.

Key West Fla., April 26.—The Newport is coming in with two prizes, a schooner and a sloop.

OMAHA, April 26.—The Thurston Rifles and the Omaha Guards leave here tomorrow morning for Lincoln to go into camp and await orders to go to the front.

He Was Turned Loose.

Jack Ellis the fellow who struck a drill officer of the volunteers Saturday night and who was fined \$5 and costs in Judge Archer's court yesterday, was today let out on his promise to be a better citizen and a better soldier in the future. He was very penitent and regretted very much his conduct that caused him to be incarcerated. He is anxious to become a full fledged soldier and go to the front and was given his liberty that he might join the ranks of the volunteers and go into active service. Drill master Groves was very lenient with the man and after giving him a good lecture on insubordination consented that he be set at liberty in hopes that he will be a better man in the future.

Didn't Do It.

Cam Klepser, the man who was arrested at Weeping Water a few days ago on the complaint of a woman, charging that he had criminally assaulted her, was in the city today. His hearing occurred yesterday and the court decided that he was not guilty as charged. Mr. Klepser states that the complaint was simply an effort to get money; blackmail and nothing less, according to the judgment of the court. The matter has been placed in the hands of the county attorney, but we doubt if anything comes from it. The woman is probably an adventuress.

There will be a special prayer and Sunday School business meeting at South Park church, Thursday evening, at 8 o'clock, for the purpose of reorganizing a Sunday School union or mission. The pastors and all Sunday School workers of the city are invited to be present and assist in this much needed work.

Today is the 79th anniversary of American Odd Fellowship. A celebration is being held at Auburn at which the grand officers are in attendance. W. C. Crawford and wife of this city are among the number enjoying the festivities.

New Improvements.

ANSWERING THE ROLL CALL.

This one fought with Jackson and faced the fight with Lee; That one followed Sherman as he galloped to the sea; But they're marchin' on together, just as friendly as can be; And they'll answer to the roll call in the mornin'!

They'll rally to the fight In the stormy day and night, In bonds that no cruel fate shall sever; While the storm-winds wait on high Their ringing battle-cry: "Our country—our country forever!"

The old flag above them is rippling down its rod— Each crimson stripe the emblem of the blood of heroes shed; It shall wave for them victorious, or drop above them—dead. For they'll answer to the roll call in the mornin'!

They'll rally to the fight In the stormy day and night, In bonds that no cruel fate shall sever; While their far-famed battle-cry Shall go ringing to the sky: "Our country—our country forever!"

—Frank L. Stanton.
